

ADDITIONAL LOCALS.

Ivan McGillvray, who graduated from the eighth grade of the Bend schools last June, came into town Monday to enter the high school at the opening of the school term.

Charley Etbredge, who for years has driven a freight team between Bend and Shaniko, is now taking a vacation, the first in five years. He will visit the A.-V.-P. exposition.

Joe Innes will soon have installed a gas lighting plant for his barber shop, which, with the fine new mirror case, will greatly improve the appearance of his place of business.

The roasting-ear crop in the Bend country is now coming onto the market. On several different farms where small patches of corn were planted there promises to be a fair yield.

Frank Basl is bragging on his potato crop, and well he may. Samples of his potatoes left at The Bulletin office are beauties—large, smooth and entirely free from blemish.

After spending the summer in Bend with his father, A. M. Lara, Morris Lara left recently for the East, where he will attend school during the coming school year.

Have you noticed the frequency with which Bend appears in the Portland newspapers lately? This town and section are receiving worlds of good advertising these days. It pays to boost.

Mrs. A. M. Lara tendered a 5 o'clock luncheon last evening to a few friends in honor of Miss Mittie Vandeventer and Miss Iva West. Miss West will leave tomorrow to continue her studies at Portland.

The Bend Concert Band went down to Redmond last Friday and gave a dance. They report that it was a very successful affair. A large crowd was in attendance, and the receipts were something over \$30.

The Merrill Drug Company will give a handsome Upton piano to some lucky person in Bend or vicinity. Nothing to equal this has ever been attempted in this section before. Read the particulars in their ad. in another column.

Order your winter's supply of wood now, and let me deliver it before bad weather sets in. It will cost you no more, and may save you running out of wood during the winter, as I will refuse to cut wood in the snow.—F. M. CARTER

The first operation for Bend's new hospital was performed, on Tuesday of last week, by Dr. U. C. Coe, Mrs. Will Bates being the patient. The operation was successful in every way, and Mrs. Bates is recovering nicely. Dr. Merrill assisted by administering the anaesthetic.

Appreciation of what the Ladies' Library Club is doing for the town is being shown these days by various donations to the Club. One of these, tendered during the past week, was the gift of a \$5.00 check by Mrs. C. S. Hudson, which, of course, was gratefully and thankfully received by the ladies.

Practically all the ranchers along the line between Bend and Shaniko have raised on the price of hay and grain, which is working something of a hardship on the freighters. It will probably result in increased

freight rates, which will mean that the consumers in Central Oregon will have to pay more for their merchandise.

L. C. Whitted and mother returned to Bend Sunday after spending the last few months at Portland, and will again take up their residence here. Mrs. Whitted was in rather poor health at Portland and they decided it was best to return to Bend. Miss Eugenia will remain there for some time for further treatment of her eyes.

Jas. Benham was in Bend Sunday. He reported that the new flume the Swalley people are building will be finished in about two weeks. It will be a fine structure, is very substantially built, and should last for years. Mr. Benham recently pulled the trees from an additional acreage and will have in about 100 acres of crop next year, 10 or 15 to clover, the balance to grain.

Powell Buttes.

A basket social is arranged for at the school house in district No. 72, for the evening of September 18. A good program is being arranged, but we expect the baskets will make the real hit of the evening. At the close of the program the baskets will be sold to the highest bidder, C. H. Ellis acting as auctioneer. The object of this social is to give everybody a good time, (and to get lamps and an organ for the school house). So everyone come, and all the ladies please bring a basket.

Mrs. Chas. Niswonger, who has been quite ill lately, is slightly improved.

Pearl Fulkerson has bought several head of dairy cows over in the Valley and has gone after them. Mr. Fulkerson has about 25 acres of winter oats that will be very fine pasture for milk cows.

We are sorry to learn that Mr. and Mrs. G. A. Elliot are to leave us soon. They may, however, settle in some nearby town.

Chas. Niswonger and family will also be moving soon. They will locate in Bend.

The hum of the threshing machine these days is perfect music to the ears of its new settlers who came from the wheat country "back home."

JUST THINK OF IT!

A Three Hundred Dollar Upton Piano Absolutely Given Away.

That advertising is now a science is again demonstrated practically to the buying public of this section by the wonderful advertising system now employed by the most enterprising business house of the Merrill Drug Co., who are going to give away ABSOLUTELY FREE to some one of their customers on July 1st, 1910, the beautiful UPTON PARLOR GRAND PIANO which will soon be on exhibition at their store. The Upton sells for \$300 and is a high class instrument in every respect, GUARANTEED by the makers for ten years. Just think of it! A Three Hundred Dollar Piano to be GIVEN AWAY! A few years ago, if a merchant was to have done such a thing he would have been considered a fit subject for an asylum, but conditions have changed, yet in the face of the enormous sum spent in advertising the fact of the Merrill Drug Co. giving away a \$300 piano is a stupendous undertaking and it clearly demonstrates their desire to be "always up to and a little ahead" of the spirit of the times.

Every purchaser of \$1.00 worth of goods from any department of their store will receive a coupon good for 100 votes on the piano and every purchaser of \$1.00 worth from their recently enlarged jewelry department will receive a coupon for 1,000 votes. The person presenting the largest number of votes to them on July 1st will receive the piano absolutely free. No favors will be shown and every person will receive an equal chance. The reputation enjoyed by the Merrill Drug Co. for "square dealing" insures this fact. We think the buying people will appreciate this extremely liberal offer on the part of the Merrill Drug Co., and we predict a lively scramble for votes.

The Cornett Stage & Stable Co.

It's the mail line, the only direct stage line from Shaniko to Silver Lake, by the way of Prineville and Bend. Stopover privileges and tickets good until used.

Notice

We are missing one sorrel mare, wearing bell, weight about 1,000 lbs., with shoe brand on right shoulder. Has a small slit in point of one ear. Has a swinging gate when walking and is a natural pacer under the saddle. Had a sucking colt on the range which was found with other horses. It stolen was taken between the 10th and 25th of Aug. We will pay liberal reward for any information leading to her recovery. If stolen we will pay \$100 reward for return of our mare and arrest and conviction of parties having her in their possession. These Patent Tension Shears FREE!

To BULLETIN Subscribers.

This latest and most useful Household Invention will be sent FREE, postage prepaid, to every new, cash-in-advance year's subscription to The Bulletin. If you are already a subscriber, send us \$1.50 on your own subscription and \$1.50 for a year's subscription for your neighbor or someone who is not now getting The Bulletin, and get a pair of these shears free.

If your subscription is about to expire you cannot afford to miss this opportunity to secure a pair of Shears whose cutting edge will never wear dull, and which will cut anything from wet tissue paper to a heavy horse blanket. A pair of these shears are given free to every new cash-in-advance subscriber.

The Tension Spring attachment does away with resharpening entirely and enables the user to set the tension on the rivet so that any kind of material may be cut with perfect ease without tiring the hand. The Tension Spring takes up all wear on the rivet, making the shears practically indestructible. A simple turn of the little thumb-screw, shown in the engraving, tightens up the blades as closely as may be desired. Any woman who has had the exasperating experience of trying to use a dull pair of shears can readily appreciate the value of the new invention WHICH KEEPS THIS PAIR OF SHEARS ALWAYS SHARP and in perfect cutting condition. No matter how many pairs of shears or scissors you may have around the house, you need this pair with the Tension Spring, and when you get and use it once, you will use it in preference to any other you may have. These shears are perfectly finished and heavily nickel-plated.

WE GUARANTEE

the quality of the material and workmanship in this pair of shears to be first class, that the Tension Spring device doubles the usefulness of the shears and does away with the need of resharpening. Furthermore, a Guarantee Certificate, by the manufacturers, accompanies every pair, agreeing "that if this pair of shears BREAKS or in any way becomes defective within FIVE YEARS from date of purchase it will be replaced with a NEW pair without cost."
