

ADDITIONAL LOCALS.

Fred Sherwood will leave Friday for Salem, where he will enter Willamette University.

Frank Orcutt and mother have located at Cashmere, Wash., and write to have The Bulletin sent there.

Librarian Wilson reports that the state books have been returned and that a new set will arrive in a short time.

Miss Dorothy Schoolcraft, who graduated from the Bend high school last June, left Monday for Eugene to enter the state university.

R. B. Mutzig on Monday sold an acre tract lying east of the M. J. Kelley place, to A. A. Anthony for \$800. Not a bad price for Bend real estate.

The Bend hospital comes forward with a record breaker in the presentation of its first baby to the world, a fine 12-pound girl having been born to Mr. and Mrs. Nick Smith at that institution yesterday morning.

D. E. Rockfellow, who has been employed as draughtsman for the D. I. & P. Co., has accepted a position with the Oregon Trunk Line and is now the engineer in charge of the crew camped about two miles north of town.

Sherwood Bros. have contracted with a few persons to sell them oat straw, after threshing their crop, at \$10 per ton. That's a pretty good price for straw, isn't it? And evidence that any and everything in the hay line is certain to bring a high figure during the next two or three years.

Henry Linster has returned from his trans-mountain trip to the Valley, bringing back with him a fine supply of fruit. He had the misfortune to lose one of his horses, the animal giving up the ghost when they were about 40 miles from any habitation, which made the loss doubly hard on Mr. Linster.

L. A. Shaw, who recently bought the corner lot directly east of the Hotel Bend, announces that he will soon begin the construction of a building on it. The new building will be 25x60 feet with 14-foot posts. Contractors are already figuring on the job, and work will commence as soon as all arrangements can be completed.

Ernest Griffin has received word from Mrs. Griffin that in passing through the Red river valley around Fargo, N. D., the train on which she was traveling got into a section where there had been a cloud burst, and in places the water was almost up to the steps of the cars. It required 12 hours to make a trip that is usually covered in less than two. Mrs. Griffin expects to return to Bend the latter part of the month.

J. J. Buckley arrived Saturday from Coeur d'Alene, Idaho, and will make his home at Redmond. His brother, W. J. Buckley, has sold a half interest in his teams and wagons to him, and now it is Buckley Bros. They have a contract for handling all the transportation for the Hill camp of surveyors that are camped north of town. They have one rig that they are especially proud of, a 15-passenger Racine light wagon, or carry-all, the equal of which is seldom seen with a surveying outfit.

S. A. Dutt brought in a sample of oats to The Bulletin office the other day that makes a very fine appearance. The oats stand to a man's shoulder and make a good showing of grain. They were seeded the last two days of May. Mr. Dutt was just beginning to irrigate them when the flume went out a few weeks ago, and says the growth was cut down about a third by lack of water at that time. But they make a very good showing just the same.

The Masons had an unusually pleasant session of their lodge last Saturday night. They had several candidates to put through the various degrees, and to give the event a little added interest prepared a banquet which was served about midnight. The wives of the Masons tendered their services and had general charge of the "spread," which, with such excellent ladies in charge, could have been nothing but one of the finest ever served in Bend. A number of Masons from the Prineville lodge came over to grace the occasion and assist in the degree work. They were: T. M. Baldwin, deputy grand senior warden, who appeared as proxy for the grand master; M. E. Brink, J. H. Haner, L. C. Winnek, D. P. Adamson, J. W. Boone, Dr. Rosenburg, Dick Vandeventer, Walter Vandeventer.

The Cornett Stage & Stable Co.
It's the mail line, the only direct stage line from Shaniko to Silver Lake, by the way of Prineville and Bend. Stopover privileges and tickets good until used.

Send 25c for three recent numbers of The Pacific Monthly, the magazine of the West, just to get acquainted. If you are not already a reader of The Pacific Monthly, you have a surprise in store. The Pacific Monthly is a live, up to date, splendidly illustrated magazine. Send direct to The Pacific Monthly Company, Portland, Oregon. 25-28

Tumalo Items.
TUMALO, Sept. 13—Will Sigerson of Prineville was in Tumalo yesterday.
F. C. Rowlee of Bend and John Edwards stopped in Tumalo yesterday for dinner.
Mr. Spoo and son Herman returned from the Valley Friday after several weeks absence on business.
A bunch of land seekers passed through here Saturday going to the Sisters country. The railroad boom is bringing lots of new people into the country. It sounds good as we hear the heavy blasting nearly every day.
G. W. Wimer & Sons are binding their oats, which are much heavier than they expected them to be. It requires over two pounds of twine to the acre.

A Good Indication.
That "business is good" in Bend is clearly indicated when one of our merchants is forced to break one of his invariable rules. This rule is "never run an ad. twice without change" but this week he has been so busy that he could not get out the "copy." This means, with him, at least, that "business is good."

Notice.
We are missing one sorrel mare, wearing bell, weight about 1,000 lbs., with shoe brand on right shoulder. Has a small slit in point of one ear. Has a swinging gate when walking and is a natural pacer under the saddle. Had a sucking colt on the range which was found with other horses. If stolen was taken between the 10th and 25th of Aug. We will pay liberal reward for any information leading to her recovery. If stolen we will pay \$100 reward for return of our mare and arrest and conviction of parties having her in their possession. G. W. WIMER & SONS, Tumalo, Or., Sept. 1, 1909. 26

NOTICE FOR PUBLICATION.
United States Land Office
The Dalles, Oregon, September 2, 1909.
Notice is hereby given that the Northern Pacific Railway Company, whose post office address is St. Paul, Minnesota, has this 1st day of September, 1909, filed in this office its application to select under the provisions of the Act of Congress, approved July 1, 1893, (30 Stat. 597, 620), as extended by the Act of Congress, approved May 17, 1906, the E½ Sec. 19, SW¼ NW¼ Sec. 29, NW¼ NW¼ Sec. 29, Twp. 20 S., R. 12 East; SW¼ Sec. 23, Twp. 19 S., R. 11 East, W. M. (Serial No. 05230.)
Any and all persons claiming adversely the lands described, or desiring to object because of the mineral character of the land, or for any other reason, to the disposal of applicant, should file their affidavits of protest in this office, on or before the 18th day of October, 1909.
815 012 C. W. MOORE, Register.

NOTICE FOR PUBLICATION.
Department of the Interior,
U. S. Land Office at The Dalles, Or.,
August 21, 1909.
Notice is hereby given that
Richard King
of Bend, Or., who, on May 9, 1904, made Homestead (Serial No. 03169) No. 1359, for NE¼NW¼, E½NW¼, Sec. 20, and NE¼NW¼, Sec. 29, Twp. 19 South, Range 11 East, Willamette Meridian, has filed notice of intention to make final five-year proof, to establish claim to the land above described, before H. C. Ellis, United States commissioner, at his office at Bend, Oregon, on the 5th day of October, 1909.
Claimant names as witnesses: John Bloss of Sisters, Oregon; Arthur King, Joseph N. Hunter, both of Bend, Oregon; Vera W. Gile of Redmond, Oregon.
815-829 C. W. MOORE, Register.

These Patent Tension Shears

FREE!

To BULLETIN Subscribers.

This latest and most useful Household Invention will be sent FREE, postage prepaid, to every new, cash-in-advance year's subscription to The Bulletin. If you are already a subscriber, send us \$1.50 on your own subscription and \$1.50 for a year's subscription for your neighbor or someone who is not now getting The Bulletin, and get a pair of these shears free.

If your subscription is about to expire you cannot afford to miss this opportunity to secure a pair of Shears whose cutting edge will never wear dull, and which will cut anything from wet tissue paper to a heavy horse blanket. A pair of these shears are given free to every new cash-in-advance subscriber.

The Tension Spring attachment does away with resharpening entirely and enables the user to set the tension on the rivet so that any kind of material may be cut with perfect ease without tiring the hand. The Tension Spring takes up all wear on the rivet, making the shears practically indestructible. A simple turn of the little thumb-screw, shown in the engraving, tightens up the blades as closely as may be desired. Any woman who has had the exasperating experience of trying to use a dull pair of shears can readily appreciate the value of the new invention WHICH KEEPS THIS PAIR OF SHEARS ALWAYS SHARP and in perfect cutting condition. No matter how many pairs of shears or scissors you may have around the house, you need this pair with the Tension Spring, and when you get and use it once, you will use it in preference to any other you may have. These shears are perfectly finished and heavily nickel-plated.

WE GUARANTEE

the quality of the material and workmanship in this pair of shears to be first class, that the Tension Spring device doubles the usefulness of the shears and does away with the need of resharpening. Furthermore, a Guarantee Certificate, by the manufacturers, accompanies every pair, agreeing "that if this pair of shears BREAKS or in any way becomes defective within FIVE YEARS from date of purchase it will be replaced with a NEW pair without cost."

BEND, OREGON

DID YOU KNOW that a flow of natural gas under an enormous pressure has been developed in Harney Valley?

DID YOU KNOW that the visible indications point to Harney Valley as being underlain with one of the greatest deposits of light gravity oil in the world?

DO YOU KNOW what that means to Central Oregon? It means railroads and the development of all the resources of this great Inland Empire.

DO YOU WANT to share in the enormous profits that await those who first tap this immense pool of oil?

The Harney Valley Oil & Gas Co. offers you this opportunity. With stock selling at 5c per share (par value \$1.00) it is an opportunity unparalleled in the history of oil development. We will gladly answer any and all correspondence. Address,

Harney Valley Oil & Gas Company
BURNS, OREGON

Or, Call on CENTRAL ORE. REALTY CO., local representative.
