

# Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

Made by the J. C. Ayer Co., Lowell, Mass.

### Visiting Day.

Mrs. A was more shocked that amused when, in reply to her question, "Who was at Sunday school this morning?" her 4-year-old daughter said, "Everybody but Jesus."

"Why, my dear," said Mrs. A, "wherever did you get such an idea?"

"He was out visiting this morning," the little lady confidently said.

"Daughter," said Mrs. A, "who told you such a story?"

"Nobody didn't tell me, mother, but they just kept singing it over and over again: 'Jesus is calling. He's calling to-day.'"—Success Magazine.

### Latest Consumption Cure.

British and American physicians and students of tuberculosis are much interested in the claim authoritatively made in London concerning the success of a new treatment for tuberculosis discovered by William Dole, a layman. The nature of the treatment is a poultice containing acetic and chloride to be placed on the body near the affected membrane or bone. In about a week an ulcer is formed, connected by what is called a ray of inflammation with the diseased organ. This forms a duct through which the pus is drawn out. The ulcer needs to be carefully dressed twice a day with a certain salve. The cure of the diseased lungs is said to be effected in from four to six months.

## FAMILY COUGH SYRUP

Cures Any Cough in Five Hours. NEW PRESCRIPTION HERE.

Here is given the most effective cough prescription known to the medical world. It is a mild, active, tea, and this is what a body needs when suffering with cough and cold on the lungs. A cough or cold indicates poisons in the system, causing inflammation and congestion. Nearly all cough syrups relieve, but make the trouble worse by their constipating effects. This prescription not only relieves quickly, but it cures any cough that is curable. Get one-half ounce fluid white cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Mix in a bottle. Take for acute cough or bronchitis twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. A few hours' treatment will cure and heal the throat and lungs of all but consumptives. Cut this out and give it to some friend who may need it to be saved from an early death by consumption.
