In and look over our list of irrigated land. We have the largest list in Crook county and are satisfying investors every day. If you have anything to sell, let us sell it for you. We have more buyers than land. Come in and list your city property with us. Our list is almost exhausted and we have buyers waiting. Why pay rent when we can loan you money to build a house of your own. The interest is less than rent and, when you pay, you are paying for something of your own. Come in and let us explain the proposition to you. You will be glad you did it. We are agents for the Harney Valley Oil & Gas Company, the best stock proposition in Eastern Oregon. GENERAL NEWS NOTES.

FROM TWO HILLS 65 LBS.
 A veteran pioneer of Oregon, and one who has lived in Lake county 35 years, Mr. James Foster of Summer Lake, and his wife are in town. In order to show what a man of his years could do, he brought down some Gold Coin potatoes he raised himself, that weighed from 4 to 6 1/2 pounds apiece. He dug two hills for a neighbor. His scales weigh 50 pounds. The man took the two hills at 65 pounds and paid for them. It would be hard to estimate what a crop of such potatoes would yield per acre, but it would be something fabulous. Seeing it believing, and if we had not seen them, we would not have believed potatoes could have attained such monstrous size. One would have made a big meal for an ordinary family and had plenty to warm over for supper and breakfast.—Lake County Examiner.

BUYING BLOODED CATTLE.
 J. W. Gilchrist, the Paulina stockman, was in Prineville the last of the week, returning from Hay Creek with several registered Short-horn bulls, which Gilchrist Bros. had purchased from the B. S. & L. Co., to add to the thoroughbred herds on the upper Crooked river. Gilchrist Bros. recently purchased the Logan Short-horns and are building up a large herd of these splendid beef cattle, as are many of the other Crook county stockmen, and this policy is one that will attract wide attention to this district within a few years, as well as bring profit to the growers. The scrub and grade cattle don't look good to the ranchers in Crook county anymore. But if a breeder can show something fine he can readily interest our cattlemen and can usually find them ready to part with a fancy price if they have the animals that are good enough to suit.—Prineville Journal.

WANT DIRECT MAIL LINE.
 Since the Cornett Stage & Stable Co. has taken over the Wenandy stage line and made arrangements to divide the carrying of the mails from Shaniko to this section of the country, one on east route to Prineville and the other on a west route via Madras, a petition has been signed in Laidlaw asking the Cornett people to include Laidlaw in their route. The petition was numerously signed, in fact every one who read the petition signed it, town folks and the country folks alike who are served from this office.—Laidlaw Chronicle.

FOUR DEATHS IN ONE FAMILY.
 Four deaths from typhoid have already occurred in the Caswell family at Prineville within the past few weeks and another member of the family, a little boy four years old is still in the clutches of the disease and may not recover. The father and mother, one little girl and one boy have succumbed to the fever, their cases having been too far developed before the pitiful condition was discovered and proper medical attention received.—Prineville Journal.
