GENERAL NEWS NOTES.

NEW FLOUR MILL AT MADRAS—E. S. Isaacs, a milling man of Wailla Walla, expects to build a large mill at Madras. It is proposed to form a company with \$15,000 capitalization, and Isaacs hopes to get farmers at Madras to buy stock equal to one-third of the capitalization.

CLIMATE FAVORABLE TO FRUIT—D. Frank, a prominent contractor and builder of the Twin Falls country, arrived here a few days ago to spend the winter on his place near Redmond. Mr. Frank expects to set out an orchard on his place and says the climatic conditions are much more favorable here for fruit than at Twin Falls.—Hub.

FALL GRAIN DOING FINE—A 16 acre piece of Forty-Fold wheat that W. N. Ray of this place sowed the first week in September is showing up well. Samples taken from the field last week show the grain six inches high and the root five inches. This piece of grain is being grown in dry land without the aid of irrigation.—Chronicle.

MORE TELEPHONE LINES—The Deschutes & Harney Valley Telephone Company is the name of a new corporation that will soon file papers, according to Manager Louis Doonar of the Pioneer Telephone Company. The objects of the new company will be to build a line from Rosland to Silver Lake, to extend the Paulina line from Haradin to Burns, and to build a new toll line from Redmond to Madras via Culver and install an exchange at Madras.—Prineville Journal.

Shorter Items of Interest.

F. P. Cooper, president of the Hillman townsite company, says the Oregon Trunk Line will build a branch up Crooked river to Prineville.

Porter Bros. have just completed a second large warehouse at Shaniko, and last week unloaded two carloads of horses to be added to their freighting outfits.

Porter Bros. have leased a saw mill on the Deschutes near the Warm Springs ferry, and will manufacture their own bridge timbers and other lumber. Timber has been secured on the Matoles and the logs will be driven down that stream and the Deschutes to the sawmill.

Earl Benton, a young rancher who resided at Bend for several months, was married on Nov. 17 to Miss Clara Woods, Rev. Lilly officiating. Mr. and Mrs. Benton are excellent young people and The Bulletin extends best wishes. They will reside on the groom's ranch three miles north of Redmond.

Excursion to the Orient.

The Seattle Commercial Club is organizing an excursion to the Orient for business men, their families and connections, to leave Seattle by the S. S. Minnesota on December 22, and return about March 5, 1910. The Minnesota will touch Kobe, Yokohama, Nagasaki, Shanghai, Manila, and Hongkong. First class round trip will be \$250. Space for exhibit on board will be provided. Stops will be made of from one to three days at all ports, and seventeen days at Manila. Applications for full particulars and reservations should be made to J. M. Shawhan, chairman of the publicity committee, 700 Elder's Music Building, Seattle, Wash.

Short Course for Farmers.

In order to keep pace with the rapid development in the science, art, and practice of agriculture and home-making and to give those who find it impossible to take a regular college course, the Oregon Agricultural College is offering a Winter Short Course, which begins Tuesday, January 4, and extends for six weeks, and also a one-week course, better known as Farmers' Week, which begins Monday, February 14, and extends throughout the week. Instruction is given in either of the above courses in general agriculture, dairying, horticulture, mechanic arts, domestic science and art, and commerce.

There are also, no doubt, many mature farmers and housewives, well past the usual school age, who desire to acquaint themselves more fully with the most recent developments in their respective lines of labor. The work offered will be adapted to the practical needs of farmers, fruitgrowers, dairymen, mechanics, or of women in the home and also to teachers who desire to prepare themselves to teach elementary agriculture now required in our public schools.

The various courses are so planned as to provide the largest amount of practical information in the short time available. There will be no fee whatever for attending the exercises of Farmers' Week. Those who attend the other courses will be expected to pay a registration fee of \$1.00. In addition, students in the six weeks course in dairying will pay a laboratory fee of \$2.00 and a breakage deposit of \$3.00; those in mechanic arts will pay a fee of \$2.00 for woodwork; those in household science and art will pay a fee of \$1.50 to cover the costs of materials used in the course of the cookery, and each student will be expected to furnish her own materials for all other classes. Board and lodging may be had in Corvallis at \$3.50 to \$4.50 per week.

No entrance examination or other educational tests will be required; but no one will be received who is less than 16 years of age. Nearly 2000 men and women registered in these courses in 1909, their ages ranging from 16 to 50.

A pleasing and profitable feature of these courses will be a series of lectures by some of the most prominent men of the state—men who are especially well qualified by successful experience to speak upon some particular phase of agriculture.

What Christmas Present?

Which makes the better Christmas present—the 52 issues of The Youth's Companion, costing only \$1.75 for the whole year, or one book, costing \$1.50 to \$2.00?

In quantity, variety and value of reading The Companion excels. Is not such a paper, bringing every week into the home circle charming stories, articles on a thousand subjects by famous men and women, delightful short sketches, humorous anecdotes, and an infinite variety of other wholesome, entertaining reading—is not such a paper the very one for an appropriate, acceptable Christmas present? Think of it! In a year The Companion gives you as much reading as twenty 400 page books of travel, history, fiction, miscellany, biography and humor, and not a line in it that shakes one's faith in truth and honor, not a phrase that makes light of the things that are sweet and pure. Is it not a Christmas gift worth having—a Christmas gift that is "worth while"?

Send your subscription (\$1.75) at once so as to receive free all the issues of the Companion for the remaining weeks of 1909, as well as The Companion's "Venetian" Calendar for 1910, lithographed in thirteen colors and gold.
