this morning bought lot 8 in block  
2, for \$2,500, including the barber  
shop building, of Triplet Bros.

W. A. Hawes and Mr. Golding  
are recent comers to the Bend coun-  
try from Kennewick, Wash. They  
have filed on 320-acre homesteads.

Walter Hunt and Roy Foltz,  
ranchers in the Fort Rock country,  
spent Monday night in town on  
their way to Shaniko after freight.

with Rev. Mitchell Thursday night  
at 7:30. The choir is expected to  
be present at 8:30. Rev. Mitchell  
will preach morning and evening  
Sabbath next, Dec. 12.

E. A. Sather has bought new  
gas lights, the hollow wire system  
with the vapor lamps, and will have  
them working as soon as they can  
be installed. They are the best  
gas lamps we have ever seen.

Silvertooth's freighting team of  
Silver Lake reached Bend last Fri-  
day night, 15 days having been re-  
quired to make the trip from Shan-  
iko. The roads are in a dreadful  
condition, according to all reports.

The man who has been deliver-  
ing apples in Bend from the Cove  
reported last week that there were  
five or six miles of grade completed  
this side of Madras, ready for the  
ties and rails, on the Harriman  
road.

H. Brookings, one of those who  
have recently filed on homesteads  
on the High Desert, has come to  
stay and is already getting ready to  
make his home there. The Bulletin  
will be a weekly visitor to his  
house.

Mr. and Mrs. Roscoe Howard  
left Sunday morning for Portland.  
Mrs. Howard is planning on spend-  
ing the winter in the Oregon met-  
ropolis and if she decides to re-  
main there will return to Bend later  
to get her little daughters.

The Merrill & Wilkinson Co.  
met with an unfortunate accident  
last Saturday while out on the  
High Desert with their auto. The  
driving shaft of their engine broke  
and it was necessary to haul the  
machine into town with a team.

At the home of Mr. and Mrs.  
Herbert Whitsett last Friday oc-

days old. The bereaved parents  
have the heartfelt sympathy of  
their many friends.—Madras Pio-  
neer.

M. J. Danielson has returned to  
Bend after his trip to Portland and

also superintend the building of the  
new bridge leading to the mill,  
work on which has already been  
started.

Innes & Davidson are putting in  
their new hollow wire gas lights  
this week. The lamps and wire  
arrived but the tank was delayed  
and as soon as that most necessary  
part of the plant gets in, the barber  
shop will shine forth in a bright  
new light.

Bend got another touch of real  
winter last Sunday night when the  
government thermometer dropped to  
11 below. Snow storms during  
the first of the week have given us  
16 inches of snow, and as we go to  
press the skies are lowering and  
threatening more of the beautiful.

Stanley and Roy Pierce, sons of  
J. F. Pierce, reached Bend last  
evening after a hard trip in from  
Shaniko. They brought in one

Pierce and the two sons are moving  
out to their new home on the for-  
mer Francis place.
