### GENERAL NEWS NOTES.

**SURVEYING FOR ELECTRIC LINE**  
J. G. Huston, who is connected  
with the Opal City Townsite Co.,  
located just north of Crooked river,  
has a party of surveyors at work  
on the Opal City Electric Line,  
which will run between that city  
and Prineville. County Surveyor  
Rice has charge of the party. The  
present survey is being run on the  
south of Haystack Butte and  
through the Lamonta country, and  
will cross the divide on the south  
side of Grizzly Mountain in the  
vicinity of the present county road.  
The grades will be easy from this  
point to Prineville.—Madras Pion-  
eer.

**PRINEVILLE'S WOOD FAMINE.**  
At the worst time of the year,  
Prineville is threatened with a wood  
famine, and those who laid in a suf-  
ficient supply earlier are indeed to  
be congratulated on their foresight,  
accidental or otherwise. A num-  
ber of men are engaged in hauling  
wood to the city, but it seems they  
are not equal to the occasion, so  
that no one here is heard to com-  
plain of the heat.—Review.

**SUCCESS WITH TOMATOES.**—A  
D. Parks, who lives near Laidlaw,  
is one of the successful farmers in  
raising small garden truck, and he  
states he has raised tomatoes ever  
since he has been here, and has  
had them ripen. He said of course  
it took some care to ripen them,  
but those who said they could not  
be grown in this soil and climate  
were mistaken.—Chronicle.

**MUST SECURE LICENSE.**—The  
county court of Lake county has  
ruled that it is necessary to secure  
a state license before one can legally  
engage in the sale of near beer.  
The county court asked District  
Attorney Venator if near beer did  
not come under the state law in re-  
gard to the sale of malt liquors,  
and the district attorney held that  
it did. Lake county purveyors of  
near beer will have to secure  
licenses hereafter.

**COLD WEATHER.**—Eight below  
zero was registered Monday night.  
The weather moderated almost im-  
mediately, however, and a good-  
sized snowfall resulted. The  
streams are up too much for forma-  
tion of ice and cutting that com-  
modity will have to wait for better  
conditions.—Review.

### Shorter Items of Interest.

Mrs. A. D. Hatton, who was in-  
jured in a runaway down Grizzly  
mountain, is recovering nicely.

A new road from Redmond to  
Prineville, not exceeding 18 miles  
in length, is now assured, says the  
Hub.

Prof. A. L. Ashby, principal of  
the Prineville public schools, has  
resigned to take up work with the  
Oregon Life Insurance Company.

T. J. Brattain died on Friday,  
Dec. 3, at his home near Paisley.  
Mr. Brattain was one of the very  
earliest settlers in Lake county,  
having moved there in 1873.

The Laidlaw Chronicle says that  
a representative of the O. R. & N.  
Co. has been at Cline Falls for  
some time looking over that power  
site, taking measurements, seeking  
information as to the ownership of  
property in the vicinity of the Falls,  
and getting other data. It is  
thought the O. R. & N. Co. may  
secure control of the falls, and in-  
stall a power plant for electrifying  
the new Deschutes railroad.

Mr. and Mrs. R. L. DeCourcy  
have been spending a few days in  
town. Mr. DeCourcy has just re-  
turned from working on the new  
bridge at Trail Crossing, the crew  
having been laid off on account of  
the bad weather. He reports that  
they are building a fine bridge  
there, and with the new grade—not  
to exceed six per cent—the crossing  
will be greatly improved. Mr. and  
Mrs. DeCourcy expect to go out  
to Madras and possibly on to Port-  
land.

### Tumalo Items.

**TUMALO, Dec. 12.**—The warm wind  
and rain of the past few days is making  
the snow disappear very fast in these  
parts. About 23 inches of light snow  
fell here from Saturday till Thursday of  
last week.

John Howard and son and a Mr. John-  
son of the lower desert were in this  
section yesterday gathering some stray  
cattle.

Mr. Spoo took advantage of the snow  
fall and moved the sawmill boiler and  
engine to the new mill site at Gist, haul-  
ing them on sleds.

Ellis Edgington and C. L. Wimer  
were doing business at Bend last Friday.  
Jess Root is visiting at home now,  
having returned from Madras where he  
has been working on the railroad.

We are glad to hear that Miss Emma  
Spoo is recovering nicely from an at-  
tack of the fever and is now able to sit  
up again.

We are glad to hear that Mrs. Jack  
Wimer's brother, Ernest Umphlett, of  
Glendale, Or., who has been dangerously  
ill with a case of ptomaine poisoning, is  
rapidly recovering at Portland, where  
he was taken to a hospital, from Grants  
Pass.

vate or improve said tract or cause the same to  
be done; that if there are any heirs of said entry-  
woman they are unknown to applicant, that said  
alleged abandonment was not due to employ-

given by due and proper publication.
