When a merchant is progressive enough to get out advertising matter that is new and unique and goes to the trouble to thoroughly cover the town with it, it becomes anyone to go over the town as carefully as did the merchant and tear down the advertising matter. This is what was done during the past week with A. M. Lara's "Third Housecleaning Sale" posters. It was a small and mean trick, and shows a small spirit. Whoever did it even went so far as to tear down the posters that were on Mr. Lara's own building. He is justly incensed and is offering a reward for information as to who did it. The culprit should be caught and punished.

WE ARE THANKFUL

To the people of Bend and vicinity who have so liberally patronized us during the last nine months, and who by their kind words and influence have induced their friends to do their business with their Home Bank.

During the nine months we have been in business we have increased our deposits from \$25,000 to over \$150,000, and have made a fair per cent on the investment for our stockholders.

It will be our constant aim to improve the service we offer our patrons, and we wish to assist every worthy enterprise now in or to be established in Bend during 1910.

We feel that the long delayed prosperity will be in full sway in the Bend country during 1910 and that unlimited opportunities will be open to the man who is able to accept them.

A Bank account in the First National Bank of Bend will enable you to take advantage of some of these opportunities.
