

# WHY YOU SHOULD TRADE AT LARA'S

**Because--** Lara's is the only store in Bend that is absolutely on a cash basis. It is an absolute fact well known to every business man that the store doing a credit business MUST stand a loss of from 10 to 15 per cent of all of their accounts and that this loss MUST be made up by an extra profit on the goods sold. This means that the man who pays his bills at the "CREDIT STORE," pays for goods the "other fellow" got and did not pay for.

**Because--** Selling for cash only, we do not have to add any percentage for bad bills. You get full value for your money, and there is nothing added to your bill to pay for the "Other Fellow's" goods.

**Because--** Every article that leaves our store carries with it an absolute guarantee, that it will give you perfect satisfaction, or we will return your money and throw in a smile beside.

**Because--** Our stock is always fresh and clean. We do not carry goods year after year. Two "House Cleaning Sales"—in January and July—dispose of all our seasonable goods, and leaves our shelves clear for new merchandise.

**Because--** We tell you through the columns of the Bulletin when the new goods arrive and the prices they can be bought for. Our SPECIAL SALES are always interesting and the economical housewife can save many a dollar by taking advantage of them.

**Because--** Our line is always up to date and we carry novelties and high class goods not usually found in a city the size of Bend.

**Because--** Well—ask your neighbor why she trades with us and she will tell you that she can do better there than anywhere else, and after all that is the real reason

A petition has been sent into the postoffice department asking permission to change the location of the Bend office to the rear of the building that has been occupied by the Harry Hill meat market. The owners of that corner have agreed to put up a building there, facing Oregon street, and Postmaster Minor desires to move as the present quarters are not large enough for the growing needs of the office.

County Judge Ellis and Commissioners Bayley and Rice were here today to confer with Thomas Phillips, the stone contractor of Portland, in regard to repairing five pillars in the stone work of the basement of the new court house. It was about these pillars that such a howl went up about the building falling down shortly after it was accepted by the county. The pillars are to be taken out and better ones put in. Mr. Phillips is to do the work by the day.—Journal.
