"THE BIG STORE"

We Are Strictly Headquarters for Building Material and Ranchers' Supplies.

We have just received a solid car of barbed wire and nails, half a car of doors and windows, and we always carry a large stock of building and roofing papers. We are also exclusive agents for the John Deere Plows, the Ironclad Moline Wagon and the Pittsburg Perfect Fence. These three stand strictly at the head of the list. There is no wagon, plow or fence that is "just as good." You may be offered other lines that are claimed to be "just as good" at 5c or 10c less, but even these prices are not made until our prices are advertised. Try it yourself and see if this is not strictly correct.
