John and the Franchisee.

A woman suffrage lecturer in England recently brought down the house with the following argument: "I have a vote, but my groom has. I have a great respect for that man in the stable, but I am sure if I were to go to him and say, 'John, will you exercise the franchise?' he would reply, 'Please, mum, which horse has that?'"

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

JAPAN'S NEXT WAR WITH U. S.

Magazine Predicts Trouble With America in 1915.

Opening of Panama Canal, Chinese Affairs and Immigration Probable Cause of Hostilities.

Victoria, B. C., May 26.—T. Nakahashi, president of the Osaka Shosen Kaisha, who recently visited America as a member of a commercial commission, contributes an article to the Tai Yo, a Tokio magazine received by the steamer Inaba Maru, stating his belief that the next war waged by Japan may be with America. The immediate issues at stake are the immigration and Chinese questions.

Mr. Nakahashi, after dealing with Japanese immigration in Hawaii and the United States, goes on to consider United States policies and says:

"While the relations of Japan and America have been friendly for 40 years, they may change in character, the increase of Japanese armament having affected American feeling toward Japan, and there is a suspicion of Japan regarding the Philippines."

By 1914-15, Mr. Nakahashi says, the Manchuria, China and Philippine questions and others will require serious study. The article concludes:

"Altogether the relations between Japan and America will become delicate in 1914-15, when the Panama canal is completed, and the Japanese must constantly endeavor to solve the situation beforehand and avert a crisis."

Japanese newspapers devote much space to argument for naval increment, and the next session of the diet will see great debate on this question.

The Asahi, of Tokio, completing a series of articles in which the necessity of renewing many of Japan's fighting ships and the disparity of Japan's navy compared with other powers is dealt with, quoted a naval official as stating that in order to equal the Western powers, excluding Great Britain, construction of 25 fighting units during the next 10 years at an outlay of over \$200,000,000 is necessary, this being based on a fleet of battleships and armored cruisers. The Asahi questions the efficiency of Japanese-constructed warships in comparison with those of Western builders.

\$8,000,000 IN GOLD COMING.

Bullion to Total \$800,000 Already on Way From North.

Seattle, Wash., May 26.—Eight hundred thousand dollars' worth of gold was shipped from Fairbanks to Seattle, marking the beginning of the movement of the season's output of precious metal.

A cablegram from Fairbanks to the Washington Trust company, of this city, stated \$700,000 worth of gold bullion had been shipped. The National Bank of Commerce also received a message from Fairbanks that \$100,000 was en route.

The gold is expected to reach Seattle between June 10 and 15. The first gold shipments this year are a week or ten days earlier than usual and represent the first clean-up. The gold was shipped via Lake Le Barge, the White Pass and Skagway.

The Fairbanks camp this year will produce between \$6,000,000 and \$8,000,000, according to mail advices just received.

Russians Lured to Hawaii.

New York, May 26.—Two New York lawyers and the editor of a Russian paper of this city will go to Washington tomorrow to seek aid from the department of commerce and labor for Russian peasants imported from Siberia to the Hawaiian islands to work on sugar plantations. Those in charge of the movement say the Russians have been treated virtually as slaves, thrown into jail on trumped-up charges and many of them left destitute and starving. They were lured to the islands under false representations.

Two See Comet, Fall Dead.

Tallahassee, Ala., May 24.—The appearance of the comet last night caused intense excitement here. Congregations of several churches left their pews and hundreds of persons stood excited in the public square and gazed at the celestial visitor. Miss Ruth Jordan was called to the door of her home to see the comet and immediately fell dead, physicians assigning heart failure as the cause. A negro was shown the comet and instantly dropped dead.

Secret of Ages Sought.

Scranton, Pa., May 26.—Dr. F. W. Lang, of this city, today explained the circumstances that are said to have led to the death of C. C. Dickinson, of New York, ex-president of the Carnegie Trust company. Dr. Lang says that Mr. Dickinson, greatly interested in a process which he says will transmute base metal into silver, left a chair in which he had been instructed to sit, and leaning over a furnace heated to 4,000 degrees, inhaled the fumes.

100 Lose Lives in Fire.

Victoria, B. C., May 26.—Details of the disastrous fire at Aomori, North Japan, in which 100 persons were burned to death and 8,000 of the 11,500 buildings were razed, with loss of \$2,000,000, were received by the steamer Inaba Maru today. The burned area is one and three-sevenths miles long and a quarter of a mile broad.

WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs and Elixir of Senna. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Only those who buy the genuine Syrup of Figs and Elixir of Senna can hope to get its beneficial effects, and as a guarantee of the excellence of the remedy, the full name of the company—California Fig Syrup Co.—is printed on the front of every package, and without it any preparation offered as Syrup of Figs and Elixir of Senna is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs and Elixir of Senna is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere; one size only. Regular price 50 cents per bottle. Get a bottle today to have in the house when needed.
