FRENCH JEWELRY

We have just received an entirely new line of French Jewelry in a variety of articles and patterns. Come in and see it before the assortment is broken. It is an extremely tasteful line and will make mighty acceptable Christmas presents.

ONCE again Thanksgiving is approaching. Already there seems to come to us the delicious aroma of the turkey browning in the oven or the juicy mince pies on the warming shelf above. Through our minds eye we are picturing to ourselves the shaking mountain of cranberry jelly and the steaming plum pudding.

At this season the plainer and more substantial foods are relegated to the background and we crave the nice things--things a little out of the ordinary.

Thanksgiving Day is almost here. It is time to be planning that Thanksgiving dinner.

We offer here a few suggestions of Good Things to Eat and Furnishings for the Table. These are merely suggestions and represent but a small part of the stock we carry. Come in and see us--we have everything you need to make this Thanksgiving dinner one for which your family and guests will rise up and call you blessed.

ABSTRACT TALKS.

Ownership by Heirs.
 It happens that a man dies owning real estate without having made a will.
 The title passes by force of law to the heirs of the deceased. They each then hold an undivided interest.
 If there are five, the deed of four will not convey a perfect title.
 Such an incomplete conveyance is often the source of endless trouble.
 Should the purchaser not happen to know the existence of the fifth heir, he may be unconcerned of the flaw in his title, and may be evicted years afterwards through no fault of his own.
 Take no such chances. Demand an abstract.
