TO PLAY FOOTBALL.

Bend High School Athletic Association Organizes Team.

Last Friday evening the High School Athletic Association met, and accepted the challenge of the Prineville High School football team to play a Thanksgiving game at Prineville.

Warren Wheelock was elected captain of the Bend team, and M. S. Lattin offered his services as coach. Although the boys did not start practicing until Friday, they are now working out every afternoon, and Coach Lattin believes they will be in shape to make a good showing. The basketball teams of the two schools will also play on the evening of the gridiron contest.

Concerning Bend's Electric System.

That Bend expects to grow some is evidenced by the installation of a huge electric lighting plant over there last week, the first to utilize the water power of the Deschutes river. According to the Bulletin, the plant is of 135 horsepower, and consists of a 100-kilowatt Bullock generator with a 30 kilowatt exciter, it delivering an alternating current. Prineville's system is about 70 kilowatts in capacity. While the Bend plant will not be overloaded for a year or two the people comprising its ownership are to be commended for their enterprise and for anticipating the needs of a growing community.—Prineville Review.

Old Auto Buss Deserts Bend.

The Oldsmobile auto buss which was used in the Bend-Shaniko service in the first days of the auto road, and which for several years has decorated the premises of the late D I & P Co. has made its last trip from Bend. Mr. Howard sold it to Portland people, who will use it for delivery purposes in that city. After several days of bickering with its weatherbeaten mechanism the grateful craft was got under way and started out to seek Shaniko through the mud last Thursday.

Whatsoevers to Meet.

A meeting of the Whatsoevers will be held at the home of Mrs. Faulkner next Friday afternoon at 2:30 o'clock sharp, for the purpose of making final arrangements for the coming church bazaar. Representatives from the different church societies are asked to be present to assist in making plans.

Improve Wall Street.

The city authorities are having the surface rock on the east side of Wall Street, between Greenwood and Evergreen, removed. The rock will be used to wall up the west side of the street, as well as to improve the alley crossing north of the Pilot Butte stable.
