MRS. MAZO LOCKWOOD.

BEND, Ore., November 16th, 1910.

Mr. Business Man,
Bend, Oregon.

Dear Sir:

Has it occurred to you that nothing so indicates the character and business ability of a correspondent as the kind of stationery he uses?

If it's shoddy, poor paper and unattractive printing, you can't help thinking the writer must resemble his letterheads. But let the stationery be good---something out of the ordinary, something "snappy" in new tints, and well-arranged, attractive printing---and you'll find yourself favorably impressed even before you've read the letter.

Well, we have the stock for you to choose from---the largest and most varied assortment of attractive papers to be found in Central Oregon. There are many tints, many different kinds and finishes, from famous "Old Hampshire Bond" to the latest linen styles and colors in "Mail Order" and "Paragons." And we can do the printing---do it the way you want it done. And please remember that we handle all kinds of job work---cards, leaflets, billheads, announcements, loose leaf systems etc. You can have your work done here in Bend, and have it done well and promptly. Also, it won't cost you any more than if you sent it to Portland---or Kalamazoo.

Hopefully yours,
THE BEND BULLETIN.

CRESCENT NEWS.

Several New Buildings Going Up and Planned--Many Fur Animals.

CRESCENT, Or., Nov. 21--With the completion of the extension of the Pioneer Telephone Co. line from La Pine to Crescent, announcement is made by the company that within a short time the line will farther be extended to Silver Lake from this point.

A considerable amount of building is in progress here or planned for the near future. Thomas & Rourke are constructing a livery barn on Railroad avenue 50x60 feet. Adjoining this property F. L. Kulp of Bend will shortly begin the erection of a 2-story 50x60 building. At the corner of Main and Jones streets L. L. Fox plans, with J. H. Wenandy, to construct a 2-story frame building 50x75 feet and adjoining it a 1-story structure for a barber shop. Another building planned for Main street is 50x70 feet 2-stories in height to be used for a hotel and restaurant. The telephone company, early in the spring, will construct an exchange building 25x50 feet.

Work on clearing Front street, one of the main thoroughfares of Wakefield 25 miles south of here, has been completed. J. L. Howard, road supervisor of this district, is engaged in putting the road in good condition between Crescent and that point.

The body of Arthur Huston, aged 14, who died of diphtheria, in September, at a sheep camp 20 miles up the river in the mountains, will be removed next week, by his father to Prineville where internment will take place on the Huston ranch.

F. C. Robinson, landlord of the Crescent hotel, and J. L. Ringo, engineer of the Hunter Land Co. of Portland, made a trip to Klamath Falls last week. Mrs. Ringo and two children, who have been visiting her parents, Mr. and Mrs. Charles Graves, accompanied Mr. Ringo home.

Game Warden Sid Dorris, accompanied by Messrs. Vandevent and Smith, visited the Crescent lake country last week, searching for a trio of horses which escaped from the warden in July.

William Slavin of Prineville piloted a party of sportsmen, who are bear hunting in the Walker range near here. A pack of hounds, trained in the pursuit of bruin, is being used.

Trappers who are stationed in the Odell lake country and in the Walker range east of here, report an abundance of fur-bearing animals.

The Lava Neighborhood.

LAVA, Or., Nov. 21--G. W. Shriner has moved his house to the river adjoining the Main ranch on the Fish Trap road.

Ducks and geese are very scarce on the river this fall. Fish are still running. Mrs. Shriner caught an 8-pound Dolly last week.

Mr. and Mrs. Robert DeCourcy, of Main and I. Meike were home last week from Prineville, where they are engaged on a county contract.

J. B. Sawhill is having his large home-

stead dwelling repaired so as to withstand all winter storms. Mr. Shriner is doing the work.

The New Town of La Pine.

LA PINE, Or., Nov. 21--Dan Ryvaloch, who contracted with the La Pine Town-site Company to clear all of the streets of the platted town, has completed his work.

Chris Anderson has completed the grading of Fourth street, and has opened a road from Fourth street to the river.

I. D. Stephenson has had his 60-acre farm fenced, and has let a contract to have the place cleared. He will also open an implement store here next June.

J. R. Morson has completed a 3-room addition to his house, five miles south of La Pine.

Pittman & Lombard, who have the contract to lay five blocks of sidewalk at La Pine are rapidly getting their work finished. The walks are all to feet wide.

J. N. Masten recently completed a livery barn 40x60. He has started work on a 26-foot addition. Cole & King have leased the barn for six months.

The Cornett Stage Co. is now keeping its teams at Cole & King's barn; formerly the horses were kept at Jeff Howard's barn at Rosland.

Frank Johnson is now building his blacksmith shop.
