CHRISTMAS TREE

INTERESTING PROGRAMME GIVEN AT UNION CHURCH.

All the Little Children Receive Remembrances From Saint Nick on Christmas Eve—Large Crowd in Attendance.

The Christmas celebration held at the Union Church Saturday evening was one of the best attended Christmas parties ever held in Bend. The building could not accommodate the crowd of old folks, as well as young, who wanted to see Santa Claus. Every child received a present, besides the customary box of candy, fruit and nuts.

Mrs. Charles Niswonger, who had charge of the evening's entertainment, had all of the children's parts well drilled, and the entire programme was rendered without any delays. That the programme was one that appealed to the children was shown by the encores to each number.

J. I. West, who played the role of Santa Claus, entered while the entire school was singing the last of the Santa Claus song. With the assistance of several young ladies he distributed the numerous presents that had been placed on the tree, which extended to the top of the building. The programme follows:

Song, "Joy to Everybody"..... All Prayers..... Reverend J. Anthony Mitchell

Address..... Reverend J. P. Vernon

Tableau..... 15 little girls

Recitation "Christmas Eve"..... Lottie Lattin

Solo..... Zetta Dickey

Reading..... Nan Fitzmaurice

Dialogue..... Nine little girls

Recitation..... Gladys Fleming

Autism..... Choir

Violin Solo..... Iva West

Doll Dialogue..... Four little girls

Dialogue..... Four boys

Recitation..... Margaret Thompson

Recitation..... Nina Spirling

Recitation..... Charles Triplett

Song..... "We'll Get Ahead of Santa Claus"..... By school

TO BUILD CHAPEL

Work on Episcopal Church to Begin Next Week.

Work on the Episcopal Chapel to be built on the lot facing the south end of Wall Street, at the intersection of Washington, will commence next week. Some of the lumber has already been delivered, and the rest of it will be on the ground within the next few days.

J. W. Dimick will have charge of the construction. The lot, which was given to the church by Mrs. A. M. Drake, is one of the most conspicuous near the business center of Bend. Bishop Paddock, who was here last summer, gave \$100 toward the new building, upon condition that the church raise \$300. Although the full amount has not been subscribed

as yet, the officers feel certain of their ability to secure it.

The building will be 24x34 feet, with a long sloping roof. It will be finished in rough lumber, which will be stained. The building to be erected will serve as the temporary home of the church, and as soon as a permanent building is constructed, this one will be used as a Guild Hall.

Laras Entertain Employees.

A. M. Lara & Co. was the host at a very enjoyable party Christmas afternoon and evening at the home of A. M. Lara. The guests included the employees of the store, the workmen engaged upon the new Lara residence and their families to the number of twenty.

During the evening Santa Claus paid a visit to the gathering and each one of the guests big and little was the recipient of a Christmas remembrance. Mr. and Mrs. Lara were presented with a very handsome cut glass bowl by the employees of the store, and the expression of good will from the workmen employed in the house took the form of a beautiful cut-glass vase.

In the course of the evening considerable musical talent was in evidence and at seven the guests sat down to a very appetizing supper.

Notice to Stockholders.

All stockholders of the Pine Forest Irrigation Company are hereby notified that the regular annual stockholders' meeting will be held in the McGillivray school house, seven miles south-east of Bend on Saturday, January 7, for the purpose of electing directors for the ensuing year and transacting such other business as may properly come before the meeting. It is highly important that all interested be present if possible, as the further construction and early completion of the ditch depends on action taken at this meeting.

E. GARRETT, Secretary.

Quiberg Foreclosure Case.

The testimony in the case of Carl J. Quiberg vs. W. J. Griffith and wife and Frank Paul, was taken before Referee H. C. Ellis on December 23. The plaintiff seeks to foreclose a \$4000 mortgage on the 160 acre Quiberg ranch near Sisters. T. R. J. Duffy and V. A. Forbes represented the plaintiff, and J. A. Wilcox the defendants. The case is on the circuit court docket, but was heard before Referee Ellis so that the testimony could be taken without having travelling expenses for the witnesses.

Christmas House-Warming.

Mr. and Mrs. H. J. Overturf entertained a crowd of 23 of the young people at a Christmas party at their new home in Park Addition Sunday night. A tree loaded with joke presents afforded amusement for all present. A short book of lyrics about the guests was also very interesting. After an "initial" game, light refreshments were served.

PLAY A SUCCESS

"TABLES TURNED" PRESENTED FRIDAY AFTERNOON.

A Good Attendance at the High School Entertainment in Linster's Hall—Christmas Tree and Games Add to the Merriment.

The Christmas party given by the Bend Public School last Friday afternoon at Linster's Hall proved a great success. The stage was artistically decorated with little pine trees, covered with cotton, to represent a woodland scene. The hall itself was gaily festooned with green boughs and red trimmings, and a huge red bell, from which hung a bunch of mistletoe, was suspended from the middle of the ceiling. A Christmas tree in its gay dress of pop-corn and tinsel added the Christmas touch to the scene.

The roles of the mortal children, "Norman" and "Dorothy," at whose suggestion a party was given for Santa, were well played by Calvin Smith and Marie Brosterhaus. "Santa Claus," Luetta Wornstaff, and "Little Christmas Gay," La Nora Morris, a present from the mortal children to Santa, were each very well interpreted. The little "Snow Flakes," led by Viola Brown, and "Jack Frost," Earl Culp, with his band of white clad "Frost Sprites," gave to the play an atmosphere of winter and the holiday season.

At the close of the operetta Santa distributed boxes of candy to all of the children, and then a happy and noisy time ensued. Numerous games were played by the children, and all entered into the spirit of the occasion. The high school pupils had a tree of their own, which was laden with many joke presents.

The party was a very enjoyable one for all present, and the faculty should feel repaid for their efforts, because of the many happy faces that were to be seen during the afternoon.

The faculty and school wish to publicly thank Henry Linster for his kindness to them in allowing the free use of the hall, the Bend Water, Light & Power Co. for furnishing afternoon lights and Mrs. L. W. Lindborg for her services, as well as the members of choir who assisted with the music.

MAKES GOOD BRICK

Clay Sent East by A. H. Horn Has Peculiar Qualities.

A. H. Horn, of the Bend, Brick & Tile Co., recently received from Ohio, a number of pressed brick made from the clay secured near the brick yards on the Barney Lewis homestead west of Bend. Some time ago Mr. Horn sent a sack of the clay to the Bucyrus Clay Working Machinery Co. of Bucyrus, Ohio, to be experimented upon by them.

The company reported that the clay contained peculiar qualities which would give the bricks made from it a large demand. There is but a small amount of clay possessing the same qualities in the middle states, and owing to the scarcity, there will be a great demand for the brick made from it.

The clay makes a dark red brick, and with the proper burning may be made almost black.

New Bond Street Building.

Mike McGrath, who has a three year lease on the corner at Bond and Oregon streets, formerly occupied by Peter Lehrman's blacksmith shop, has started the construction of a one-story building on the lot. The building occupied by the blacksmith shop has been torn down, and workmen are now engaged in putting in the foundation for the new building, which will have a frontage of 30 feet on Bond street.

Fined for Drunkenness.

As a result of their conceptions of Christmas spirit, four men were fined for drunkenness on Monday, by Recorder H. C. Ellis. George Morgan was fined \$15, and the fine was suspended provided he left town by sun-down. Morgan was so inebriated that he had to be taken to the jail in a wheelbarrow. Barney Mulligan was fined \$10 "Charley the Swede" and an Italian were each fined \$7.50.

NO SCORE GAME

FOOTBALL MONDAY AFTERNOON DRAWS LARGE CROWD.

Unsatisfactory Decisions for Each Team Causes Many Wrangles—Evenly Matched Aggregations Play Interesting Game.

The foot ball game between the Prineville and Bend "All Star" teams Monday afternoon, resulted in a 0-0 score. Although marred by many discussions, the game was interesting to watch, as the result was not certain until time was called.

The decisions throughout the game were very unsatisfactory. M. S. Lattin, and Dr. Rosenberg of Prineville, officiated as referee and umpire. As neither of the officials have ever played under the revised rules, it was to be expected that the decisions would not all be in accordance with the rules.

As for a comparison of the two teams, they were very evenly matched. During the first quarter Bend was able to go through Prineville's line for her yards; at other times it seemed to be impossible for Bend to make her distance. Prineville, on the other hand, was able to go through Bend's line for her yards with about the same ease, though often she was thrown back.

The punting was very good, and the two teams were about even in the distance gained by punting. The forward pass made more yards for the Prineville team than did straight bucking of the line. Bend did not try anything other than straight foot ball, and seemingly was not expecting any forward pass plays.

When the whistle was blown at the end of the second quarter, the ball was on Bend's 10-yard line, having been advanced from the center of the field by a well executed forward pass. The ball was in neutral territory a large part of the time.

There were several pretty plays during the game. When Prineville had the ball within about 15 yards of her own goal, Houston broke through the line, and with the aid of Kinneer, smothered a play which forced Prineville to punt from her two-yard line.

Richardson, in the latter part of the game, endeavored to drop-kick a goal, but was unable to do so as he had not caught the pass, clean. Had Bend tried to score by bucking the line, the result might have been different.

Prineville claimed a touch-down in the last quarter, but it was not allowed, as Brewster was 10 yards down the field before the ball was passed.

There were no injuries of any serious consequence throughout the game, although the pace proved too fast for some. Brewster and Ellis played the best game for Prineville, and Pringle, Houston, Steidl and Kinneer shared the honors for Bend. The line up of the two teams follows:

Bend: A. Thompson, R. Kinneer, J. Collins, R. Wilkinson, G. Newell, R. M. Connor, R. Lister, C. Vandeventer, T. Quinn, L. Melke, C. Lowther, S. Steidl, C. Coffin, P. W. Brackett, N. Weider, L. Bechtel, H. P. Kepple, A. R. Dorris, R. Brewster, A. M. Pringle, S. Ellis, W. Houston, R. McAllister, M. Richardson, S. Steidl.

Prineville Liquor Ordinance.

At a special meeting of the Prineville City Council held last Wednesday evening the saloon license was placed at \$8.00, payable in advance. All saloons must close promptly at midnight, and remain closed until 5 in the morning. Sunday closing, and the prohibition of gambling and music, are also embodied in the ordinance. A screen not more than five feet above the sidewalk is the only obstruction to prevent a clear view of the interior that will be allowed.

Odd Fellows to Install.

The Odd Fellows will install their officers for the ensuing term next Monday evening at their hall over the postoffice. The local lodge was organized June 20, 1910, and now has 38 members. The officers elect are: C. T. Butts, N. G.; N. P. Weider, V. G.; V. A.

Forbes, Secretary, Ralph Spencer, Treasurer, and O. M. Patterson, Trustee for three years.

Pay Shelf Books.

The following is a list of the books that have been ordered for the pay shelf in the Public Library: "Masters of the Vineyard".....M. Reed "Mistress of Shenstone"..... Florence L. Barkley "Red Pepper Burns".....Grace S. Richmond "Max".....C. C. Thurston "A Chariot of Fire"..... Elizabeth Stuart Phelps "Rest Harrow"..... Maurice Hewlett "Hamstead Quarries".....Mary E. Waller "The Land of the Caribou"..... Ernest Thompson Seton "Sonny"..... Ruth McEnery "Sonny's Father"..... Ruth McEnery.

Masons Install Officers.

About 55 were present at the installation of the new officers of the Bend Lodge A. F. & A. M. 139 last night. After the installation ceremonies refreshments were served. Besides the elective officers mentioned last week the following officers appointed by Master Redfield were installed: M. G. Coe, S. D.; J. S. Innes, J. D.; H. E. Allen, S. S.; J. C. Whitted, J. S., and J. Burrows, Tyler.

Mass Held Saturday.

Father Luke Sheehan held two masses at the Catholic Church on Saturday, at midnight and at 11 a. m. There was a congregation of about 40 present. Father Luke Sheehan is now stationed at Bend, and will hold mass regularly every Sunday morning.

ELECTION CONTESTED

Madras in a Pickle Because Law Was Not Observed.

At the Madras city election of December 6 Alderman Cook was defeated for re-election, G. V. Stanton receiving more votes. Thereupon Cook contested and the case came on for hearing before the City Council. The Madras Pioneer reports the result as follows:

After several witnesses had been examined by the attorneys, and the attention of the Council was called to the fact that the election board had failed to comply with the requirements as to the marking of the ballots of the persons who had sworn in their votes, so that they could be identified, and also failing to mark the name on the poll books, of these persons, a motion was made by Attorney Berglund for a dismissal of the case and that the council declare the election null and void on account of irregularities perpetrated at the election held December 6, 1910. Counsel for Mr. Stanton objected to this motion but was overruled by the city council and the motion carried by roll call vote.

Now Madras has no authority to order another election before next December and is in a considerable tangle. It is working under the same law that applies to Bend.

FOR SALE—Six of the finest lots in Deschutes, level, water by ditch and with city water. Next to new residence. Inquire Bulletin office.

Notice.

On Saturday, January 21, I will sell at my ranch on the River 1 acre road 20 miles south of Bend to the highest bidder, one brown horse, weight about 900 pounds. The horse was fed in my care by J. V. Wallace, of Rockwell, Ore., on June 13, 1910, to be pastured for two months. Dated Dec. 26, 1910. C. B. ALLEN.

NEW AUTO TIRES

OSCAR SLETO INVENTS ONE OF STEEL SPRINGS.

Henry Linster's Automobile Being Equipped With a New Type of Tire Invented by Bend Man—To Make Parts Here.

Henry Linster's automobile is being equipped with spring tires, the invention of Oscar Sletto, a mechanic employed at the Linster machine shop. The parts for the tires were made in Portland, and Mr. Sletto brought them back with him a few days ago.

The principle of the patent which is owned by Messrs. Linster and Sletto, is to use steel springs instead of rubber to take up the jar and vibrations. Fourty-four springs of band steel bent like a clamp with one part of the circle open, are each bolted to the inner side of the rim. The springs are of bands one and a half inches wide but circular so as to measure about six inches in diameter. A steel rim, riveted over the springs holds the outer edge to the rim. Six half-inch steel cables are fastened to the running surface of the springs by a small clamp, which is riveted to each spring.

This morning the car, equipped with one of the new spring tires, was driven about the streets, and seemed to work all right. However the cables had not been put on and one of the springs was broken.

The tire apparently has more good qualities than a rubber tire. It takes up a jar as well as a rubber tire, and should be far more durable. Although the exact cost of making the tire has not been determined, it will be a great deal cheaper than rubber.

As soon as the invention is perfected Mr. Linster expects to make a large supply of the parts and use them in equipping the automobile stage cars.

Woodmen to Install Officers.

The installation of officers of the Modern Woodmen of America will be held at the lodge hall over the postoffice on next Tuesday evening. The installation will be open to all Woodmen and their friends. The following will be the new officers of the lodge: M. J. Morrison, consul; R. E. Woolley, advisor; Martin Knutson, clerk; E. A. Sather, banker, and W. W. Orcutt, escort.

Dolls Awarded.

Miss Ruth Wornstaff received the first prize in the doll contest held by A. M. Lara & Co., with a total of 3463 votes. Miss Myrtle Dailey was given the second prize, having received 2703 votes. The contest began November 10, and closed at 10 o'clock Christmas eve. There were 9992 votes cast during the contest.

New Years Greeting to You.

"Where there's a will there's a way" is an old and very true saying, and in nothing does it apply with more force than in the matter of saving money. EVERYONE should start the New Year with a resolution to save some part of his earnings, as it is not what one earns but what he saves that makes wealth.

TWELVE MONTHS OF PROSPERITY

"We confidently believe that the heading of this column will be literally realized in 1911. It will come in varied degrees to all of us, but each will have the making of his share in his own hands. Prosperity is what we get from the result of each day's work. The degree of prosperity enjoyed is measured by our ability to spend less than we earn and accumulate the balance in a bank account—a certain amount from each day's earnings. This Bank wants to go on record as being willing to aid and abet every effort of its customers to share in the prosperity which we feel sure the New Year will bring. Open an account now. Make larger deposits if you already have an account. It will prove very satisfactory.
