

THE BEND BULLETIN.

VOL. VIII

BEND, OREGON, WEDNESDAY, JAN. 25, 1911.

NO. 46

A NEW MANAGER

BEND COMMERCIAL CLUB SELECTS J. E. SAWHILL.

Many Committees Appointed, One To Assist Council Committee in Drafting City Charter. Club Now Has Good Membership.

An adjourned regular meeting of the Bend Commercial Club was held Thursday evening. Thirty members were present.

After considerable discussion the action of the Board of Directors, taken at a meeting of that body the previous evening, in selecting J. E. Sawhill to be the salaried manager and publicity worker of the organization, was approved by the meeting.

Due to a lack of exactness in the section of the by-laws affecting the case there seemed to be some doubt as to whether a matter such as the employing of a manager should be left entirely in the hands of the directors or whether the meeting should have the final decision. A resolution was passed confirming the action of the board, and a committee appointed to amend the by-laws in such a way that the executive functions of the Board of Directors would be clearly defined, making it a governing body.

M. S. Lattin, C. I. Bozell and J. L. Byrne were appointed.

Manager Sawhill is to receive \$100 per month and to begin his work February 1st. His position is to be from month to month, employment terminating at the pleasure of the organization.

An informal report from the Secretary showed 32 members in arrears and about 100 in good standing. \$240 was in the treasury at the date of the meeting. Dues previous to Jan. 1st were declared annulled, on motion, and the Secretary instructed to collect January dues and unpaid membership fees. In addition to this work the Secretary reported more than 100 letters of inquiry on hand requiring answers.

A committee of five, consisting of Messrs. Bozell, Spencer, Hudson, Lawrence and Steidl, was appointed to assist the City Council committee in drafting a city charter, as were the following committees; Manufacturing, Messrs. Lara, Lattin and Putnam; Auditing, Messrs. Forbes, Byrne and Sather; Grievance, Caldwell, Hotelling and Staats. A special committee to secure new

members was appointed; Messrs. Allen, Redfield and Eggleston.

On motion it was decided that a special committee of three be appointed to inquire into the possibilities of securing donations towards the support of a publicity campaign. Messrs. Lara, Hotelling and Overturn were appointed.

The Secretary was instructed to take up the matter of securing the remaining funds, some \$30, still in the treasury of the old commercial club.

MUSIC HOUSE HERE

Minneapolis Men Will Open in New Johnson Building.

E. M. Thompson and L. D. Kennedy, both of Minneapolis, Minn., will open a furniture and music store in the addition to the Johnson building on Wall Street as soon as it is completed. They had expected to put their stock in by February 1, but the delay in getting the plate glass for the windows will necessitate their waiting until at least the middle of the month.

Mr. Thompson has been here for some time, and Mr. Kennedy is now in Portland completing the stock orders. Although their furniture line will be larger than their music stock, it is their intention to make the business exclusively musical instruments, as soon as the business will warrant.

This will be the first music house to open in Central Oregon.

MIGRATE TO BEND

Up-River Dwellers Move. Take Up Residence in Town.

Mrs. and Mrs. J. R. Sawhill and family came down to Bend Friday night from their homestead on Big River, staying at the Pilot Butte Inn, and on Saturday moving into the Miller cottage in Lava Road Addition, formerly occupied by O. M. Patterson. They will make their residence here.

Mr. and Mrs. J. B. Heyburn and their children also have become Bend residents, migrating from their homestead up-river to an apartment in Frank May's recently completed building. Both Mr. Heyburn and Mr. Sawhill have recently proved up on their homesteads.

DID NOT PAY LICENSE

Bowling Alley Fined for Tardiness in Obeying Ordinance.

On Friday morning the case of the City of Bend vs. Karl Ladewig was heard before Recorder Ellis. Plaintiff brought action against Ladewig on the grounds of a misdemeanor in operating a bowling alley without first paying the license as specified in Ordinance No. 17. The date of the alleged violation was January 18th, as set forth in the complaint. The quarterly license fee of \$10 was due January 1st. Ladewig pleaded guilty, first tendering the Recorder the \$10 license fee. Recorder Ellis imposed the minimum fine of \$5.

COUNCIL MEETS STORE GOOD ICE

APPLICATIONS FOR LICENSES LAID OVER.

Sewage System for Bend is Discussed and Committee Appointed to Investigate—New Police Ordinance to Be Drawn Up.

The city council met last night and laid over until the next regular meeting all applications for saloon licenses. This was done in order to allow the necessary time for the amendments to the liquor ordinance to take effect.

Mayor Coe vetoed the amendment prohibiting saloons on all streets other than Bond, his reasons being that hotel bars are well conducted, and that, in at least one case, the amendment would be unjust.

The special committee appointed to secure a permanent meeting place for the Council reported that the offer of the Commercial Club to use its room for \$10 per month was not favored. After much discussion Anne and Allen were appointed to see the Bend Townsite Co. about securing a lot for a proposed city hall.

The Committee on Public Property was authorized to repair and enlarge the jail. After a long discussion, the petition for an extension of city boundaries was laid over until the next meeting.

Allen, Sellers and Caldwell were appointed as a special committee to report upon sewage matters after the Council had heard an informal report from R. E. Gould.

City Attorney Forbes was instructed to draw up an ordinance licensing dray wagons at \$5 a quarter, as well as one specifying the salaries and duties of the police.

A proposed ordinance allowing saloons on streets other than Bond, where there is no property restriction, was read for the first time. It was decided to allow locked storerooms in the rear of bar rooms.

The Council adjourned to February 14.

DIDN'T SCARE HIM

Bulgarian Homesteader Takes His Claim Despite Wintry Winds.

L. W. Nelson returned Monday from a trip to the southeast, beyond Millican's ranch. He took out a Bulgarian homesteader, Pete Benson, and on Sunday night left him, with lumber for his cabin, provisions and blankets, on his claim 12 miles beyond Millican's. The thermometer registered a couple below zero, says Mr. Nelson, and the wind was blowing a gale. Yet Benson would not listen to any advice to go back.

"I stay by it Mr. Nelson," he said, and forthwith made himself more or less at home in the middle of the sagebrush, with the nearest cabin several miles distant.

STORE GOOD ICE

L. L. FOX HAS LARGE SUPPLY NEAR LAVA ISLAND.

Ice House Built and 500 Tons Stored—Also Cut Above Power Station—Price Next Summer Will Be Much Lower.

The Bend Livery Stable recently completed an ice house on the west bank of the Deschutes, near Lava Island, about six miles south of Bend. Last week the men finished putting up about 500 tons of 12-inch ice, and would have put 100 tons more had the weather remained cold. O'Donnell Brothers and Williams Brothers put up about 25 tons of seven inch ice on the river just above the power station.

In order to secure a suitable pond to cut ice from near Lava Island it was necessary to build a small dam. This backed the water up over the tule swamp, and afforded a comparatively easy place to handle the ice.

The sawdust to pack the ice in was hauled from the Pilot Butte mill. There is a large supply of it at the Clarke mill, which cut the lumber for the Arnold flume. Although in sight of the new ice house, this sawdust could not be used, as there is no safe bridge over the river between Bend and Lava Island.

A crew of 17 men and 11 teams were at work constructing the building for about three weeks. The ice house cost \$250 and is 30x60 feet and 12 feet high in the clear.

Besides putting the 500 tons in the ice house, 100 tons were hauled to Bend, Smith & Holmes, the Patterson Drug Co., the Hotel Bend and Dave Biggerstaff storing it for their summer use.

Last summer ice sold here for \$40 a ton. The larger part of it was hauled from the Ice Cave, 12 miles southeast of Bend. The price next summer will be much lower, as the largest consumers have stored a supply that will last most of the summer. They paid \$5 per ton for the ice delivered at their storehouses.

L. L. Fox, who had charge of putting up the ice stated that the price next summer would be not less than \$20 per ton.

RAILROAD MEN HERE.

Hill Freight Agent Corroborates March First Statement.

R. H. Crozier, Advertising Agent of the North Bank and Oregon Trunk roads and W. C. Wilkes, Asst. General Freight and Passenger Agent, arrived last night on a tour of inspection of the O. T. country, leaving at noon today for Sisters, whence they proceed to Prineville.

Mr. Wilkes states positively that the Oregon Trunk will receive freight to Madras March 1st. Rates will be announced in a few weeks. Through tickets, probably with special settlers rates will be sold from all eastern points to Bend in the spring. He is particularly gathering tonnage data and investigating warehouse sites and arranging for the leasing of such. Mr. Crozier is making his first Central Oregon trip to gather publicity ammunition.

WRESTLING CONTESTS

Athletic Club of Prineville to hold Tournament Here.

The Prineville Athletic Club has accepted the challenge of the Bend Athletic Association and a tournament will be held in Bend about the latter part of February. The tournament will consist of one boxing and four wrestling bouts. The entrant in each event must be an amateur and never have taken part in any professional boxing or wrestling bout or tournament.

A cross country run has also been arranged and will be held either at Bend or Prineville some time in April. The course will be six miles.

TO OPPOSE BUILDING

Complaint Filed in the Circuit Court Against Oregon Trunk.

Mary E. Kelly and A. A. Anthony recently filed a complaint in the Circuit Court at Prineville against the Oregon Trunk Railway to prevent the railroad building across part of Sec. 32. This action may again tie up the construction of the Oregon Trunk spur from the main line to the power station. Until this matter is settled, the building of the manufacturing plants near the dam may be postponed.

Bound Over to Grand Jury.

The case of Gus Zulaney, accused of shooting Adolph Snyder in the leg January 16th was heard before Justice Orcutt in the Commercial Club rooms Thursday afternoon. The defendant waived a hearing and was bound over to the May term of the Grand Jury under \$1000 bail. George L. Bernier, of Prineville, represented the state as Special Deputy Prosecuting Attorney.

Just try The Bulletin Job Printery.

TO MADRAS SOON

WILL RECEIVE FREIGHT AT THAT POINT MARCH FIRST.

South of Crooked River Grade Practically Completed to Bend. Working Capacity to North Increased. Plenty of Outlets.

The Oregon Trunk will be open to traffic to Madras by February 15th and will be receiving freight by the first of March. Such is the assurance contained in a letter to N. P. Smith of Bend from Marshall Wells Co. of Portland, from whose transportation manager emanates the foregoing statement, he having been so advised by the O. T. Thus far the Deschutes railroad has given out nothing definite in regard to its accepting freight.

According to C. W. Monohan, superintendent of construction for Henry & McFee, 90 per cent of the grade between Crooked River and Bend is completed; and about 200 men are finishing up the balance.

The power machinery at Crooked River, for crushing rock, etc., is being doubled in capacity. The capacity of the trains bringing construction material up the Deschutes Canyon also has been doubled, eight engines now being employed in this work instead of four as previously.

In regard to the sale of Matheur Canyon rights to Harriman interests interfering with the construction of a southeastern line from Bend, Mr. Stevens, who has just returned from the East, was most outspoken in his declaration that this route was but one of several and that "when the Hill interests were ready to enter that field the way will not be lacking."

The consolidation of all Hill lines, electric and steam, radiating from Portland, with Mr. Stevens at its head, seems a probable development.

V. P. S. C. E. Hold Sunday Meeting.

The Young Peoples Society of Christian Endeavor held their regular meeting at the Baptist Church Sunday evening. More than 50 were present, enjoying to the full the interesting program. Among the speakers of the evening were Mrs. C. P. Niswonger and Prof. Herrington. The subject was "Prayer." H. J. Eggleston presided.

F. R. Barbour and W. H. Courtney of Laidlaw were in town today.

Plant Your Dollars Here

'Tis the right season now and we will help you to make them grow.

Put Not Your Trust in Money
But Put Your Money in Trust

Don't Borrow Money, but if you must, come and see us.
Don't Carry Large Sums of Money, but if you must, do so only until you can see us.
We combine absolute safety with satisfactory service.
Give particular attention to the business of farmers.
Invite new accounts and new business upon our own merits for strength and superior facilities.
Our policy and ample resources are our guarantee for the future.

We Want YOUR Business.
