320-Acre Homesteads

M. J. Morrison has lived in Bend for the past eight years and has made a business of locating and cruising government lands in Central Oregon.

He knows the land and will locate you on the best to be had. If you are going to take government land find out who your locator is, and whether he has lived in the country long enough to know the lands; also if he is reliable. This is a matter of importance to landseekers.
