

END TO DUST

CITY WILL BUY STREET SPRINKLER.

Bend Company Desires to Furnish Better Lights—Bonus For Woolen Mill Proposed—Special Meeting Called For Tomorrow.

Purchase of a street sprinkler, improvement of the light situation, and aid for the proposed woolen mill to be established here, were the most important matters taken up by the City Council last night. Mr. Onell was the only councilman absent.

A committee of two, with the Recorder, was appointed to buy a street sprinkler and arrange for its operation. It was decided to sprinkle Wall street from Kentucky to beyond Linster's Hall, Bond from Ohio to Greenwood avenue, and Ohio, Minnesota and Oregon streets between Wall and Bond.

The street committee also recommended that a King road drag be purchased from the county and that Greenwood and Koa avenues be bridged where the ditch crosses them. This report was adopted.

General Manager J. M. Lawrence of The Bend Company was present and spoke on the light situation. He acknowledged that the street lights were not being furnished according to contract, saying that only about one-half of the intended 1200 candlepower was being furnished. As a solution of the problem, he offered to furnish the city with a new 2400 candlepower light at \$7.50 a light monthly. He will order and install one of these lights as a test before the Council decides whether it will adopt it. "We want to give the town good lights," said Mr. Lawrence, "and I believe this new light will be satisfactory."

In this connection the Council informally decided to allow the business houses to erect business signs over sidewalk or street. A petition must be sent to the Council stating what kind of light is to be put up and where, and a permit received from the Council.

The Council is anxious to assist in the establishment of a woolen mill here, and the city having no charter yet, the City Attorney was instructed to draw up an ordinance providing that a special fund be created to guarantee to the woolen mill company a sum equal to its annual city taxes for a period of years if the

mill is built here. A special meeting of the Council was called for 4 p. m. tomorrow to act on the ordinance.

The wholesale liquor business ordinance was read the second time and passed. Caldwell was the only Councilman voting in the negative.

A. W. Howell asked for the transfer of the retail liquor license of J. R. Williams to him, and it was voted to grant his petition. Willard Houston and W. R. Wilkinson applied for the position of night policeman. Their applications were laid on the table. The Council confirmed the interim appointment of Policeman Myers by the Mayor till the next regular meeting.

On motion of Councilman Allen the civil engineers of the city were asked to submit at tomorrow's special session estimates of the probably cost of designing a sewer system for the municipality of Bend. Mayor Coe urged such action, saying the city ought to be ready to construct a sewer system as soon as it adopts a charter.

Steidl & Tweet sent in a communication formally accepting the terms of the Lytle water franchise granted them.

OVERTURF IS ELECTED

Vote Polled for School Board Member Shows Educational Interest.

At yesterday's election of a member of the Bend School Board to succeed F. M. Ray, who, having moved out of the district, resigned, H. J. Overturf was elected.

In all, 78 votes were cast. Overturf receiving 44 and C. D. Rowe, the only other candidate, 34. Mr. Overturf holds office for two years, members of the board now are: Millard Triplett, chairman, C. L. Hotelling and H. J. Overturf. L. D. West is clerk. At the last election, August 21, 1910, when C. L. Hotelling was elected to fill the unexpired term of Dr. C. W. Merrill, but nine votes were cast.

PUTTING UP MILEPOSTS.

The project to have mileposts along the new Bend-Burns road was enthusiastically endorsed by local business men, and C. N. Clark took out the first load of posts Saturday and will get the 75 between here and Harney county up before Sunday. There was more demand for advertising on them than could be supplied.

CHEAP TREES.

Time will soon be past for transplanting fruit trees. I am selling extra fine apple trees at 15c, \$12.50 per 100. Must come soon.—Howard Spining. 7-1f

CHAPMAN SELLS BUYERS BUSY

WALL STREET CORNER BRINGS \$16,000.

Ranch of 160 Acres Also Disposed of at Same Price—Hood River Apple and Berry Land Bought in Trade.

C. C. Chapman returned Monday night from Hood River, where he closed a deal, he stated to the Bulletin today, for the sale of his property at the corner of Wall and Minnesota streets and his 160 acre river bed ranch 16 miles east of Bend. The consideration was \$32,000, \$16,000 for the town lot and \$16,000 for the ranch. He made a trading sale whereby he acquires two apple and strawberry ranches consisting of 65 acres located within a few miles of Hood River. The price was \$45,000.

"I mailed the deeds yesterday for the property here and expect to receive the papers from Hood River in a few days," said Mr. Chapman.

"Thirty-five acres of the land I bought is set to apple trees and 15 acres to strawberries. I did not sell my Bend property for lack of faith in the town. On the contrary, I firmly believe this will be a great city and prophesy that the corner I sold will be worth \$50,000 in ten years."

This property faces 50 feet on Wall street, with a depth of 140 feet on Minnesota. It is improved with a two story building. The ground floor is a store-room and the upper story is arranged for living rooms.

ERECT TABERNACLE

Methodists to Have New Place of Worship on Ohio Street.

A tabernacle with a seating capacity of 200 or more will be erected by Bend Methodists on the lot on Ohio street, which they own. The work will be rushed and it is hoped that the new place of worship can be used soon. Rev. W. L. Wilson of Redmond, who is also in charge of the Bend congregation, is to assist with the construction.

The tabernacle will be used temporarily and later the church will build a permanent edifice. The congregation numbers thirty members and it is expected that there will be many additions within a few months. A Sunday school will be organized and preaching services held regularly. The Methodists have formerly been joining with the Baptists in union services.

LOCAL LOTS ARE SELLING RAPIDLY.

Bend Company in Two Weeks Disposes of \$26,350 Worth of City and Residence Property—Lumber Mill Again Operating.

Sales of property aggregating \$26,350 have been made by The Bend Company since it took over the townsite holdings two weeks ago. In addition to this there have been, of course, many other individual sales.

The old Pilot Butte Development Co.'s lumber mill was opened by The Bend Company, under the management of Clyde McKay, last Thursday. Thirty men are employed in the mill and a dozen in the woods. An average daily cut of about 25,000 feet is being made. Much of the rough dry lumber already in the yards is being put through the planer. Considerable new logging equipment is being received as well as mechanical improvements for the mill.

During the past week the water tank has been treated to a coat of paint, as has the power house, upon which now appears the sign "Station A." A number of electric meters have been ordered, many applications having been made for these. The labor contract has been let to the Overturf-Davis-Miller Co. for the construction of nearly 4,000 feet of sidewalk.

Below is given a detailed list of the sales made by the new company:

- RESIDENCE LOTS.—PARK ADDITION**
- John Bloss, lots 8, 9 and 10, block 15.
- E. A. Sather, lot 27, block 13.
- Mrs. Clyde McKay, lots 2 and 3, block 12.
- G. P. Putnam, lots 4 and 5 blk 10.
- H. J. Overturf, lot 3, block 10.
- N. F. Cawan, Spokane, lots 3 and 4, block 19.
- Robert Augustus Puett, lot 24, block 15.
- C. E. Morris, lots 1 and 19, block 18.
- L. A. Perry, lot 1, block 15.
- Aultie Cady and Mary M. Mulkey, lot 24, block 13.
- D. J. Miller, lots 6 and 7, blk 13.
- Joseph Zoll, lot 7, block 16.
- J. H. Rassman, lot 5, block 19.
- W. H. Miny, lots 8 and 9 block 19.
- J. L. Byrne, lots 5, 14, 15, and 18, block 18.
- J. L. Byrne, lots 14, 5, 6, 7, 8, 9, 20, 23 and 24, block 19.
- J. E. Walker, lot 11, block 17.
- " " " 2 " 20.

Commercial Club Meeting.

There will be a meeting of the Commercial Club at 8 o'clock. Everybody is urged to attend.

- G. W. Lorimer, lot 7, block 9. North Addition.
- H. J. Douglas, lot 7, blk 5. Bend.
- " " " 6, blk 23. "

CHANGE IN SCHEDULE

Oregon Trunk Railway Improves Its Passenger Service.

Effective last Sunday, the Oregon Trunk Railway changed its passenger schedule, giving an improved service in connecting with North Bank trains at Fallbridge.

Passengers going from Central Oregon to Portland have to wait at Fallbridge only three minutes now before North Bank train No. 1 leaves, and get to Portland at 7:45 p. m. If they miss No. 1, they can catch Fallbridge-Portland local No. 7 at 4:15 and arrive in Portland at 8:15, instead of 8:40 p. m., as formerly.

Returning from Portland, Oregon Trunk passengers may leave at 9:55 a. m. on No. 6 and make a two-minute connection at Fallbridge, or they may take No. 6, leaving at 8:20 and arriving at Fallbridge at 12:45, which gives a 30-minute wait.

The new Oregon Trunk schedule is as follows:

- | | |
|--------------------------------------|------------|
| No. 102 | No. 101 |
| 1:15 p. m. — Lv. Fallbridge Ar. Bend | 4:55 p. m. |
| 7:30 p. m. — Medford | 9:30 a. m. |
| 8:15 p. m. — Medford | 9:30 a. m. |
| 8:30 p. m. — Ar. Oreg. City | 7:30 a. m. |

CHANCES FOR R. F. D.

Postal Inspector Recommends Establishment of Route From Bend.

U. S. Mail Inspector H. G. Durand, who was in town Monday, investigating the proposed Rural Free Delivery route east from here petitioned for last autumn, states that he is recommending to the Department the establishment of the new route with tri-weekly service. The proposed route covers about 20 miles, and would give service to approximately 60 families. Going east on the Bear Creek road it goes north to the Prineville road, and on this returns here.

Inspector Durand expressed much surprise that this country is not receiving direct railroad mail via Madras. He says he has wired the Department and expects some action will be taken very soon.

TRY BURNS ROAD

BEND TO VISIT HARNEY COUNTY SEAT.

Railroad Officials Probably Will Accompany Local Men on First Trip Over Important New Route to Southeast.

A party consisting of Bend business men, accompanied by Hill railway representatives, leave Bend in four or five automobiles Sunday for Burns. The entire trip will be made over the new Bend-Burns road.

The mission of the Bendites will be to formally tell the Burns people of the opening of the new road and to invite them to make this town their shipping point as soon as the railroad gets here. Secretary Sawhill of the Commercial Club has written the Burns club what time the party will arrive there, and it is understood that the visitors will be well entertained. They will spend Monday in the Harney county seat and leave for home Tuesday morning.

Traveling Freight Agent Ormsby of the Northern Pacific and Asst. Freight Agent W. C. Wilkes of the Great Northern are expected to be members of the party.

The following Bend men thus far have signified their intention to make the trip:

- | | |
|------------------|-----------------|
| O. M. Patterson | S. J. Spencer |
| H. A. Miller | R. M. Smith |
| E. M. Lara | E. A. Sather |
| A. M. Lara | J. B. Barri |
| G. P. Putnam | A. O. Hunter |
| J. E. Sawhill | C. S. Hudson |
| John Steidl | C. L. Hotelling |
| Barney O'Donnell | |

BUILD WATER TANK

Steidl & Tweet at Work on System For Lytle Addition.

Steidl & Tweet, who have a franchise for constructing a water system in Lytle Addition, started work last week. A tank to hold 20,000 gallons is being erected on lots 10 and 11, block 5, Riverside, for the storing of water. From this it will be distributed to consumers.

A mile and a half of water ditches have already been dug. The source of supply will be the Deschutes River, a large wheel being used to lift the water from the stream. Everything will be in readiness for the installation of this wheel when it is shipped in to Bend over the Oregon Trunk.

Why Farmers Should Keep A Bank Account As Well As Business Men.

Their bank deposit book affords them a complete record of their cash receipts, while the stubs of their check books are a perfect record of expenses and payments. Paying a laborer, a store account or any other bill with a bank check is much safer than with money; because you avoid the risk of handling the actual cash, and the endorsed check returned by the bank is the best kind of a receipt.

Farmers, try the experiment for one year of keeping a bank account and see if it does not pay you. A large number of the best farmers have accounts with us now—we want every farmer to have one with us.
