## 320-Acre Homesteads

M. J. Morrison has lived in Bend for the past eight years and has made a business of locating and cruising government lands in Central Oregon.

He knows the land and will locate you on the best to be had. If you are going to take government land find out who your locator is, and whether he has lived in the country long enough to know the lands; also if he is reliable. This is a matter of importance to landseekers. We have some very choice acreage platted in 1 1-2 to 2 1-2 acre lots with streets on all sides, at \$150 an acre. Good terms. Fruit or residence property. One mile from depot site.

of the depots at a few of the larger Willamette Valley points, it will be as fine as any in the state.  
 "What impressed me perhaps more than anything else while in Portland," said Mr. Sawhill, "was the tremendous and rapidly growing interest in Bend. It happened that announcement of my arrival appeared in one of the evening papers, stating that I came from Bend and was identified with the commercial club here. The next morning between 20 and 25 people called upon me at the hotel, all anxious to get accurate information concerning our town and country. Many of these will come in later."
