# GO ON PICNIC BUYS STALLION

## HIGH SCHOOL STUDENTS HAVE OUTING.

Friday Spent Up River Fishing and Recreating. — Examinations Being Held in Preparation for Closing of Session.

Forgetting that there were such things as books to be studied and lessons to be recited, the High School students went on a picnic up river Friday. The Misses Anne Markel and Ada Porter of the teaching staff accompanied them.

The trip was made in four automobiles, and the picnicers went beyond Lava Island. The day was spent in fishing and playing various games. Some of the boys were very successful as anglers. A bountiful luncheon was taken along and when noon came this was spread out together and the young people had an enjoyable feast.

The year's work at the High School is now drawing to a close, and the students are being put through final examinations. The Senior class will finish its work first, probably by the latter part of this week, and then begin the preparations for graduation day on May 24.

## WATER IN NEW DITCH.

Pine Forest Irrigation Canal Will Be Completed in July.

The Pine Forest ditch of the Arnold Irrigation Company will be completed this summer in time for some of the ranchers whom it will serve to get water for irrigation purposes. Water has already been put through the second flume as far as Ernest Garrett's lateral, and by the middle of July the work is expected to be completed, according to W. J. McGillivray, president of the company. Many sink holes have been encountered in constructing the canal.

The ditch is now furnishing water to the Pine Forest Lumber Company, which started its sawmill about two weeks ago. Griffin & Scottong have a firstclass sawmill outfit and are turning out both rough and planed lumber. They have a large body of timber near the mill site and have built permanently.

## BURNS WANTS ROUTE

Harney County Seat Petitions Mail Service From Bend.

BURNS—A petition asking for the establishment of a daily mail route between Burns and Bend on the completion of the Deschutes railroad at the latter point has been circulated among the business men of this city during the past week, over 100 signatures having been secured thereto. Similar petitions have been circulated among the homesteaders between these two points who will be benefitted by such a mail service. It is expected that at least 300 signatures will be obtained.—Portland Oregonian.

## ENLIST CHILDREN'S AID.

To educate the younger generation to the importance of forest protection and also enlist its aid in bringing the subject before the parents, a striking illustrated leaflet on the forest fire evil is being placed in the hands of almost every school child on the Pacific Coast by the Western Forestry & Conservation Association. Some 350,000 copies will be distributed in Oregon, Washington, Idaho and Montana.

## GEO. MILLICAN GETS SHIRE IN BEND.

Blooded Animal Will Replace Two Lost by Well-known Stockman Last Winter Mileposts the Neatest in County.

MILLICAN, May 9.—George Millican returned Saturday from Bend, where he bought a fine Shire stallion from S. K. Watson of Portland. During the winter Mr. Millican had the misfortune to lose two stallions. In October he turned one out on the range and never saw or found trace of him again. The other died at his ranch here.

Mrs. Ella Busey, who has been in poor health for some time, left for Prineville Friday for treatment. She was accompanied by her sister, Mrs. Ada B. Millican.

J. S. Jackson, who had a fine bay gelding to get away from him here several weeks ago, found the horse last week as the result of an advertisement in the Bend Bulletin. A. C. Barber, who lives on the Central Oregon canal, saw the horse with a band of wild ones near Horse Ridge and caught him.

Robert Tyler drove up from Bend Saturday and spent Sunday with his wife.

The sign-boards along the Bend-Burns road are the subject of much favorable comment by travelers passing here. Those who have been over the entire county say they are the neatest mileposts they have seen.

## NEW CHURCH DEDICATION.
