NECK IS BROKEN

RICHARD MYERS FALLS OFF WAGON

Powell Butte Rancher, Returning From Bend Sunday, Meets Tragic Death—One of His Last Deeds Was to Assist Suffering Friend.

Having fallen off his wagon and broken his neck, Richard Myers, a Powell Butte rancher, was found lying dead in the Prineville road, 12½ miles from Bend, Sunday afternoon. There was no witness to the tragedy and just how he came to fall will never be known. The team and wagon were found in the junipers some distance away from where the dead man lay.

Mr. Myers brought a load of chop to Aune's Saturday, for which he was paid \$182.93. Ten dollars of this was in cash and the balance a check. The money, or part of it, he is said to have given to his friend, Charles Titus, who is in the local hospital, and the check was found on his person.

The body was first identified by Oscar Hyde, son of the county coroner, who was returning to Prineville from the ball game here.

The coroner's verdict was that death was accidental as the result of a fall. The dead man had not been run over by his wagon, although the body was stretched across the wheel track when found. He had fallen out of the rear of the wagon, it seemed.

Myers was about 50 or 60 years old, say those who knew him, but left no relatives in Crook county, so far as the coroner was able to find out. Interment was made at Powell Butte.

NEW ADDITION TO BEND.

Judge H. C. Ellis attended an adjourned session of the County Court Monday which was held at the request of the Oregon Trunk Development Co. The only matters coming up were the approval of plats of additions to Madras, Redmond, Opal City, Culver and Grandview Addition to Bend, which this company will put on the market.

TO DRILL FOR HOMESTEADERS.

The Central Oregon Well Co., which is now drilling a well at the brickyard west of town, will take its machine out in the homestead country to the southeast as soon as the present contract is completed. This may be any day as water is

expected to be found without much more drilling. A depth of 144 feet had been reached yesterday.

SPEAKS ON TEMPERANCE.

A representative Bend audience heard Mrs. Jackson Silbaugh of Seattle, a National W. C. T. U. speaker, discuss the temperance question at the church last night. Mrs. Silbaugh showed herself to be a forceful and fluent speaker, making an impressive talk. In the course of her address she referred to the recent clean-up of Seattle, which has been credited to the women voters of that city.

TRAINS TO BEND BY SEPTEMBER 1

Engineer Baxter Says Bridge Should Be Completed By Last of July—Here Getting Evidence.

Oregon Trunk trains will be running into Bend by September 1, according to J. C. Baxter, assistant chief engineer. He says that the Crooked River bridge should be completed at the very latest by the last of July and that 30 days should be ample time for the road's large track-laying crew to get the line in shape from the river to Bend.

L. Griswold, division-engineer; H. K. Relf, claim agent; Harrison Allen, attorney, and Mr. Baxter were here the latter part of last week compiling evidence in the injunction suits which have been brought by A. A. Anthony and Mary Kelly to prevent the building of the Lytle spur. The Circuit Court recently granted the railway's demurrer to the joint suit of these plaintiffs, but allowed them to amend their complaints by filing separate actions. It is understood that they will take this step.

MEMORIAL PROGRAM

Exercises in Honor of Old Soldiers Held Here Yesterday.

Honor was done veterans of the Civil War in Bend yesterday by the suspension of business and the holding of Memorial Day exercises. A program was given at the church, after which the graves of the heroes of battle at the cemetery were decorated. The address at the church was delivered by Rev. W. L. Wilson, and talks were made by several comrades.

The business houses all closed in the forenoon, and many of them were decorated with flags and bunting. The banks were closed all day and the postoffice observed Sunday hours. Patriotic music for the exercises was furnished by the band.

MORE PUBLICITY FOUR GRADUATE

PARTY OF HILL OFFICIALS ON TOUR.

First-Hand Knowledge of Central Oregon is Obtained to Be Used in East—E. C. Leedy Says More People are Coming.

Wider and more effective exploitation will be obtained by Central Oregon as the result of a tour now being made through this section by Hill officials. A party of six was in Bend Monday night, leaving yesterday morning for Powell Butte, Prineville, Madras and other points.

Those making this inspection and get-acquainted trip are E. C. Leedy, general immigration agent of the G. N., of St. Paul; F. W. Graham, western industrial and immigration agent, Portland; W. C. Wilkes, asst. gen'l. frt. and pass. agt., Portland; J. T. Hardy, trav. frt. and pass. agent, of Portland, and W. E. French and O. A. Atwood of St. Paul.

Mr. French is in charge of the Oregon demonstration car in the East and Mr. Atwood of the Washington car. They are looking over the country in order that they may have first-hand knowledge and be in a position to do more effectual work in letting the Eastern people know of the opportunities offered by Central Oregon.

The party, with the exception of Mr. Hardy, drove up to La Pine, accompanied by J. E. Sawhill, Monday afternoon and returned that evening. It was the first visit to that part of the state for several of them and they stated that they were well pleased with the country.

"There is great interest in the East in Central Oregon," said Mr. Leedy, "and I look for many more newcomers to this section during the summer and fall. Low rate round trip homeseekers' tickets are now on sale and this will allow those looking for a new location to come out cheaply, see the country and return to make preparations for moving out here."

COMMENCEMENT OF HIGH SCHOOL.

Dr. Fletcher Homan Delivers Address To Large Audience—Seniors Give Orations In Creditable Manner—Honor Roll of the Year.

With Dr. Fletcher Homan, president of Willamette University, present to deliver the address to the graduating class, the commencement exercises of the High School were held last Wednesday evening at the church. The auditorium, decorated especially for the occasion, was filled to capacity, many persons standing, and the program was interesting.

The address of Dr. Homan was an able one. He spoke for the most part on the value of good humor and the philosophy of laughter, and showed that he practiced what he preached by relating a number of anecdotes that convulsed his hearers.

The four members of the graduating class occupied places on the rostrum and delivered orations in a creditable manner. All were highly complimented by Dr. Homan. Lyle Richardson's subject was "Immigration," Steve Steidl spoke on "The Place of Play," Bruce Deyarmond on "American Industrial Education" and Max Richardson on "The Call of the West."

Following Dr. Homan's address Principal Harrington delivered diplomas to the graduates, announced the roll of honor and said a few words of farewell.

The evening exercises were given added interest by the musical program rendered. Miss Graves played "Rigoletto" as a piano solo; Mrs. Lindborg sang "Unto Thy Heart," with violin obligato by Miss Iva West and accompaniment by Miss Graves, and Miss West gave a violin solo, "Legende," in her usual skillful manner. The invocation and benediction were by Rev. C. M. Cline.

The following is the honor roll of the High School for the year:

AUTOMOBILE PARTY GOING TO FESTIVAL

Six Bend Young Men to Drive Through To The Dalles—Will Carry Pennants To Boost Their Home Town.

Leaving here next Sunday, a party of six young men of Bend will start for Portland by auto. John Linster will take them in his Jackson car. The following are the other members of the party: Ward H. Coble, Horace N. Steele, Chester Springer, Clarence Youngstrom and Hal E. Hoss.

The route to be taken is by Shaniko, with Moro as the first night's stopping place. From Moro the young men will go to The Dalles. There they expect to leave their car and complete the journey by boat down the Columbia River.

Everywhere the six go they intend to let it be known that they are from Bend as they will take along a good supply of Bend pennants. They will spend a week in Portland "doing" the Rose Festival. Mr. Hoss will go to Salem to visit relatives for a month before returning here.

The party may drive up the Willamette Valley to Medford, then to Crater Lake and join the Commercial Club party at Klamath Falls.

BOXING CONTEST FRIDAY NIGHT.

J. D. Rice, the local boxer, who recently gave Louie Long a knockout, has been matched with Ed. Cuff of Denver, Col., for a ten-round bout to be held at Linster's Hall Friday evening. Four preliminary contests have also been arranged.

Correction

Attention is called to an error which appeared in the advertisement of The Bend Company, lumber department, last week. The prices given were for The Bend Lumber Co., a mistake having been made over the telephone owing to the similarity of names.

HAS CLOSE CALL

CHARLES TITUS BADLY BURNED.

While He Sleeps, Cabin Catches on Fire and He Has to Fight Way Out—Was on Fishing Trip up the Deschutes River.

By the narrow margin of one minute, Charles Titus of Powell Butte escaped being burned to death in a shack seven miles up the river Saturday morning. As it was, he was badly burned on both hands and the left side of his face and now lies in the Bend Hospital under the care of Dr. B. Ferrell.

Mr. Titus, with Ed. Smith, came over from their homes at Powell Butte Friday to spend the week-end fishing in the Deschutes. They went up the river and camped in an abandoned shack. Early Saturday morning the two went out to try their luck and as the fish were not biting well Mr. Titus returned to the cabin to get some more sleep, having been up late the night before. There was a small fire in the fireplace when he lay down but not enough to appear dangerous.

After he had been asleep some time, Mr. Titus awoke to find the roof and the side of the house where the door was afire. Rolling the bedding about his head, he made his way out of the cabin through the flames. In doing so he was badly burned but saved himself by jumping into the river. The team was tied near the burning shack and as soon as Mr. Titus had drenched himself in the river he returned and rescued the animals.

It is his belief that if he had slept one minute more he would have been burned to death. He says that the blaze started in the roof as there was no floor near the fireplace to catch.

Mr. Smith was away fishing at the time and as soon as he returned set out with his burned companion for Bend for medical treatment. Dr. Ferrell says it will be six or eight weeks before Mr. Titus can use his hands. He is practically helpless, being unable to feed himself.
