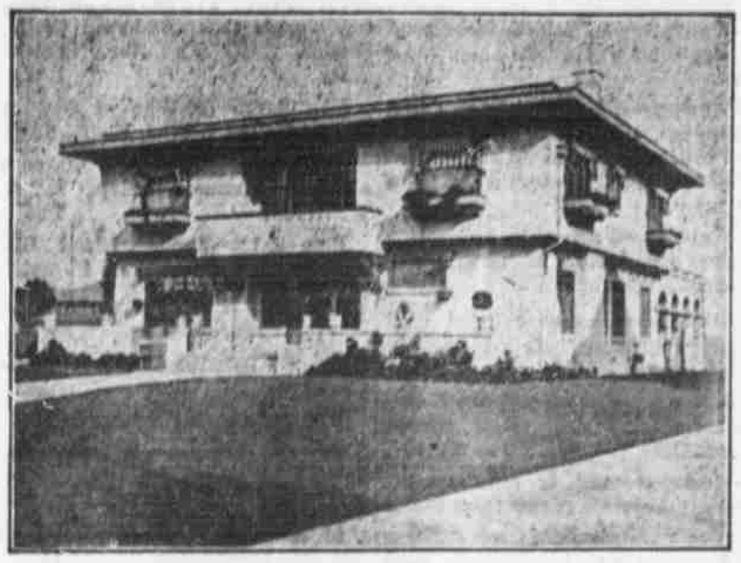
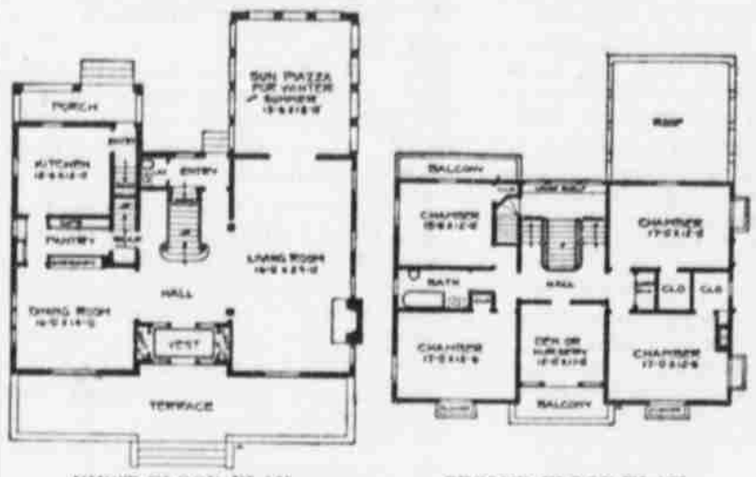
A NOVEL DESIGN WITH SUN PIAZZA.

Design 807, by Glenn L. Saxton, Architect, Minneapolis, Minn.



PERSPECTIVE VIEW—FROM A PHOTOGRAPH.



FIRST FLOOR PLAN. SECOND FLOOR PLAN.

This dwelling has all the important features found in homes that cost up to $50,000, among them the sun piazza at the rear of the living room, inclosed with glazed windows for winter use and with screens for summer use, the sash then being dropped down into pockets. Other features are the open fireplace and the large symmetrical central hall. In the second story there are four chambers, a bath and another large room which can be utilized as a guest room, den or nursery. Height of the first story is nine and a half feet and the second story eight and a half feet. Width forty-six feet, depth thirty feet, over the main part. Cost to build, exclusive of heating and plumbing, $9,000.

If you are interested in a home of this character you may write me through the editor of this paper, and I shall be pleased to consider the matter with you. The price of plans will be furnished upon application.

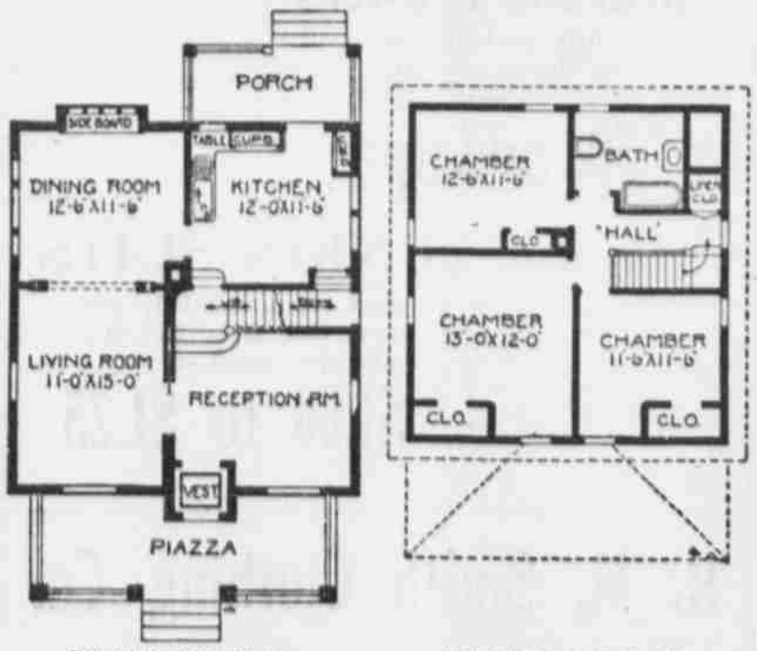
A PLAIN STORY AND A HALF COTTAGE

Design 93, by Glenn L. Saxton, Architect, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.



FIRST FLOOR PLAN. SECOND FLOOR PLAN.

This design combines an attractive exterior with a practical and economical interior arrangement. The reception room and living room are separated by a sliding door. In the living room there is an abundance of good wall space. While planning to get the other features many people often forget to plan places for their furniture. In the dining room is a built in sideboard or buffet, with four small windows above it. In the kitchen are a sink, cupboards, moiding table, flour bins and other accessories. The first story is finished in birch, left natural in the kitchen and stained a soft tone of tobacco brown in the other rooms. The second story is finished in pine to paint. Birch floors throughout. Width of house, twenty-six feet; depth, twenty-eight feet. Cost to build, exclusive of heating and plumbing, $2,350.

By special arrangement with me the editor of this paper will furnish one set of plans and specifications of design No. 93 for $15.

GLENN H. SAXTON.
