## DESCHUTES MAP CONTRACT IS LET

### RIVER IS NOW BEING SURVEYED

Party of Topographers Began Work This Week at Benham Falls—Will Go up Stream and Then to Mouth—Important Undertaking

A party of surveyors sent out by the United States Government and the state, in co-operation, began this week a survey of the Deschutes River for the purpose of making a map of the stream. They started work at a point having an elevation of 40 feet above Benham Falls and will work up the river. When this part is completed they will return and work to the mouth of the river. Several months will be required.

At the last session of the Oregon Legislature an appropriation was made for the work of surveying rivers of the state, and through the co-operation of the Federal Government the Deschutes will be mapped.

This is an important undertaking for the property owners and others along the stream as it will give them definite data as to the water power possibilities. It is expected also to do much toward harmonizing the apparently conflicting use of water for power and irrigation purposes.

The surveying crew spent several days here last week outfitting. The party is headed by A. T. Fowler, U. S. topographer. With him are J. V. Crooks, B. Moorhead, Clifford Downey and Paul Hegdahl. They will be joined later by another rodman. A teamster and cook accompany the party also.

#### Stockholders' Meeting.

The annual meeting of the stockholders of the Arnold Irrigation Company will be held in the Commercial Club room, in Bend, at 2 p. m. on Saturday, July 15, 1911.  
 17-18 L. D. WIEST, Secretary.

## GREENWOOD BRIDGE TO BE BUILT

Construction Will be Done by Tom Roberts for \$155—Opening of Road East of Pilot Butte Canal Discussed at Council Meeting.

In special session Thursday evening, the City Council let the contract for the construction of the Greenwood Avenue bridge across the Pilot Butte canal. The successful bidder was Thomas Roberts, at \$155. The lumber will be furnished free by The Bend Co. Work will be started at once and it is expected that the bridge will be completed in quick time.

In connection with the building of this bridge, there was some discussion of the opening up of Eighth Avenue, which runs by the home of L. D. Wiest, to accommodate the travel from the north. It was stated that this would be a straighter and better road and newcomers from Prineville and Redmond would not be puzzled by it as with the numerous roads on this side of the canal. No definite action was taken.

The bridging of the Pilot Butte canal at Koa Avenue was also discussed and this work may be undertaken later.

The street committee was instructed to look fully into the matter of extending Wall street through Lytle and proceed with the work.

#### NEW MOVING PICTURE HOUSE.

Another moving picture show will be opened in Bend this evening in the new building erected by L. C. Fuiks on Wall street. It will be known as the Star Theater and will be conducted by Hill & Newman, formerly of Edmond, Wash.

It is their intention to show only high class films which have been

passed by the state board of censorship.

#### I. O. O. F. NOTICE.

All Odd Fellows are urged to attend the next regular meeting of the Bend lodge, Monday evening at 8 o'clock. Installation of officers and other important business, after which there will be refreshments.

#### Ranchers Attention.

All ranchers who wish to use the 8000 feet of free timber to which they are entitled from the forest reserves every year had better GET BUSY. We can saw this for you, delivering the kind of lumber you want when you want it, at our mill three miles from Sisters.  
 151f W. H. COURTNEY.
