TOWN BEING MADE BEAUTIFUL

Some Gratifying Results Obtained From Offer of Lawn Prize—Pilot Butte Inn and A. M. Lara Make Splendid Showing

While not as much interest as was expected has been taken in the \$50 lawn contest, yet some gratifying results have been obtained.

One of the most attractive successes in the lawn-making that has been accomplished is that of Fred Fish, who has grown two almost perfect lawns at the Pilot Butte Inn. Charles Stanburrough has made a splendid lawn about the power house. The lawns of R. B. Mutzig, J. N. Hunter, W. H. Staats, W. B. Sellers, C. M. Redfield, C. B. Allen, Mrs. C. A. Jones and others, while not coming under the provisions of the contest, because not started this season, are all in splendid condition. The large old Drake lawn, always one of the town's most attractive features, is in the best of shape.

The largest and prettiest of the new lawns, is that of the new Lara home, in Park Addition. Not only has Mr. Lara a lawn that would do credit to any famous grass country, though it is but a few months since bare dirt was where is now grass, but in addition great success is being met with in the raising of roses, demonstrating that with proper care Bend may have as beautiful roses as even Portland. H. J. Overturf has added much to the attractiveness of the Frank Robertson place by lawn-improvement work. The lawn at G. P. Putnam's new house as yet makes little showing, but having been replanted will be in good condition soon.

FINDS HOT SPRINGS

Indian Makes Important Discovery Near Paulina Lake.

Hot springs from which flows water of 95 to 130 degrees temperature were found a few days ago by an Indian near Paulina Lake, according to George Hobbs. Mr. Hobbs and William Baldwin, for whom the redskin was riding range when he made the find, have taken steps to get permission from the government to open a road through the National Forest to the springs.

Mr. Hobbs said that the flow from one spring is estimated at 600 gallons an hour. The water contains numerous mineral substances and is regarded as highly medicinal. The springs will likely, in due time, become the scene of a health resort.
