

LADIES' MAN-TAILORED CLOTHES.

WE ARE CROOK COUNTY AGENTS FOR THE
IDEAL LADIES' TAILORING CO.

Do you realize what this means to the ladies of Bend and vicinity?

It Means that you can be as well dressed as any lady in the world—that only the very latest models are used in Ideal garments—that every garment is man tailored by hand to each individual measurement.

Man-Tailored Every garment is man tailored to fit the figure on a foundation of "Perfectus"—non-shrinkable canvas. These garments are not shrunk into shape with a hot iron. Garments so handled quickly lose their lines and become shapeless. This "shape retaining" quality easily distinguishes real man-tailored garments from other kinds.

Sewed With Silk Every garment manufactured by the Ideal Ladies Tailoring Co. is sewed thruout with silk.

Guarantee The above trade-mark is attached by a tag to every garment and assures absolute satisfaction to the purchaser, in style, fit, workmanship, linings and wearing qualities.

A few things to remember about Ideal Man-Tailored Garments:

Ideal garments are delivered promptly. Ideal styles are the correct styles.
Ideal garments are distinctly "different." Ideal prices are right prices.
Ideal clothes are honest clothes. Ideal clothes retain their shape.
Ideal clothes are guaranteed clothes.

WE SHOW 349 DISTINCT PATTERNS of suiting and 78 distinct models—surely a variety of patterns and styles to suit each individual taste. We guarantee that any suit you may select will not be sold to any other lady.

We want to show you just what Ideal Garments are and would appreciate an opportunity of doing so.

Can You Beat It?

You are offered a big bargain this week, and 'twill be a strange person who reads this ad. and yet fails to snap up this snap. We offer a box of high-grade stationery—24 envelopes and 24 sheets of one-fold paper—for the trifling sum of 10c. This paper is first class, cloth finish, and it would cost you 25c per box elsewhere. Art and Nature.

Art is the revelation of man, and not merely that, but likewise the revelation of nature speaking through man. Art pre-exists in nature, and nature is reproduced in art. As vapors from the ocean floating landward and dissolved in rain are carried back in rivers to the ocean, so thoughts and the sentiments of things that fall upon the soul of man in showers flow out again in living streams of art and lose themselves in the great ocean, which is nature. Art and nature are not, then, discordant, but ever harmoniously working in each other.—Longfellow's "Hyperion."

Illuminating.

While touring abroad a certain citizen of New York found this item in a list of police regulations posted up on a highway to Ireland:
"Until further notice every vehicle must carry a light when darkness begins. Darkness begins when the lights are lit."—Saturday Evening Post.

The Family Orchard.

"Could I interest you in our orange grove proposition?"
"Nope; I have already put all my money into a fruit orchard."
"Where?"
"On my wife's hat."—Houston Post.
