The train will arrive here at 8:30 the morning of the 2nd, remaining till 12:30 p. m. Farmers and their families are invited and urged by the railroad to visit the train, see the demonstrations and consult with the nine instructors from the Oregon Agricultural College who accompany it.

FISH TO STOCK RIVER

State Will Place 100,000 English Brook Fry in Deschutes Here

The waters of the Deschutes River, although already full of Dolly Vardens and redsides, are to be stocked with more fish, making the stream an even greater paradise for the angler. Through the efforts of the Commercial Club, State Game Warden W. L. Finley has allotted 100,000 English brook trout fry to Bend, to be placed in the river here. These young fish were hatched at a State hatchery, and will be shipped here as soon as freight traffic is begun. F. W. Robinson, general freight agent of the O-W. R. & N., has notified Mr. Finley that free transportation will be furnished over the company's line for the fish.

REGULAR TRAIN SERVICE ON NOV. 1

Both Roads Will Inaugurate Traffic To Bend On Same Day—Schedules Not Yet Announced—Tariff Sheets Out

Regular freight and passenger traffic over the Oregon Trunk-Deschutes Railroad will be inaugurated into Bend next Wednesday, Nov. 1. This was the announcement of Supt. J. P. Rogers, who was in Bend yesterday inspecting the track and yards. He left yesterday afternoon and will work out a train schedule upon his arrival at Portland, he said. Mr. Rogers was accompanied by J. Lindsay, superintendent of bridges and buildings.

The tariff sheets of the Oregon Trunk and Deschutes roads were received in Bend Monday, giving the rates on freight between Portland and all points on the new line into Central Oregon. The charges on both lines are the same.

With the inauguration of freight service here next week, the expense of haul by wagon will be eliminated, making a big reduction in the cost of merchandise. The following table will show the saving from what it cost to get freight by rail to Opal City and from there by wagon:

Class rates in cents per 100 pounds.										
Portland to	1	2	3	4	5	A	B	C	D	E
Opal City	102	87	71	61	51	51	41	31	26	20
Bend	119	101	83	71	60	60	48	36	30	24
Wagon Haul, Opal City to Bend	65	65	65	65	65	65	65	65	65	65
Saving by all-rail Haul to Bend	48	51	53	55	56	56	58	60	61	61

Of course, the old Shaniko rates were much higher than the Opal City rates, so the expense of getting in freight after the 1st will be far less than what it was a year ago. It will now be possible to receive goods in carload lots, which will further cut down the cost of the articles laid down here. Express charges will be cut nearly in half, as the wagon haul has in many cases been more from the railroad terminus to Bend than from the original shipping point to rail destination.

Whether or not railway mail service will be inaugurated to Bend next Wednesday is not known yet. Postmaster Minor wrote the post-office department the first of the month that the railroad had reached Bend, but he has had no notice of any change from the old routing by Prineville to Culver.

There is no letup in the activity in the local yards. Clearing of the roundhouse grounds, grading of the spur to the flour mill, erection of water tank and building of the passenger station continue, a large force of men being at work. The steel for the water tank is now up. The pipeline between the main track and sidetrack is now in and a ditch is being opened for another one west of the depot. While blasting for the former ditch last week, a large rock fell on the temporary depot, crashing through the roof and floor and doing considerable damage.

Agent Corbett has not yet received schedule of passenger fares, but the charge to Portland will be about \$7.85, the distance being 261.7 miles.

WILL CONDUCT HOTEL HERE

Mrs. Sanford Schultz of Cow Canyon has leased the Guerin house and on Nov. 1 will open a first class hotel. It will be known as The Mountainview. Mrs. Schultz's house on the old Shaniko road was a favorite stopping place for the traveling men, and The Mountainview will likely prove to be a popular inn in Bend.

GIVE FAREWELL PARTY.

In honor of Misses Medora Steele and Bess Richards, a dinner party was given Saturday evening by Misses Edith Eastes and Sara Perry, at the Perry home. Decorations of autumn leaves and red and white were used. Those present, in addition to guests of honor and hosts, were Mrs. A. M. Pringle, Ben Sawbridge, E. B. Loomis, D. M. Davis and Ward H. Coble.

PREFER TRADING HERE

Many People Will Buy in Bend if Merchants Make Proper Inducements.

That many people living in the large district to the south and southeast of Bend will do their trading here if the merchants give them the proper inducements in the way of prices, is evidenced by a number of letters received by the Commercial Club and local business men the past few weeks. People living as much as 125 miles away have written asking quotations on groceries and other goods. The W. C. McCuiston Co. a few days ago received a letter asking for prices on flour by the half ton and other staples in large quantities. Low rates have been quoted, in an effort to draw trade to Bend. With this town as the railroad terminus for the interior, local merchants have an opportunity to capture the trade of a large territory by making their prices right.

REAL ESTATE ACTIVE

Many Lots Have Been Sold During Past Few Weeks.

Local real estate men report sales of town property quite active during the past few weeks. The Bend Co. has disposed of a number of residence lots in Center and Park Additions, as well as several business lots. During the past six weeks the Eastes & Bean Realty Co. has sold more than 50 lots in Riverside and Lytle Additions. Steidl & Tweet, who have the water franchise for that part of town, have their water wheel set and are ready for the laying of water mains. This work will be started as soon as freight traffic is begun to Bend, a carload of piping being on the way. An experienced man will come from Portland to have charge of the laying of the mains.

Col. Sokieski's lecture this evening at Linster's Hall is the first of a series of five entertainments, to be given about once a month this winter, under the auspices of the Whatsoevers. BANKER IS KILLED

DEL. HOWELL SHOOT'S SHANIKO MAN.

J. C. Fowle Fired on Twice Last Evening by Drunken Man, Dying This Morning at The Dalles Hospital—Slayer is Taken into Custody.

SHANIKO, Oct. 25.—J. C. Fowle, cashier of the Eastern Oregon Banking Co.'s bank here, was shot and mortally wounded by Del Howell early last evening, dying this morning at 4 o'clock in a hospital at The Dalles where he was taken immediately after the shooting by special train.

Howell was very drunk at the time of the shooting. He met the banker on the street near Wilson's drug store, and seeing his condition, Mr. Fowle said: "Del, you'd better go home and go to bed." Without further provocation, it is said, Howell drew a pistol and shot the banker twice.

Howell was immediately arrested. He is married and has two children. Mr. Fowle leaves a wife and one child.

Al Howell of Bend is a brother of Del Howell. Bill Howell, another brother, makes his home here part of the time.

LADIES ARE GUESTS

Odd Fellows Hold Enjoyable Meeting—Rebekah Lodge to Be Formed.

The Odd Fellows' social meeting Monday night, to which were invited the wives and lady friends of the members, was largely attended and a pleasant evening was spent by those present.

A few minutes were devoted to discussing the advisability of organizing a Rebekah lodge here, and it was decided application would be made for a charter.

Progressive whist playing was indulged in for some time, after which supper was served. Following this there was dancing.

CHURCH SERVICES

Rev. I. I. Gorby will preach Sunday morning at the Baptist church. His subject will be "A Man of Right Spirit." Rev. M. W. Weaver will be away, speaking at Sisters. At the Baptist church in the evening there will be a union service in charge of the W. C. T. U. There will be special music.

HE GOT THE JOB

A young man having applied to a wholesale house for a position recently found himself before the manager for examination. "Have you a bank account?" was his first question. "I have," was the reply. "Let me see your bank book," was the next request. After glancing over it and noting the long list of regular, though small deposits, he said: "Young man, you are engaged, and I want to compliment you on your saving ability. I always insist upon employing only men who have the good sense to save their money." We invite every young man in this community to open an account at this bank.

We Have Money To Loan on Cattle.

Why not feed your hay and grain to stock, thereby getting the profit on both the hay and stock?

J. J. Hill says the fertilizer kept on the farm by home feeding is worth one-third of the value of the feed consumed. Our new land needs this fertilizer.

Farmers who are prepared to properly care for cattle can obtain the money from us on six months' time and secure a renewal for an additional six months if the stock has had proper attention.

Think it over and consult us as to the details.
