

Winter Outfits

For the Working Man Here.

NEVER in the history of our business have we been better fixed to supply all the needs of the working man. From head to foot, we have what you need. And again---everything that goes out of our store is guaranteed. If it is all wool we guarantee in to be all wool. If it is Merino---part wool and part cotton---we don't tell you it is all wool. Your money back and a smile thrown in if you are not perfectly satisfied in every way with every article purchased.

HOWARD SPINING.

Town Topics.
The chief of police in Philadelphia says Philadelphians are great users of drugs. Narcotics?---Louisville Courier-Journal.
The New York board of health estimates the population of Greater New York at 5,000,400. The "four hundred" of whom we have heard before, probably insisted on being enumerated separately.---Youth's Companion.
With a population of 77,000, Troy is unique among cities of its size in that the Troy fire department is made up largely of volunteers. Out of a total of 1,238 men ready day and night to fight fire, only seventy-eight are on the payroll of the city.---Home Sentinel.

We Misrepresent Nothing---No Permanent Success Was Ever Built Upon a Foundation of Fraud.

HOW MAY I CUT EXPENSES?

EVERYWHERE one hears complaint over the high cost of living. "Prices are too high," "It takes all one can earn to meet living expenses," are common expressions often heard. Here is a suggestion for cutting down this high cost of living---buy one of our food choppers and make many delicious dishes from the odds and ends that are now thrown away. It is a common remark that a food chopper soon pays for itself by saving that which otherwise would have been thrown away. We now have for sale---

The "Dana" Food Chopper---High grade in every particular---3 steel cutters, coarse, medium and fine; very easily cleaned; cannot get out of order; Special bargain **\$1.25**

The "Wizard" Food Chopper---A little larger and better---cuts 2 lbs. a minute---coarse, medium and fine cutters---patent drip spout. The "Wizard" is one of the best sellers on the market. Will cost you here only **\$1.45**

You do useless work when you wash a window and do not have one of our rubber window dryers---saves fully 50 per cent of the labor and costs only **20c**

Noodle Cutters---something new, only **25c**

Many Other Items that Lighten Labor.

ROWE'S STORE

NEXT DOOR TO POSTOFFICE, BEND
"The Same Goods for Less Money."

Life of Icebergs.
Icebergs in the Atlantic sometimes last for 200 years.

Elephant Loads.
Elephants are capable of carrying from 1,700 to 2,200 pounds on a long journey while maintaining a regular pace of four miles an hour.

Shows in Italy.
The laws of Italy are strict in regard to theaters and circuses. Every act of performance announced on the program must be given. Any great exaggeration by means of pictures intended to mislead the public is punishable by a fine.

Enamel Ware.
New enamel ware will last longer if it is placed in a pan of warm water and removed from the stove when the water comes to a boil. Allow to cool in the water.

Tortoise Shell.
A large turtle gives eighty pounds of tortoise shell.

Lusitania.
Portugal was formerly known as Lusitania. The present name is derived from Porto Callo, the ancient name of the town now known to us as Oporto.

Wealth For the Swiss.
It has been estimated by an investigator with a statistical turn of mind that the thrifty Swiss calculate the tourist crop in this manner: Half a million travelers staying long enough to make 15,000,000 hotel days, at an average expenditure of \$2.40 a day.

A Glimpse of the Past.
Margaret McMullen, who had been on trial for several days in New York for being a common scold, was acquitted Oct. 21, 1813.

Ballet Training.
Ballet girls in European cities are taken at a tender age and held like apprentices for several years under the severest discipline. They are housed and fed by their teachers.

Elephant Ivory.
It requires 12,000 elephants to supply 620 tons of ivory.

Water Clocks.
Among the curious features of ancient Toledo which unfortunately remain no longer were water clocks, devised by a Moorish genius named Az-Zarcal, who placed them on the banks of the Tagus so that the people could read the time. They were run by water power and were so famous that Daniel Meriac, an English astronomer, went all the way from Oxford in 1155 to study them.

England's Nobility.
The nobility of England date their creation from 1066.

One of Sterne's.
"God tempers the wind to the shorn lamb" is not a Scriptural quotation. The sentence is taken from "The Sentimental Journey," by the Rev. Laurence Sterne.

An Author's Slip.
Elder Haggard committed a queer blunder in "Jess." A simple matter of arithmetic upon the data supplied by the novel itself shows that a character therein had grown up and become the father of two children before he was in his teens.

Opening

Of NEW STORE
