VOL. IX.

BEND, OREGON, WEDNESDAY, JAN. 24, 1912.

NO. 46

## COUNCIL HAS BUSY SESSION

### STREET EXTENSION IS CONSIDERED

City Engineer Instructed to Prepare Map Covering Proposed Opening of Wall Street Further North. Last Night's Proceedings.

The City Council had a busy session at the special meeting held last night. The matter of extending Wall street occupied the city officials for some time, and a resolution was finally adopted instructing the city engineer to make the necessary survey and plat in this connection and file same with the council. The matter will be taken up again at another special meeting Thursday evening. It will be necessary for the city to condemn a strip of land in order to open this street through to the road at Broadway, in Lytle.

N. P. Smith was given permission to blast at the rear of his store provided he gave the city a bond in the sum of \$500 to insure the city against any damage that might result to adjoining property.

The application of the Red Cross Drug Store for a family liquor license was taken up and same was refused by a unanimous vote.

The petition of Schmidt and Musgrove for saloon license was favorably reported by the committee to which it was referred and the council granted the license effective February 1.

The council voted to refund to L. A. W. Nixon \$15 paid for drayage license, there being some question as to the legality of the draying ordinance and the other draymen not having paid the license.

### Petition For Fire Plug.

A petition from taxpayers in Park addition asked that a fire plug be installed at the corner of Wall and Washington streets, there being a large number of residences in that part of town without fire protection. The police, fire and liquor license committee was instructed to take the matter up and report back to the council.

Another petition asked for an arc light in Park addition. It was referred to the street committee to investigate as to the best location, etc. J. F. Taggart & Co. were given permission to erect an electric sign at the corner of Wall and Oregon streets.

The recorder was instructed to notify Holmes & Smith that if the building in which their saloon is not moved to face on Bond street within thirty days from last night their li-

cense would be revoked.

**Order New Sidewalks Laid.**  
The street committee recommended that sidewalks be ordered laid as follows: along the east side of lots 7 and 8, block 21, and lots 7 and 8, block 22, of the original plat of Bend and on the west side of lot 1, block 24, east side of lot 6, block 23, east side lot 12, block 16, together with the necessary crosswalks. A number of crosswalks which have been authorized have not been built on account of inability to get the lumber promptly, the street committee reported.

The city dumping ground will hereafter be at the southeast corner of the southeast quarter of section 33-17-12, on the Bear Creek road. This location was decided on by the council on report of the special committee appointed to choose a place. The land belongs to the city and the location is well removed from any residences.

## RAPID BUILDING WORK

### A. C. Everson Puts up Frame Structure on Greenwood.

All records for rapid construction work in Bend will likely be broken in the putting up of a 50x50 foot one-story frame building for A. C. Everson at the corner of Greenwood avenue and Fourth street. Actual construction was started last Saturday and Mr. Everson expects to have the structure practically built by the end of the week, although he will have to wait to receive windows and doors which have been ordered. J. W. Dimick has the contract.

The building will contain offices and a store room, having a 50-foot frontage on both streets. Mr. Everson, who recently came to Bend from Seattle, will have real estate offices in it himself, and it will be the headquarters of the Bend Park Co., which has rented two office rooms.

Excavation work started Thursday for the stone building which C. W. Marley and Robert Simpson will put up on Greenwood next to the Boyd block. Rock is being hauled and the work will be carried on as rapidly as possible. Mr. Marley says the building will be completed in 60 to 75 days. The dirt taken from the excavation is being used to fill in on Greenwood avenue.

## LOW RATES TO BEND

Colonist Fares to be in Effect From March 1 to April 15.

Colonist rates from the East will be in effect this year from March 1 to April 15, 15 days longer than last year. The Transcontinental Passenger Association, at a meeting in Chicago last week, adopted the dates, basing its action on the unusual preliminary demands for information which have been received by home-seekers.

The rates will be the same as last year. It will be the first time colonists can buy tickets straight through to Bend, and it is understood that the fares which apply to all other coast towns will be in force to this point. These are:

From Chicago, \$32; from St. Louis, \$31; from St. Paul, Minneapolis, Duluth, Kansas City, Omaha, St. Joseph and Missouri River common points, \$25, with correspondingly low rates from points east of Chicago.

But if a man thinks he knows all that is worth knowing, he doesn't.

## CURIOS WILL REMAIN HERE

### BEND PEOPLE BUY TOWN TEAM DEFEATS HIGH SCHOOL COLLECTION

Fund is Subscribed to Secure It As Nucleus For Museum—Articles From All Parts of the World Got Together by Minister.

The highest bid received at the sale of the J. Anthony Mitchell collection of curios and books Saturday afternoon was \$187, made by W. P. Vandeventer on behalf of the people of Bend. If the sale is confirmed by the County Court, the collection will become the property of the citizens of this town.

Desiring to see the curios remain in Bend as the nucleus of a museum, Mr. Vandeventer circulated a petition Saturday and secured pledges of \$187. It is proposed to place the collection in a public place, probably in a room with the library, where the many interesting things which Mr. Mitchell had got together from nearly all parts of the world may be seen by visitors and others. Persons having curios and relics which they are willing to part with will be asked to donate them to the museum, and eventually a large and valuable collection will be secured.

### Collection Attracts Many:

A large crowd attended the sale Saturday afternoon, being attracted by the articles which were displayed in the Triplett building by Administrator West.

The collection contains swords, firearms, maps, tapestries, Indian relics, stones, hides, sags, horns, books, etc. Some of the articles are rare and of much value.

## JOLLY TIME PLANNED

Shadow Box Social Friday Night Will be Something Unique.

A unique entertainment program has been arranged for Friday night at the K. of P. Hall by the Fraternal Brotherhood lodge. The silhouettes of Bend young women will be thrown upon a screen and the boys will try their luck at guessing who the original is. The lucky ones will win the young lady as his partner for the evening, together with a box of good eatables which each will bring.

Other features being arranged for the evening is a musical program, and there will be dancing. It will be an open meeting of the lodge to which the members invite their friends.

## BASKET BALL SEASON IS ON

### TOWN TEAM DEFEATS HIGH SCHOOL

Both Fives Show up Well for Opening Contest—First Half Close, But Older Boys Have a Walk-off in the Last.

The basket ball season opened Friday evening with a good-sized crowd at the game between the town team and the High School boys. The first half was closely contested, the score standing 14 to 12 in favor of the town five. In the second half the school boys were unable to check their opponents and the final score was 41 to 15.

Both teams showed up well for the opening game and with more practice will give their opponents a warm contest. The school boys were lighter and less experienced than their opponents, and their hard work in the first half exhausted them to such an extent that their opposition in the second part was weak and the town five scored almost at will. The goal shooting of the town team was not accurate or a larger score would have been piled up. They also made many fouls, and the accurate goal throwing of N. Springer made this of advantage to the High School quintet.

### Lineup of Teams.

The following was the lineup:  
Bend Position High School  
Harrison L. G. Wheelock  
McKeen R. G. Sather  
Steidl C. Vandeventer  
C. Springer L. F. N. Springer  
Rohu R. F. Kelley  
The referee was Mr. Darby and umpire, Jesse Hunter.

Messrs. Harrison and McKeen are connected with the Central Oregon Trucking Co. and Mr. Rohu with the Collins Auto Co.

After the game there was dancing, about 20 couples remaining for this part of the evening's entertainment.

## CHANGES FEBRUARY 1

Better Mail Service Will Be Given to Towns to the South.

The government will put a new mail schedule into effect on the route from here to Silver Lake on February 1, and also on the route to Powell Butte and Prineville. Daily except Sunday, the stage will leave here for the towns to the south at 4 a. m., arriving at Silver Lake by 8:30 p. m. the next day. The same schedule will be in effect from Silver Lake to Bend.

For Powell Butte the stage will go out from here at 6 a. m., arrive there

at 10, returning leave at 11 and get here by 3 p. m.

Prineville will be supplied from Redmond.

This schedule will be in force only a month, if bids which have been called for are received and accepted. A contract is to be let effective March 1 giving Silver Lake and way points a daily mail. Bids have also been called for a route from Redmond to Powell Butte, Redmond to the county seat, Deschutes to Sisters, all likewise to go into effect on March 1. These changes have been ordered as a result of the extension of the railroad this far, and will give the towns concerned much better service.

## BACHELORS GUESTS OF THE PRISCILLAS

Young Women's Club Entertains for the First Time the Men, Who Have Evening of Much Fun

At the Market bungalow in Wiestoria, the Priscilla Club was "at home" Monday night, having as their guests Bend bachelors. It was the first time the club had entertained the men.

Invitations sent out last week told the bachelors to bring "apron and sewing" and a number of them did this. On arriving at the Market home they found the young women, wearing their Priscilla caps, busy sewing. Aprons, needle and thread and something to sew were supplied those who had not complied with the invitation request, and some time was spent in sewing. The girls had much fun at the expense of the men who tried to sew but didn't know how. After this part of the program came a "talking bee." To each Priscilla had been assigned a word which she was to use at least three times in conversation with each man, and to the man making the most complete list fell the honors of the game. D. M. Davis proved to be the lucky guesser.

During the game candy made by the girls was served and at the close the punch bowl was brought forth and healths drunk.

At 10 o'clock the bachelors bade their hostesses good night, having had an evening of much enjoyment. There were 18 men and 18 young women present. Mrs. L. D. Wiest was chaperone. The hostesses and their guests were: Misses Borden, Sidner, Castle, Holmes, Perry, Young, Black, West, Wilson, Trautner, Vandeventer, the Misses Schultz, the Misses Markel, the Misses Wiest; Frank May, L. A. Jackson, Ben Sawbridge, C. H. Hunter, Jesse Hunter, H. A. Miller, W. H. Coble, Barney O'Donnell, Dr. B. Ferrell, U. N. Hoffman, D. M. Davis, E. B. Loomis, S. H. Garvin, Jr., W. E. Parker, G. D. Clayton, R. B. Gould, Montelle Coe and C. C. Harrison.

## USE NEW WAREHOUSE

Big Building Used by Railroads for First Time Saturday.

The big warehouse at the depot was used for the storage of freight for the first time Saturday. The large part where the dance was held is for freight for towns for which Bend is a distributing point and the smaller one for local shipments. The United Warehouse Co. will have its office in the south end of the building.

Friday and Saturday 15 cars of freight were received, the first freight after the recent storm period getting in Friday.

## FANCY POULTRY RAISING BEGUN

### PEN OF FOWLS FROM KANSAS CITY

Fred L. Huey Starts in Chicken Business With White Orpingtons of Famous Breed—Local Field Looks Promising

Poultry raising around Bend will likely prove to be one of the most profitable industries, and a number of persons are preparing to engage in this line of business. Among these is Fred L. Huey, who, having made proof on his up-river homestead, has taken up his residence in town. On a city lot in Park Addition he will, at first, have his poultry yards.

A famous breed of chickens has been obtained by Mr. Huey, who last Thursday received from Kansas City, Mo., a pen of four hens and a rooster. These came from the well known poultry farm of Ernest Kellestrass and are White Orpingtons. They are a direct strain of renowned Pegg, the hen for which Mr. Kellestrass refused \$10,000. Peggy was exhibited at all the big poultry shows and carried off many prizes. The judges declared her to be the nearest approach yet attained to a perfect chicken.

### Good Layers and Broilers.

The pen of five birds cost Mr. Huey \$100. They are young fowls but are already laying. He states that every egg will be set at first until he has raised a large flock of chickens, after which he will begin to sell them. By fall he will have young birds laying, he says, and will let others who wish a good breed of chickens have some of these. The White Orpingtons are reputed to be not only good layers but birds that can be placed on the market in quick time as broilers. He will do his hatching with an incubator.

With eggs retailing here the year round at from 30 to 60 cents a dozen, the chicken business will no doubt prove to be a paying proposition. Nearly all the eggs consumed locally are now shipped in from Portland.

## FOREST MEN MEET

Supervisor Harvey of Bend Attends Sessions Held in Portland.

Twenty-one supervisors of national forests in Oregon, Washington and Alaska were in session in Portland last week. J. Roy Harvey of the Deschutes reserve attended the meetings, returning to Bend Sunday night.

Chief Forester Graves was among those delivering addresses. The chief discussions were the policies of the government in regard to the forests.

## \$20.00 Bills at 1c.

If you could buy \$20.00 bills for a copper cent the opportunity would mean nothing to you if you didn't have the CENT. Having the ready cash and the judgment to use it at the opportune time is the sure road to wealth. But remember that it takes both the judgment and the cash to make a winning team. Judgment without cash is helpless. Cash without judgment is soon scattered. Start a bank account. Begin to lay aside the one important thing, CASH. As you accumulate it judgment will come with it. Then when opportunity knocks you are safe in opening the door. We invite you to open an account with us today.

## The Deschutes Banking & Trust Company of Bend, Oregon

"Conservative Banking for Conservative People."
