E. R. Post got back Saturday night from a two months and a half trip East. He went as far as New York but spent most of the time in the Middle West.

The road from here to Burns is now in the worst condition it has been this winter, but the cars of the Burns-Bend Consolidated Auto Co. are making trips regularly.

A number of Bend people expect to attend the Leap Year dance which will be given at the home of John Elder, east of town, by the women of that vicinity on February 16.

Mr. and Mrs. E. H. Hunt of Seattle have come to Bend to reside for a few months, before moving onto their homestead southeast of here. They have taken the Estelinet cottage.

Last Thursday was groundhog day. If Mr. Groundhog came out, he saw his shadow (unless he was blind). This being the case, according to the weather prophets, the next 40 days will be bad weather.

The Holmes & Smith restaurant building has been rolled back from the alley to Bond street and the saloon will be moved into it to comply with the orders of the City Council.

The mail change announced to be made February 1 on the Silver Lake and Powell Butte routes went into effect Thursday. A one-horse outfit is now in service between here and Powell Butte.

A team belonging to the Aune stable furnished a few moments of excitement Friday morning by running away. They came down Oregon street and went up Wall. At Nevada they made a turn and the wagon struck the wire pole, but was not smashed. The horses were checked by the impact and caught before they got to Bond street.

Announcement was made last week at Oregon City of the wedding of Miss Veda Williams, who formerly lived here, which will take place the latter part of the month to Hugh Berkman. Miss Williams is Mrs. J. M. Lawrence's sister. She has been making her home with her sister, Mrs. Miller, at Oregon City the last year.

Owing to the absence of the city clerk, the City Council adjourned last night until Friday night at 7:30, without transacting any business. A short session was held last Wednesday night to receive the map of the proposed Wall street extension from City Engineer R. B. Gould. He will make a full report at the next meeting.

The Oregon Trunk train did not get in Saturday night till after 3 o'clock. The delay was due to an accident. A pair of trucks under the tender of the engine got off the track and in the attempt to get them back on the rails the tender left the track and tumbled into the river. A freight engine brought the train on to Bend.

Driver Bert Melane brought the Misses Markle up from Bend in his automobile to La Pine last Sunday.
