

RESIGNATION IS ON TABLE YET

COE CONTINUES AS BEND'S MAYOR

Majority Vote Will Decide Successor. City Engineer Gould's Resignation is Accepted But Successor is Not Yet Chosen.

The resignation of Mayor U. C. Coe which was submitted to the council on February 27 and laid on the table until last night's meeting, was not accepted, being laid on the table again until the next meeting of the body. The mayor asked that action be taken without further delay, but the councilmen said they were not prepared to take the matter up last night, and by unanimous vote it went over till the next meeting. Adjournment was taken subject to the call of the mayor.

The charter provides that a vacancy in an elective office shall be filled by a majority vote of all councilmen, by ballot, at any regular or special meeting therefor, and the person chosen shall serve the unexpired term and until his successor has qualified. An officer appointed or elected to fill a vacancy must qualify therefor within 48 hours from the time notice of such appointment is given him, or he shall be deemed to have declined the office.

City Engineer R. B. Gould tendered his resignation last night, stating that his private work would not allow him to give the office his attention. The resignation was accepted to take effect at once. Appointment of a successor will be made at the next meeting.

COURT IS ACCUSED

Allegations of Graft Made Against Klamath Officials.

SALEM, March 4.—A largely signed petition, accompanied by resolutions adopted by the Klamath Falls Commercial Club, has been filed with Governor West charging that the Klamath County Court has been "engaged in an arbitrary, high-handed and lawless course in the administration of the affairs of the county" and it has been impossible to restrain

or check the court. The petitioners ask the Governor for aid and advice. It is alleged that the county poor farm was traded to Judge Worden's father at a low price for land farther away from the city, the sale not being advertised. It is also stated that much money was uselessly spent on an infirmary and that the county is being plunged recklessly into debt. Judge Worden, in reply to the allegations, says the records are open for inspection and that he would be more than pleased to have an examination made of the books and records of the court's acts.

The friends of Judge Worden in Bend, where he is well known, were greatly surprised at the news from Salem and hope that he will be able to refute all the allegations made against him.
