

# THE BEND BULLETIN.

L. X.

BEND, OREGON, WEDNESDAY, MARCH 13, 1912.

NO. 1

## BRARY TO HAVE HOME

### UILDING TO STAND ON CHURCH LOT

Which was at Corner of Oregon and Bond streets to be moved and fitted up for a Public Institution.

A building which stood at the corner of Oregon and Bond streets, the First National Bank will be moved onto the lot rear of the Baptist church and be used by the public library museum. The structure was a for this purpose by the bank, the church people agreed to let placed on the northeast corner be church lot.

The building will be remodeled fixed up into a nice home for library and museum which was bought of the J. A. Mitchell is. The building will face on Bond street, and will be connected to the church by a doorway. The library Club may also fit up a public rest room in it. Just as the structure can be put in suitable condition the library will be moved from its present location Wall street.

#### Church Grants Permission.

The following resolution was adopted by the trustees of the church granting permission for the building to be placed on the property: Resolved, that we grant the said Free Public Library the privilege of placing their building on the northeast corner of the church lot so that the east side of the library building will stand 18 inches from the line of the lot; the two buildings to be joined together and connected by a doorway.

It is understood that this privilege is of a temporary character, not to exceed three years, and the church reserves the right to cancel it upon giving due notice should it become necessary.

#### KENWOOD IS SOLD

atted Property Across River Brings \$22,000, It Is Said.

Kenwood, the addition to Bend across the river, was sold last week at a price said to be \$22,000. There are some 365 lots unsold. The buyers were J. Edward Larson, owner of the Bend laundry; E. V. Rykendale, an attorney of Pomey, Wash., and a Bend man whose name is not disclosed. The sellers are Don Rea, Robert Rea and Dr. Arion F. Ong of Portland. The

deal was put through by James Ryan, who returned Wednesday night from Portland.

Contract has been made by the new owners to have the property watered by the Linator system, water being piped to each lot from the river. Ryan & McGillivray are sales agents for the new owners.

### REAL ESTATE ADS IN BULLETIN PAY

Local Realty Firm Write of Good Results From Newspaper Advertising. Answers Come From Many States.

The following letter is self-explanatory: The Bend Bulletin, Gentlemen:

Just to show you why we believe that advertising in The Bend Bulletin is a good investment we want to tell you exactly what results we have had during the last 30 days.

Directly from our advertisements in your paper we have sold lots in Wiestoria, representing \$1400. Also during the last 30 days, many inquiries have come in and we have secured a big list of promising prospects.

During the last two months, from our Bulletin ads, we have made sales in Mojave, California; Lethbridge, Alberta, and Greenville, Tennessee. We also have got good prospects from a widely scattered territory, some from Virginia, Minnesota and Wisconsin, Texas and western Canada.

If any one thinks this is "hot air," he is welcome to call and see our records; they will prove what we say. Cordially,

OREGON INVESTMENT CO.

### WILL LOSE AN EYE

John E. Johnson, is Patient at Local Hospital.

John E. Johnson, a homesteader in Millican valley, was brought to the Bend Hospital Thursday suffering from injuries about the head which he said he had received from a horse kicking him. The right eye is so badly injured that he will lose it.

Johnson, who is 22 years old, was brought in by Dan Hissard in a wagon over the rough roads, standing the trip of 25 miles remarkably well.

### CRITICIZE PLATFORM

Visitors Suggest that Railroads Improve Lighting at New Bend Depot.

"It is so dark on the platform at the depot that you can't recognize your best friend when he gets off the train."

That is the complaint made by several people recently, who have asked if a suggestion can't be made that better lighting facilities be provided. It is understood that the matter has been placed before the railroad companies. Apparently the city has done its duty by erecting a strong arc light at the corner of Fir avenue and Fifth street.

"I should think this is a matter of real importance," said Rev. H. B. Fogarty of McMinnville. "Newcomers will get a far better first impression of the town if they step out upon a cheerfully lighted platform instead of emerging into almost pitch blackness. The suggested improvement would be a convenience for everyone concerned."

## FUGITIVE IS CAUGHT HERE

### HARRY BEARD RETURNED TO SALEM

Deputy Sheriff Fox Picks up Man Wanted by State Authorities—Necessary to Keep Him Muzzled While in the City Lockup

Warden E. H. Curtis arrived in Bend Saturday night to take to the Salem penitentiary Harry Beard, an escaped convict who was captured here last week by Deputy Sheriff L. L. Fox.

Beard blew into town the first of the week on horseback. He sold his horse and saddle to a local livery stable for \$25 and was proceeding to have a good time when he was unceremoniously interrupted by Deputy Fox and Policeman Brown. A description of the escaped prisoner had been sent out and it was by this that Beard was recognized.

When arrested, Beard gave the name of Muir but later confessed that he was the man wanted by the state authorities. He was placed in the city jail for safekeeping until the warden arrived. Beard had to be handcuffed and hobbled to prevent his escape. He demolished the furniture in the jail and with a piece of his coat was prying his way out when he was discovered and manacled.

According to reports from Sheriff Balfour, Beard was implicated some time ago in the theft of horses near Antelope and in the slaughter of cattle near Prineville. He was serving a term for embezzlement when he got out of the penitentiary last September. He had served time previously for horsestealing. He has two years yet on the embezzlement charge.

Beard said he has a brother who is a collector of customs in Portland and another brother who is a real estate man there.

### BUILDINGS GOING UP

Carmody Bros. and N. P. Smith Putting up Frame Structures.

Carmody Bros. have under construction on lot 9, block 13, Bond street, which they have leased from P. W. Brown, a one-story frame building 50x79 feet in dimensions. It will be divided into two rooms. One will be used by Carmody Bros. for their pool hall and the other by the Owl restaurant, which was in the building being moved away to make way for the bank building. A large plate glass front will be put in the building.

In order better to care for his business, N. P. Smith has under way a warehouse at the rear of his store. It is 20x60 feet in size and will be sheathed with corrugated iron.

## GRANGE HALL TO BE BUILT

### RANCHERS TO HAVE MEETING PLACE

Settlers on Irrigated Land Northeast of Town Raise Funds for Building to be Used as Social Center. Cost Will be About \$3000.

A hall which is intended to be the general meeting place for a large number of settlers northeast of Bend is being planned to be built at a point about six and a half miles from town. The Grange which was organized recently is back of the movement, and already half enough funds has been raised.

The location decided on is an acre of the H. J. Overturf ranch at the northeast corner of the Pilot Butte ranch. Mr. Overturf has made donation of the site, and the settlers of that community have already contributed about \$125 in cash, with additional subscriptions for future payments. The Central Oregon Irrigation Co. has signified its intention to donate \$75 or \$100. The settlers expect to receive a hearty support from the Bend merchants and other business interests and to have the hall completed in a short time. Donations of building or other material will be welcomed.

The committee from the Grange which has in charge the plans consists of H. E. Stewart, W. G. Waugh, C. M. Bragg, Alonso Moore and C. R. Lowe. The people of the community are a committee of one to assist.

The building will be 30x50 feet in dimensions. There will be one large room, with several ante-rooms. The hall will be for the public benefit, for dancing, socials, meetings, etc. It will be of bungalow design and an attractive edifice. It is estimated that the cost will be \$200.

The community is the most thickly populated section near Bend, and a large number of people will be benefited.

The social life among the settlers is already being developed, and with a centrally located and suitable meeting place they will enjoy many pleasures of which they are now deprived.

### OREGON HOGS PAY

Carload Shipped to Portland Brings Top Price.

PORTLAND, March 12.—A new era in the development of Central Oregon and the Deschutes Valley began with the receipt, on March 8, at the Portland Union Stockyards of a carload of 194 hogs. They took the top price of the season, \$6.95 per hundredweight. The most significant feature of the transaction was that they had been fattened on alfalfa and finished on wheat, the total cost to the growers being \$3.50 per hundredweight.

The hogs were loaded at Opal City

and Madras, 64 head belonging to the Baldwin Sheep & Land Company and 40 head to C. M. Eikins of Prineville.

The stockyards officials were delighted over the transaction; they say it is a most valuable object lesson on the change from range and bonanza wheat ranching to intensified farming conditions.

### HEAVY REGISTRATION HOPED IN COUNTY

Voters Expected to Turn out for Primaries—Books Close April 9th—List of Registration Places.

Pressure is being brought to bear from all sides to turn out a record vote in Crook county this year. It is expected that a far larger registration will occur than in any previous election.

To qualify for the primary elections, which will be held April 19th, all voters will have to register before the 9th of April. The list of registration places for the various precincts in the western and southern portion of the county is as follows:

Precinct	Place of Registration
Bend	M. S. Lattin & Co.
Ireland	Frank Boles, LaPine
Lava	John Atkinson, Bend
Deschutes	W. W. Orcutt, Bend
Laidlaw	A. F. Ramsey
Black Butte	D. A. Bowman, Sisters
Camp Creek	A. E. Fogg, Hampton
Camp Creek	Victor Schreder, Rolyat
Camp Crk S. Montgomery	Imperial
Powell Butte	C. M. Charlton

### MAY SHIP SHEEP HERE

Antelope Men Discuss Plan of Using Railroad Instead of Driving Animals

SHANIKO, March 11.—The driving of sheep from this section to Redmond and Bend for the purpose of getting them to summer pasture in the Deschutes and Cascade National Forests may be abandoned this year. The sheep will still be sent to the mountains, but it is planned to take them by train. The matter was discussed recently at a meeting of the wool growers at Antelope. H. J. O'Neill of the O. W. R. & N. Co. quoted a rate of \$14 a carload, which would be an average of about 4 cents a head. Definite action was postponed until a later meeting to be held here. If the plan is adopted, the sheep would be driven to stations along the Deschutes and loaded.

### FORD TO WITHDRAW?

According to J. E. Myers, candidate for nomination to the office of county school superintendent, R. A. Ford, the present incumbent, will not be a candidate for re-election. Mr. Myers is the principal of the Crook County High School and was here Saturday.

### BIG ST. PATRICK'S DANCE.

Arrangements are being completed for the St. Patrick's ball which will be held in Linnester's Hall on Monday evening, March 18th. The Bend Orchestra will provide music, and refreshments will be served. Dance tickets will be \$1.00, spectators 25 cents. The personnel of the committee is as follows:

On arrangements: B. O'Donnell, M. McGrath, G. Brosterhouse, H. O'Kane, Jas. Ryan, Joe Innes; floor committee: Harry Manion, Jesse Hunter, Barney O'Donnell, D. V. Mackintosh.

## TO ADJUDICATE THE DESCHUTES

### WORK COMMENCES ON BIG TASK

Water Superintendent Cochran, Under State Engineer Lewis, Starts Preliminary Work—Apportionment of Water Three Year Job

Adjudication of all the water rights of the Deschutes River is the next move on Engineer Lewis' Central Oregon program, according to George T. Cochran, superintendent of water district number two, who was here Monday.

Preliminary steps already are under way. Last week R. G. Wygant, an engineer connected with the state engineer's office, who was working here much last summer, went to Prineville to obtain data from the county records. With this initial material to work upon map-making will begin, and a thorough survey of the entire river, from Crane Prairie to the Columbia, will be commenced. It is probable that Mr. Wygant will go to work at this in a very few days. Mr. Cochran is getting things lined up for the surveys.

#### Task Complicated One

That the task of settling for all time the rights to water and water power upon the Deschutes is a large one, is fully realized by the state officials. It is estimated that the work will require from two to three years.

It is a matter of current knowledge, or at least of popular opinion, that the waters of the Deschutes have been filed upon for many more second feet than actually flows. However, it is anticipated that little serious trouble will result, as in similar cases upon western rivers apportionment of conflicting rights has been made with little friction.

According to Mr. Cochran one of the first steps that it will be necessary to take in apportioning the Deschutes water will be to settle the status of the Central Oregon Irrigation Company's Benham Falls appropriation. With contracts in the state that have virtually tied up some 58,000 acres of irrigable land for a number of years, and have reserved rights to water from the Deschutes for the irrigation of that territory, at the outset of the proposed adjudication it will be necessary to determine whether the company still retains right to the water which it never has used.

It is said that the adjudication will mean either the immediate use of the reserved water or its apportionment among other filers.

That the adjudication will hasten the actual development of water-right holdings is the opinion of the water officials.

## Why Endorse It?

"Why is it," asks a young man, "that they always want you to endorse a check at the bank?" The reason is simple. The endorsement is your receipt for the money. A check is an order on the bank to pay some particular person a certain amount of money. The person making the check wants to know that his wishes are fulfilled—that the person he gives the check to gets his money. It is much simpler, easier, and safer, to leave the money in the bank and then pay your bills by check. On account of the endorsement as above explained there is a complete record of each transaction. "Please see that all checks and drafts are endorsed."

## The Deschutes Banking & Trust Company of Bend, Oregon

"Conservative Banking for Conservative People."
