Mrs. Maxian Fish is now singing at the Star Theatre.

The Evening 500 Club will meet with Mrs. Lara tonight.

R. H. Loven has bought the shoe repair business of G. F. Hurt.

Rev I. I. Gorby spent Sunday in

Metolius, where he preached.

Mrs. Baird will entertain the Bridge Club Friday afternoon.

Mr. and Mrs. Darby expect to go to Portland this week on a visit.

J. P. Keyes of The Bend Company, left for Vancouver, B. C., Monday.

C. F. Chalfan and T. M. Post of Gist were Sunday visitors in Bend.

Mrs. C. D. Rowe expects to leave very soon for a visit in Minnesota.

Miss Eva Graves of Portland arrived Monday night to visit friends.

T. Swanson left Monday for Snohomish, Wash., to spend the summer.

Henry Schumacher of Tumalo was transacting business in town Monday.

Mrs. Hugh O'Kane left for Indiana yesterday, to be absent for some time.

There will be a meeting of the School Board Thursday night at the schoolhouse.

Thomas McCormack of Madras was in town Sunday, registering at the Hotel Bend.

Charles Silvis and W. H. Wing expect to leave tomorrow for the gold field of New Pine Creek.

Mrs. Mollie Schlickeliser moved last week into her home on Fir avenue, in Center addition.

Mr. and Mrs. Tom Ryan left yesterday for Minneapolis. Mr. Ryan is a brother of John E. Ryan.

Sam H. Garvin expects to leave Bend shortly, having been offered a position in Fresno, California.

Yesterday C. D. Rowe was directing the laying of wooden irrigation pipe on his ranch near town.

The eight carloads of cattle from Bill Hanley's Harney county ranch left for Portland early Friday morning.

William Hanley was here Thursday night, on his way home from Portland. He left Friday by auto for Burns.

A Bulgarian laborer who had a leg badly bruised at the North Canal construction camp is being treated at the hospital.

Mr. and Mrs. Leon Fuks have arrived from Wyoming, Ill., to spend the summer. They are residing at Mrs. Frame's.

R. B. Gould attended County Court at Prineville last week, filing plat of First Addition to Kenwood for the owners.

Mrs. R. P. Tyler and son came down from Crescent Sunday to meet C. A. Warner, wife and daughter of Rockland, Idaho.

L. C. Barrett of Britt, Iowa, has opened a cleaning, pressing and tailoring business in the Jones building on Wall street.

The Afternoon 500 Club will meet tomorrow at the home of Mrs. Everett, in Center addition, the hostess being Mrs. Newman.

C. J. Hubbard, representing the H. L. Keats Auto Co. of Portland, was an arrival Sunday night. He is a friend of Prince Staats.

Carl Hunter, son of Mr. and Mrs. J. N. Hunter, is seriously ill with pneumonia. Mrs. G. W. Hall is nursing him at his home.

ESTABLISH NEW STREET GRADES

CITY COUNCIL TAKES ACTION

Engineer Koon Submits Map Showing Changes—Merchants Want Ban

Pat on Shooting of Firecrackers.

Incandescent Lights for Park.

Action relative to changing street grades, which the city has been working on for some weeks, was taken at the meeting of the council last night, the city attorney being instructed to draft an ordinance embodying the proposed changes. A number of property owners affected appeared before the council and discussed with them the matter.

Engineer Koon stated to the council that, from an engineering standpoint, there was no fault to find with the present established grades, such changes as recommended being largely a matter of personal judgment. A map showing the changes was submitted by him at an informal meeting of the council Monday morning, and they were decided on at that time and property owners notified. E. A. Sather is affected more than anyone else, the grade being lowered about 6 inches in front of the lots on which he is building.

Oppose Shooting Firecrackers.

The business men presented a petition to the council asking that an ordinance be passed forbidding the shooting of firecrackers in the city. The council ordered such an ordinance drafted, to be submitted at its next meeting.

A petition signed by 43 persons asked for an are light at the corner of Front and Cascade streets. A committee consisting of Lattin and Steidl was appointed to investigate and have installed the number of incandescent lamps needed in that part of Park addition, which is now without lights. A petition for a light at Fifth street and Evergreen avenue was referred to this same committee.

L. A. Shaw asked for a permit to erect a frame one-story warehouse on the rear of lot 1, block 15. Spencer, Lattin and Steidl were appointed a committee to investigate and report the advisability of granting the permission.

R. G. Blackwell was given permission to erect an electric sign in front of his pool and billiard hall.

Chairman Spencer reported that he had been unable to proceed with the building of cross walks on account of lumber ordered not yet having been delivered.

Bills Ordered Paid.

CAR OF LUMBER TO NEBRASKA
Last week the Overland-Davis-Miller Co. shipped a carload of lumber to the J. A. Fellers Lumber Co. at Elk Creek, Neb. The shipment included some 30,000 feet of mixed material, chiefly boards and uppers. During the last two months many other carloads of Bend manufactured lumber have gone eastward.

Innes & Davidson's shop is the best place in town to get your hair cut or a shave.

NEW CROP FOR DRY LANDS

C. S. Hudson Imports Spanish Peanuts For Experimental Work.

Following up his bank's lead as a developer, in importing hogs and cattle for local farmers, C. S. Hudson of the First National has brought in a small amount of Spanish peanuts with which experiments will be made on dry lands.

The "peas" come from Holly, Colo. In that vicinity they are grown on dry land with great profit, and with benefit to the soil as well. In appearance they are about the same as ordinary peanuts, though smaller. As food for cattle and hogs they are said to be unexcelled, a 40 bushel to the acre yield being about the average, on ordinary dry land. The tops or vines, will yield from two to six tons of fodder and are also fine as stock food.

The new product will grow on land fit for nothing else and is highly recommended by Prof. Cottrell of the Colorado Agricultural College at Collins, Colo. Farmers in the vicinity of Bend will be provided with small quantities of the seed for experimental purposes, by applying to Mr. Hudson.
