

### HORSES STOLEN FROM BROOKINGS AND JOHNSON

Thursday Night Mare and Pony Disappear, One Owner Coming to Bend and Describing Suspects.

Last Thursday night two horses were stolen from the homestead country, one belonging to G. A. Johnson and the other to Horace Brookings. Friday Johnson gave chase, following up footprints and establishing the identity of the thieves to his own satisfaction. He was brought to Bend by a passing auto.

So certain was he of the identity of the thieves that he named them here Saturday, stating that he desired their names and description to be published. One he said was Ed Melson and the other a man by the name of Hattenshaw. Both had been working on the road in the vicinity of Brookings. The first, Johnson described as being about 35 years old, 5 1/2 feet tall, with a large mustache and "Mexican appearance," and the other, fair complexioned, blue-eyed, about 26, 5 feet 7 inches tall, and when last seen was wearing patched overalls and soft gray hat.

The sheriff has been notified and a close watch is being kept for the men. The stolen horses are described as follows: A bay mare, with unusually long legs, "R. P." branded on left shoulder, weight about 1500, 5 or 6 years old and with sore shoulder. The other is a pony, weight about 900, reddish color, with a habit of kicking one hind foot.

### "OLD ACQUAINTANCE" NOT FORGOT WHEN MEN MEET

Railroad Man Tells How He Helped Local Secretary Get Married, up Near the Canadian Border.

Two old time friends met Thursday when F. W. Graham, Western industrial agent of the Great Northern, and P. W. Brown, manager of the Bend Commercial Club, saw each other after a long separation.

After "old times" had been talked over, Fred told all about it.

"Why, Pete and I are old cronies," he said. "You see, he used to be agent up at Blaine, in Washington, near the international border, when I was agent at Bellingham some well, some years ago. One day Pete took it into his head to get married, but there wasn't a chance to get a ring or a license way up at Blaine, so he sent down to me and I got him all that he needed. Then Pete went ahead and did the rest."

### EXAMINING POWER SITES

State Engineer and Prof. McCaustland on Trip of Investigation.

Thursday State Engineer John H. Lewis, accompanied by Prof. D. J. McCaustland and R. G. Wygant was in Bend, in connection with a general examination of the Deschutes river preparatory to further steps that will be taken in adjudicating its waters.

Prof. McCaustland, who is at the head of the engineering department of the University of Washington, has just completed a trip up the river from its mouth, examining all water-power sites. Mr. Wygant, assistant state engineer, has commenced a trip down the river, whose purpose will be to map in detail all the power sites marked out by Prof. McCaustland, with a view to their comparison and the establishment of their relative value and feasibility. Messrs. Lewis and McCaustland examined Benham Falls, then went to Prineville, and, before going out, looked over matters in the Sisters and Laidlaw districts.

### LIBRARY ELECTS OFFICERS.

Insurance and Plans For a Young Men's Room Discussed Yesterday.

At a meeting of the Ladies' Library Club yesterday afternoon at the Baptist church, Mrs. P. W. Brown was elected secretary and Mrs. John Silvertooth treasurer. Mrs. F. F. Smith continues as president.

It was decided to give a "sample sale" some time in July. Bourcy & Brotsche donated their labor in the construction of the chimney for the new library building. Rev. Mr. Foskett spoke of fire insurance advisability for the library, and outlined a plan to make the large room adjoining the new library quarters, into a social room for the use of young men.

## DE LAVAL CREAM SEPARATOR

A Money Maker and Saver

The Cow's Best Friend

If you are still skimming milk by the old-fashioned "setting" system you are losing about one pound of cream in every four and you are not giving your cows a square deal.

With a De Laval cream separator you would get 20 to 35% more, and much better, cream, and besides would have warm sweet milk to feed to your calves and pigs.

We know that the De Laval will give you better service and last twice as long as any other separator and will be a money-maker for you.

Ask any of your neighbors who use a De Laval what kind of service their machines have given them. If a De Laval will save cream and make money for your neighbors it will do as much for you. Why not give it a trial?

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest.

SOONER OR LATER YOU WILL BUY A DE LAVAL
