

A Card of Thanks

TO OUR
Many Friends and Customers:

I wish to personally thank our many friends and customers for the consideration shown us during the past month while our store has been so upset. The inconvenience that we were obliged to put you to while the changes were being made were absolutely unavoidable. We have yet to hear the first complaint.

The carpenters and painters will be busy for 10 days or two weeks more. When they are out of the way I promise you a store that Bend may well be proud of. Everything possible will be done for your comfort and convenience. This is your store and we want you to consider it as such. It is your patronage that has made it possible for us to put a store of this kind in Bend and we want to show you that we appreciate all you have done for us.

A square deal to all, backed by a fair price and good service is the foundation on which our business rests.

Our grocery department has been moved to the new part of our building and has an entrance on Oregon St. This department is practically settled and we cordially invite you to visit us and see as clean, modern, up-to-date grocery department as you will find any where in the state of Oregon.

C. A. Stahl, representing the De Laval Dairy Supply Co., Seattle, went out to Fremont last week from Bend and sold the creamery and cheese factory company there machinery for its plant, which will be put in operation within a few weeks.

MRS. LOUIS DOONER DEAD

Had Come Sunday Afternoon, Following Lingering Illness.

After an illness of more than a year, Mrs. Doonar, wife of Louis Doonar, manager of the Pioneer Telegraph & Telephone Co., died Sunday afternoon at 5:15 o'clock of tuberculosis. She was not conscious after Friday.

Mrs. Doonar, with her husband, came to Bend several months ago from Prineville and lived in Kenwood and there, surrounded by her relatives, she passed into the beyond.

It was her dying wish that her body be cremated, and this was carried out by her husband, the remains being taken to Portland Monday. They were accompanied by Mr. Doonar and L. E. Lawrence.

Mrs. Doonar was a daughter of Mr. and Mrs. C. G. Naltagar of Sedro-Woolley, Wash., who survive her, together with two sisters. One of these is Mrs. C. H. Cook of Bend. Mrs. Naltagar was with her daughter when the end came.

AUTO IS BURNED.

An E-M-F automobile, belonging to John Collins and being driven by his son, was burned on the hill this side of Laidlaw late Saturday afternoon. Young Collins was on his way to Portland, being alone in the car. In going down the grade, the engine was used as a brake. The oil and gasoline became ignited from a spark and the car was consumed in a few minutes. It was insured, it is understood.

RILEY HOTEL AT LA PINE DESTROYED BY FIRE

Last Night \$4500 Blaze Wiped Out Hotel and Residence, \$2600 Being Covered by Insurance.

LA PINE, June 12.—Fire which was discovered at 11:15 last night completely destroyed the Riley Hotel here and the adjoining residence of W. R. Riley. The loss is estimated at \$4500. Insurance of \$2600 was carried.

The flames were first seen by Mr. Riley. It is understood they originated, from cause as yet unknown, directly in front of the store. Apparently the first blaze was extinguished, but in some way the flames got up through the double wall and again broke out, too strongly to be checked. Everything about the hotel was destroyed. Some of the furniture in the residence, which was 26 feet south of the hotel, was saved. The hotel, which included a pool hall, was of two stories, dimensions 48 by 70 feet. The burned buildings stood on lots 20 and 21 of block 33.

W. R. Riley is well known in Bend, having been in the real estate business here two summers ago. This morning M. S. Lattin, insurance agent, left for La Pine.

FREIGHT OUT, WOOL IN

Big Tonnage Taken to Harney County From Bend During the Week.

During the past week the auto trucks and wagons have taken a big tonnage of freight from the local warehouse to the Harney country. The amount in the warehouse was greatly reduced as a result. More, however, continues to arrive. Yesterday a carload of flour mill machinery consigned to Burns was unloaded. Monday four eight-horse outfits left here loaded for there.

Wool is beginning to arrive. Bill Brown of Flite having eight ten-horse teams on the way with the fleecy product. Lake county sheepmen are also bringing their wool here.

This morning 8000 pounds of wool arrived from Lake county.

FORMER BEND MAN TO WED.

Invitations have been received in Bend announcing the marriage next week of Allen Thompson, a former resident here. The bride-to-be is Miss Nina Trabue, and the ceremony will be performed in Los Angeles, Cal., June 18. Mr. and Mrs. Thompson will, after August 18, make their home at 133 East 60th street, Los Angeles.

RAILWAY EAST MAY COME SOON

NOTHING DEFINITE
YET, HOWEVER

Persistent Rumors Are That Hill Line Will Be Extended Eastward Within Short Time—Means Better Lumber Rates.

While no definite information is obtainable at present, and as yet no active steps have been taken, more than usually persistent rumors insist that there is "something doing" with the Hill southeast line out of Bend.

The statement of the timbermen that Bend soon is to have large mills is taken by many as an indication that a direct rail connection with the southwestern and middle western markets is in the air. It is known that for a long time negotiations have been progressing with the transportation companies looking to an agreement whereby Bend-manufactured lumber would get better rates to eastern markets than now obtained, and which would place the local product upon a satisfactory footing in competition with other Northwestern lumber.

Situation in Nutsell. "Here's the situation," say those who are puzzling their heads with the outcome of the matter. "It's a cinch that the mills will be built soon. It's a certainty that they won't be built until the rail rates to the market states are satisfactory. Also, there is excellent reason to believe that lumber won't be hauled from here to the Columbia and then up the Columbia, by a big detour, when it is possible to get it directly across the state—and across a section of Central Oregon that can support a railroad even without the big and profitable lumber business."

It is insisted by many that the recent tour of Hill officials, in conjunction with the promised immediate opening up of and the rapid development of the country to be traversed the lumber manufacturing, mean that the line from Bend southeast, which has been surveyed for over a year, will become a reality speedily.

The establishment of such a junction here would mean that an enormous volume of eastern and south-eastern traffic that now goes to Portland by various routes would focus at and pass through Bend. Above all, it would permanently assure for Bend the location of many manufacturing plants that operate in connection with big saw mills.
