BEND, OREGON, WEDNESDAY, JUNE 19, 1912.

NO. 15

CITY FATHERS CHOOSE MAYOR

G. P. PUTNAM ELECTED LAST NIGHT

Fireworks Ordinance Passed and a Sunday Show Turned Down—Engineer Koon Submits Supplementary Sewer Report.

At the meeting of the City Council last night G. P. Putnam was elected mayor, by a unanimous vote, after nomination by Councilman Wenzany. No other candidate was proposed at the meeting. Mr. Putnam is the editor and owner of The Bulletin and has been a Bend resident for more than three years. The position of mayor has been vacant since the resignation of U. C. Coe was accepted March 22.

At the close of the meeting, after the regular business had been transacted, the new mayor was sworn in. No fireworks in city.

The fireworks ordinance, prepared on petition of the business men of the city, was read the first and second times and passed, going into effect at once. It prohibits the selling or the shooting of fireworks within the city limits.

On motion of Allen, the council voted to refuse to issue a license to a show which had applied for same for Sunday, July 7, because citizens objected to a Sunday performance. The vote was unanimous. The Miller Amusement Company will be charged no license fee for showing here the 3d to 6th under the auspices of the Commercial Club, the regular amount being collected but rebated.

The barb wire fence recently put up around lot 9 and part of lots 8, 10, 11, 12, 13, 14, 15, was declared a nuisance, by unanimous vote of the council, and the chief of police was instructed to have the owners of the property remove the fence, or replace it with a woven wire or board fence.

Sidewalks were ordered built on the north side of lots 1, 2 and 3, of block 14, Bend.

Would Have Those Benefited Pay.

Engineer Koon filed a report supplementing his original report on the sewer system. In this he states that one of the mains recommended for immediate construction can be dispensed with, if the city sees fit, cutting down the cost from \$79,000 to about \$70,000. He also recommends that the cost of the laterals which will be directly benefited thereby. This cost he estimates at \$107 for each 50-foot lot, served. The amount of the bond issue would in this way be reduced some \$14,000. The city attorney was instructed to prepare a deed conveying to the city a right of way through the Bayn property in Lytle for the extension of Wall street, which Mr. Bayn told Councilman Steidl in Portland re-

cently he would sign. Chief of Police E. E. Roberts reported for duty and was instructed to go on the day shift again today, C. D. Brown returning to night work as before.

After the installation of the new mayor, there was an informal talk regarding the present apparent uselessness of the chemical fire engine. It was decided to place the upkeep of it under the charge of the police department, and Chief Roberts was instructed to get the engine in working order. A practical test will be made soon.

The council adjourned until Friday, June 21, at 8:30 p. m.

"BULLDOG OF THE WEST" GETS GAY AT LA PINE

Would be "Bad Man" Uses Six Shooters, Then Beats It With "Borrowed" Horse—Cuts Phone Line.

A man giving his name as Jim Starr tried to start things at La Pine last Thursday, when he turned loose with a six shooter and enjoyed himself in the most approved "wild west" fashion. After getting the drinks at a saloon, he beat his board bill at the hotel, threatening dire catastrophe if any effort was made to collect same, and then appropriated a horse and made off, incidentally cutting the telephone line between Bend and La Pine, to prevent information getting to the authorities here.

The would be bad man calls himself the "Bulldog of the West," and as he figured prominently at the Pendleton Roundup. Thus far no trace of him has been found, but Sheriff Balfour and Deputy Fox are looking for the "bulldog," with the hope of putting a muzzle on him.

PRESBYTERIANS ORGANIZE

Officers Are Elected—Erection of a Church Probable Soon.

The complete organization of the local Presbyterian church was effected Sunday by the election of elders consisting of L. D. West, C. S. Benson and C. D. Rowe. At a later session Mr. Rowe was chosen clerk. A new board of trustees was also elected, comprising U. C. Coe, F. G. Minor, L. B. Baird, J. H. Bittner, C. S. Hudson and W. B. Sellers.

Plans are well under way for the erection of a permanent building, says Dr. I. I. Gorby. Some \$5000 already is available for this work. This Sunday Dr. Gorby will preach at Redmond, morning and evening.

E. M. LARA IN DESCHUTES BANK.

E. Morris Lara has bought an interest in the Deschutes Banking & Trust Company and henceforth will be actively associated with it. Lara is the bank's manager. Mr. Lara retains his interest in and connection with the Central Oregon Brokerage Company, which he and W. H. Cable conduct.

WENANDY OPENS FRIED YARD.

The Wenandy Livery & Auto Company today started the erection of a feed yard, for farmers and freighters, on the land opposite the United warehouse. A large stock of hay and grain will be kept on hand. One of the chief users of the yard will be the freighters from Burns and the south country.

SUBSCRIPTION FOR 4TH, \$877

DONATIONS HAVE BEEN GENEROUS

Plans For 3 Days of Fun Coming on Well and Program Will Be Ready to Be Announced Next Week—Those Contributing.

Thus far \$877 has been subscribed toward the three-day Fourth of July celebration. Below is given the roll of honor.

By next week the complete program will be ready for announcement, it is expected.

WOOL SHIPMENT BIG FROM BEND

HALF MILLION POUNDS IN SIGHT

Nearly 25,000 Sheep Will Come Here by Rail, and 30,775 Will Pass Through Bend on Way to Summer Range in Reserve.

Despite the fact that little effort has been made to concentrate wool at Bend, because the matter was taken up at a late date, about half a million pounds will come here for shipment. Since Friday more than 60,000 pounds have arrived from Silver Lake, and 125,000 pounds is coming from the Bill Brown ranches, toward Burns.

Another 150,000 pounds or so is due to arrive from Silver Lake, and considerable amounts are expected from other southern districts, while more is also scheduled to arrive from the Bear Creek and Harney countries, although exact figures of this movement are as yet not known.

Today two carloads of wool leave for Boston. On Monday, July 8, will occur the first wool sale in the history of Bend. The date originally set was June 22, and the change is of great importance, as it will allow large quantities of wool to come here that could not have been ready by the last of that week.

Yesterday morning 18 cars of sheep came in, and several shipments more of the animals are expected during the week from railroad points to the north, between Madras and the Deschutes canyon. These sheep, which leave spring range in the Shaniko and Antelope districts, will be brought to Bend by train after unloading here will proceed to summer grazing grounds in the Deschutes and Cascade Forest Reserves.

Sheep Go to Reserves.

According to statistics furnished through the courtesy of Supervisor Harvey of the Forest Service, 24,000 sheep will be brought here by rail, and perhaps several thousand more.

In addition to these sheep which will come to Bend another 12,475 are scheduled to pass through town for the reserves, making a minimum total of 36,775 sheep that will trail this way. These figures apply to grown sheep, for whose grazing in the forest reserves application has been made, and do not include lambs under six months. Each owner pays six cents a head for his sheep, for the forest grazing permit until October 15. Usually in September the sheep return from the reserves. This year specified driveways have been laid out by the forestry people, each about a half mile wide, and staked out. The bands are driven to the reserves along these, and each has a corral where the sheep are counted by a forest ranger, before being admitted to the reserve.

NOTHING DEFINITE AT CHICAGO

CHICAGO, June 19.—1 P. M.—The morning has brought forth no definite action in the Republican national convention, most of the activity being directed to blocking tactics. Each side claims victory and Taft and Roosevelt supporters are busy calling each other names. No serious disorder has occurred in the convention as yet, but rioting seems probable. The largest police force employed at such a gathering is on hand. Root is chairman, having been chosen by a vote of 558 to 502. Despite this apparent Taft superiority in what was regarded as somewhat of a test vote, the Roosevelt men are confident. It seems generally accepted that if Roosevelt can not get what he wants from this convention—the nomination—he will leave the steam roller at the Coliseum and set up a convention of his own.

WOULD FREIGHT THIS WAY

Oil Man Desires Improvement of Burns Route For Big Shipments.

J. C. Turney, who left Monday for Burns, made an effort while here to get something done toward the improvement of a portion of the Bend-Burns road, which he says is in a bad way. The piece particularly referred to covers some 16 miles in Crook and Lake counties.

Mr. Turney is interested in the development of gas and oil properties in the Burns country, and says he now has in Portland ready for shipment to Burns 120,000 pounds of machinery and supplies. It is his desire to bring this, and other shipments, in by way of Bend, and with this in view he wants the road improvements he mentions made. Another improvement which all seem to agree should be undertaken and can be made very inexpensively, is that of sinking a couple of wells at points along the road.

ROBS BLIND MAN; JAILED

News "Butch" Given Year in Jail by Justice Lawrence Today.

On a charge of larceny Frank Vejar, aged 22, of Portuguese descent, was sentenced to one year in the county jail at Prineville by Justice Lawrence this morning.

Vejar was convicted of stealing a grip belonging to Lazo Kanger, a blind peddler, last night. It contained goods and money worth not more than \$35.

Vejar has been news "butch" on the train for about a month. Last night he slept with the blind man at Zupan's house, and this morning when the peddler awoke about 4 o'clock he discovered his roommate gone and his baggage also missing. The police were notified and Vejar was arrested. He denied having ever seen the blind man, but the evidence against him was strong and he was convicted. He got the maximum sentence for the offense.

LIBRARY WILL HAVE BENEFIT.

Tomorrow (Thursday) evening will be Library Night at the Star Theatre, as the Ladies' Library Club is to have a benefit for that institution. Special reels will be shown, and there will be other very interesting features on the program. A large attendance is expected. Manager Newman now has electric fans installed, and has had the space around the curtain neatly decorated.

MRS. HUDSON ON SCHOOL BOARD

FIRST LADY DIRECTOR TO HOLD OFFICE

Ralph Poindexter and J. M. Lawrence Tie For Clerkship—Indebtedness Cut Down During the Year Just Closed.

At a lightly attended annual school meeting Monday afternoon, Mrs. C. S. Hudson was elected a member of the school board, to serve three years, succeeding Clyde McKay, who was chosen the first of the year to fill out the unexpired term of Millard Triplett. Mr. McKay was not a candidate for re-election.

Vote For Clerk is Tie.

For the clerkship the vote resulted in a tie—nine ballots each for Ralph Poindexter and J. M. Lawrence. The judges reported the tie and let the matter rest there. It is understood the law requires drawing of lots in such a case, and this probably will be resorted to at the next meeting of the board, unless a more sporting method of deciding the matter appeals to the principals.

The entire vote stood as follows:

For director—Mrs. C. S. Hudson 18, Charles Boyd 2, J. M. Lawrence 2, W. B. Sellers 1, R. M. Smith 1. For clerk—J. M. Lawrence 9, Ralph Poindexter 9, Marion Wick 1, Mr. Hudson 1, Charles Boyd 2, Miss West 1, Clyde McKay 1, John Boyd 1.

Mrs. Hudson is the first woman director who has served in the Bend district.

The financial report of the district, as presented by the retiring clerk, Miss Marion West, showed a gain of \$1681 in the school's financial status. The debt at the close of last year was \$2848.99, while this year it is but \$1151.65 in outstanding warrants. The cash on hand is \$42.79. In addition to this, of course, should be included the outstanding bonded indebtedness, which amounts to \$4500.

The report also showed that the expenses of the school next year, as estimated, will exceed those of the past term, by about \$367 a month, while it is possible that this increase may be even greater, should the growth of the town, and the resulting demand for educational facilities, increase more rapidly than now anticipated. The monthly expense this year averaged about \$1151.44. That for next year is estimated at \$1415.65.

To meet this increased expense one offset will be the enlarged tax from the district, which this year includes more than \$100,000 ad-

(Continued on page seven)

DID YOU EVER?

Did you ever stop to think that your wife might get sick? That there'd be a hired girl in the kitchen? That there'd be doctor's bills to pay? That the rent might come due? That you might have to meet the last installment on your furniture? That you might break a leg? That taxes are certain as death? That all these things require ready money? That such events have befallen others? That they might happen to you? Moral: PREPARE FOR IT, by pinching out a little now before it happens. There is nothing so handy as a bank account when you are in trouble. Start now.
