

BEAUTIFY THE VACANT LOTS.

Campaign in Kansas to Promote Their Improvement.

BOYS AND GIRLS INTERESTED.

State Agricultural College Arranging Contests for the Best Gardens and Vegetable Patches—Prizes to Be Offered—Conditions of the Work.

Idle town lots might well be converted into pretty flower and vegetable gardens by idle boys and girls. It is good for the lots and excellent for boys and girls.

On that platform the extension department of the Kansas Agricultural College is campaigning now for boys and girls' garden contests—a contest of one in every town. Prizes for the best all around family garden, for the prettiest girl's flower garden and prizes for the best potato patch are offered.

The college can be only a promoter in these contests. It can't offer cash

NOTHING IMPROVES A TOWN MORE THAN TRANSFORMING ITS BARE AND WEED RIDDEN LOTS INTO GARDENS AND PARKS.

prizes. It is urging commercial clubs, other organizations and individuals to assume the responsibility for the prizes and for starting the competition. Flower garden contests for girls and family garden or potato growing contests for boys are suggested. The college is sending information about the growing of vegetables or flowers and blanks upon which to record yields, sales and other information desired by the judges.

Contests already have been started in some towns. For civic improvement and for promoting civic pride, not to mention the other advantages, the contests have proved valuable. In some places this competition has been started in an effort to get the town cleaned up generally as a part of a "city beautiful" campaign. Nothing improves a town's appearance more than transforming its bare or weed ridden lots into vegetable and flower gardens.

The family garden contests are open to boys and girls, too, between the ages of ten and twenty, whether in town or on the farm. The garden plot is to be 50 by 100 feet. In this plot are to be grown at least ten varieties out of a list of sixteen of the common varieties of vegetables. This is the sixteen from which to select: String beans, peas, radishes, lettuce, cabbage, onions, beets, sweet corn, parsnips, saffiy, carrots, tomatoes, spinach, turnips, cucumbers and peppers.

In awarding the prizes these points are to be considered: The total amount of vegetables produced, the cost of material and labor and the method of rotation whereby the ground or plot may be made to yield one or more varieties of vegetables throughout the growing season.

ADS. ON GARBAGE CANS.

Company to Give Montgomery Sanitary Receptacles For Nothing.

A representative of an advertising company recently appeared before the city commission of Montgomery, Ala., and offered to present the city with a large number of sanitary garbage cans if the board would agree to allow a certain amount of foreign advertising in the cans. The matter will be taken up later by the commission.

The can is about three feet high and is arranged so garbage can be removed from the bottom, thus obviating the necessity of turning the can over before trash can be removed. It is proposed to place only foreign advertising on the receptacles.

Inaugurate Spotless Town Campaign.

The Portland (Me.) board of health has been making strenuous efforts to get a movement started in Portland to clean house. In other towns such a proposition has worked out with great success, and as the springtime came these towns that have aspired to be "spotless towns" have inaugurated an organized campaign as a result of which the back yards and front places in the cities have all been cleaned up. The board of health is to undertake such a campaign in Portland. It is backed up by the Civic club, and invitations have already been sent to some thirty different organizations in the city asking for co-operation and assistance in the work.

AGRICULTURAL YEAR BOOK.

The Department of Agriculture at Washington has just issued its 1911 Agricultural Year Book—a bound volume of several hundred pages containing much interesting and instructive information regarding agriculture, horticulture, stock raising, etc. Each Senator and Representative has copies of this Year Book for distribution and any farmer can secure a copy by sending to one of the members of the Oregon delegation.

is the man who gets the wood, and CARTER is THE MAN when you want wood that will make the pot boil.

And all it costs you is—
\$4.00
A CORD FOR BLOCK OR LIMB WOOD.

In town every day.

F. M. Carter
THE WOOD MAN

Cost of Brick vs. Cost of Frame

Some people think that "Brick is too expensive." This is a great mistake.

The price of lumber has advanced until a house can be built with 8 inch solid brick walls for only a slight extra cost over frame.

Not over 6 per cent, to 8 per cent, and in many cases at the same price as frame.

The difference is soon wasted by painting and excessive repairs and cost of heating on a frame house. Also, the cost of insurance is greatly lowered.

In a short time a brick house has cost less than wood. We have the figures and can prove it.

However much the relative cost of Brick and Wood may vary in different localities, the first cost and maintenance of a wooden house soon exceeds the first cost and maintenance of a Brick House.

When You Build Use Brick

Repeating Shotguns
\$19.50 to \$95.00

Marlin

solid frame and take-down, many grades and styles, with special models for trap and field shooting, etc. The most extensive line of repeating guns in the world.

Every Marlin repeating shotgun has the Marlin solid top, side ejector and closed-in breech. It can't freeze up with rain, snow or sleet; rain can't run down the action and swell the shells in magazine; dirt, leaves, twigs and sand are also excluded from the action. Simple, strong mechanism; one-third less parts than any other repeating. The double extractor pulls out shell. Handles rapidly, guaranteed in shooting ability—and the automatic recoil safety lock makes it the safest breech loading gun built. Be sure you get a Marlin. DO IT NOW! Send three stamps postpaid and get our big catalog of all Marlin repeating rifles and shotguns by return mail.
