### Our Ice is Clean and Transparent.

It is pure all the way through and there are no soft spots or "snow ice." It is as nearly perfect as ice can be made and that is the reason it melts so slowly and is so economical to use.

It is so wholesome that you can use it with perfect safety in the preparation of frozen desserts and iced drinks and it adds wonderfully to their delicate flavor. If you have not used our ice, you don't know how good ice can be. Let us show you. Telephone.
