Free GOVERNMENT Lands

THERE are thousands of acres of Government lands in Central Oregon, still open to entry in 160 and 320 acre tracts and can be taken as Homestead or Desert Claim. The soil is very fertile and with sufficient rainfall to insure good crops. These lands lie in Beautiful Valleys, in sight of the big, Snow-Cap Mountains and along the right-of-way of the extension of two big Trunk Railroads that now have their terminus at Bend.

We have located hundreds of good farmers in these valleys, who are making a success and there is lots of room for you and the country needs you.
