

B

THE BULLETIN

IS DOING ITS BEST TO GET ALL THE NEWS OF Central Oregon. It is paying cash for correspondence from the various districts, and it wants much more correspondence than it is able to procure. Articles of special interest to farmers are being published regularly, as well as all the news obtainable from farming communities.

If you have any news about your own place, or your neighbors, or about crops, or farming methods, or anything else of interest, send it in and your "story" will be published.

The Bulletin Wants More Farmer Subscribers.

To encourage them, a **SPECIAL FARMERS' TRIAL SUBSCRIPTION RATE OF 50 CENTS FOR SIX MONTHS** goes into effect from this date until September 15th. Only residents of Crook County are entitled to receive the paper at this reduced rate.
