

APPROPRIATION FOR WELL IS PROMISED SETTLERS

County Court Agrees to Give \$1000 to Aid in Developing Southeast Part of the County.

The Commercial Club met last night, a regular session being held. The special program was postponed until a later date.

The committee appointed at the last meeting reported that it had taken up with the County Court the matter of an appropriation for drilling a well for public use on the road to Burns and had secured the promise of the court for \$1000. The location will be at the intersection of the old Prineville road with the Bend to Burns road. The understanding is that the money be paid only when water is secured by the driller.

It was stated that the matter had also been taken up with W. E. Co-man of the Oregon Trunk, who wrote that he would bring it to the attention of President Young.

A hog show committee consisting of C. S. Hudson, P. W. Brown, J. E. Sawhill, A. M. Lara and R. M. Smith was appointed. It was reported that outside sources had signified their willingness to co-operate in holding such a show. It was also decided that it would be a good thing to have prizes for a good collection of vegetables, grasses and grains.

A committee to assist in getting up an exhibit for the Great Northern Railway to be sent to the land show was appointed, consisting of P. W. Brown, H. J. Eggleston and H. B. Ford. A. T. Frame agreed to secure an exhibit from the Hampton country.

The next meeting of the club will be on August 27.

FARMERS' ORGANIZATION

Educational Co-Operative Union is Formed in District East of Town.

The farmers living east and northeast of Bend are awake to progressive ideas, taking hold of everything which they believe to be for their betterment. This spring a Grange was organized and a hall built, and recently a branch of the Farmers' Educational Co-Operative Union of America was formed. The officers of the organization are: R. M. Elder, president; E. W. Richardson, vice president, and Cole E. Smith, secretary.

Meetings are held every first and third Tuesday evening in the month. The next gathering will be on August 20, at the Richardson school house.

CARTRIDGE IN HIS PIPE

Homesteader in Sisters Country Victim of Peculiar Accident.

(Sisters Herald.)

A strange and unheard of accident befell A. C. Ladd, who lives on a homestead about 14 miles north of Sisters, last week. Mr. Ladd had been using a 22 caliber rifle and put some of the loaded shells in one of his pockets with his pipe. One of the shells became lodged in the bowl of the pipe and not noticing it he filled his pipe and sat down for a quiet smoke. The heat from the pipe exploded the shell breaking the pipe, pieces of which struck his eye badly lacerating it. He thought at first that someone had shot at him and rushed to the door to see who it was.

Mr. Ladd was in Sisters Wednesday and stated that he cannot see out of the injured eye but is confident he will recover the sight within a short time.

BISHOP SCADDING COMING

Episcopal Clergyman Will Preach Twice Here Next Sunday.

Bishop Scadding of the Western Oregon Diocese of the Episcopal church will be with the party coming from Portland by way of Bend en route to the convention at Lakeview. Arrangements have been made to have the distinguished visitor preach here twice Sunday. In the morning at 11 o'clock he will speak at the Star Theatre, in place of Dr. Gorby, and in the evening will conduct an open air service on the old Drake lawn.

The usual Presbyterian Sunday school services will be held at the Star Theatre Sunday at 10 a. m.

SAND AND GRAVEL PIT.

A gravel and sand pit has been opened up by W. A. Bates and W. A. Beaver in the field on the east side of the river opposite The Bend Company's sawmill. Mr. Bates states that an excellent quality of both materials is obtainable there, and that it is to be used in the concrete construction of the new electric power plant of the Bend Water, Light & Power Co.

USES BEND LUMBER.

An example of Bend's position as a manufacturing and distributing center is furnished by the fact that a rancher named Dixon, who lives about five miles down the Crooked River from Prineville, finds it advantageous to buy all his lumber from Bend. The lumber, manufactured here, is shipped to Redmond and thence freighted to Dixon's.

CONVENTION NEXT TUESDAY

Portland Autos, En Route, Will Center Here Sunday.

The end of this week Bend will be a lively auto town for the Portland parties bound for the convention of the Central Oregon Development League at Lakeview, commencing next Tuesday, will all head for Bend, remaining here, some over Saturday and some over Sunday night, before continuing southward.

From Bend about ten people will go to the convention. Among those whom it is definitely known will attend are Mr. and Mrs. C. S. Hudson, Mr. and Mrs. J. E. Sawhill, D. E. Hunter and V. A. Forbes. Mr. Hudson is on the program for one of the important speeches, his subject concerning the co-operation of banks and farmers, particularly in the line of stock importation. Mr. Sawhill, as secretary, will also be heard from.

BAPTIST CHURCH.

Rev. H. B. Foskett will speak as usual next Sunday, morning and evening. Morning topic, "The Crisis and the Remedy." Evening, "Spiritual Agriculture." Bible school at 10 a. m. The school is being reorganized and graded; teachers have been secured for all departments and the best methods will be employed to make it an up-to-date organization. Miss Winifred Elyea will have charge of the young people's department. The young men's room will be thrown open next Sunday for use. All are cordially invited, especially strangers and those without any church home.

BENEFIT FOR CHURCH.

Next Wednesday night at the Star Theatre there will be a benefit performance to raise funds for the Methodist church building. There will be special music, including solos and duets, as well as special reels. Tickets will be on sale at Corkett's and Patterson's.

NO CHARGE ON ROADS.

The Hill and Harriman lines have offered to transport all children's exhibits to the state fair and return them free of charge. Included in the exhibits list are drawings, needlework, agricultural products, canned goods, preserves, poultry, livestock or industrial work.

McKAY IS SCHOOL DIRECTOR.

The school election last Thursday night, held to select a successor as school director to Mrs. C. S. Hudson, resulted in the election of Clyde McKay, who was formerly director, his term expiring at the time of the last election. There was no other candidate nominated at the meeting, Mr. McKay receiving 25 votes.

FUNDS FOR THE SCHOOLS.

Crook county's share this year of the interest money on what is known as the state Irreducible school fund is \$5613.48. The division is made on a basis of \$1.86 for every school child in the state enumerated under the last census, between the ages of 4 and 20 years. In this county the number is 3018.

INTEREST IN ROADS GROWS.

Farmers Now Realize the Importance of Better Highways.

When good roads are fully appreciated by farmers—as we believe farmers are now beginning to appreciate their value—farm life will be relieved of much of its loneliness and educational progress will be accelerated.

Not that farmers alone can or should build the roads; the roads are as essential to the business men in the towns as they are to a farming community. But when farmers see the value of good roads they will take the initiative in voting bonds, securing state and federal aid and in giving some of their own time to road construction.

There are many farmers who, although not directly opposed to paying the price of good roads, are nevertheless reluctant in voting bonds and actually doing their own part in building roads. These passive men will become active and the country will be annexed to the city for business reasons.

Bitumen Bound Roads Durable.

An example of the strength sometimes developed by bitumen bound broken stone roads was furnished recently in the city of Houston, Tex., where storm water washing into an excavation at a street corner undermined a section of bituminous pavement, thirty square feet in area. The pavement was laid about three years ago, and is said to have carried the traffic passing over it without support of any kind.

La Pine, Crook County Oregon.

A classified ad in The Bulletin is read by hundreds and brings the advertiser good returns for the money invested.
