The Brown round-up was held at Pringle Flats last week. A large number of colts were branded this year.

Many of the stockmen out here have sold their fat steers for \$63 dollars a head.

Everyone's alfalfa out here looks fine this year.

PRINEVILLE

PRINEVILLE, Sept. 3.—The Crook county fair grounds are being put in excellent condition. New buildings and additions are being erected and an extra large and commodious grandstand is being finished. The half-mile track when completed will probably be the best anywhere in this part of the state. The managers are spending a large amount of money to make this fair one of the biggest in the state.

The crops through here generally are excellent, and the ranchmen who are directly benefitted thereby have smiles on their faces as broad as a beaver's tail.

Bishop Paddock of the Episcopal Diocese of Eastern Oregon gave two instructive and scholarly lectures at the Presbyterian church Sunday.

Mrs. Jackson Silbaugh, National organizer and lecturer for the W. C. T. U., gave two lectures here Sunday.

THE COMING Hog Center

All indications point toward Bend as the center of a profitable and extensive hog raising section. The climatic conditions of this section are ideal. Shipping facilities make rapid transportation at low cost possible. Farmers will do well to look into the hog raising business as it is a paying one.

Getting the largest profit out of a pig, requires simply proper feeding to develop the greatest amount of weight in the shortest time, on the most economical feed.

FOR THIS PURPOSE, FEED UNION MEAT COMPANY'S DIGESTER TANKAGE

Union Meat Company's Digester Tankage develops bone and muscle in young pigs, and makes them grow. It prevents rheumatism, thumps and rickets. It imparts such fat and finish to "show" swine and market hogs that it has won the title, "The feed that makes Prize Winners and Market Toppers."

Union Meat Company's Digester Tankage is the most economical feed obtainable. Experiments have shown that \$1 worth of Digester Tankage puts more weight on a hog than \$1 worth of any other kind of food.

Digester Tankage is a concentrated Protein Meal. It is made from fresh, wholesome pieces of meat trimmed from beef. It is shipped in the form of a meal which makes it easily mixed in mash feeds. Shipped in convenient 100 pound sacks. Keeps indefinitely.

Digester Tankage has been tried and recommended and is now being used by best growers and authorities in the Northwest. It is becoming more popular every day. It will pay you to know more about it. Send at once for circular No. 49.
