When you go to your room have a nice room to go to.

Dear Amy:-

Have you ever had the anticipated joy of a jolly visit spoiled by going to see some friend whose husband is rich enough to furnish his home handsomely, but either too stingy or too careless to do it?

When one of my friends comes to see me, indeed, I have a beautifully furnished room for her. I think it would be a shame not to, don't you, Amy?

Always your friend,

Lou.
