NEW SHIPMENT OF LIGGETT'S CHOCOLATES JUST ARRIVED AT PATTERSON'S.

"BUILD ALL THE ROADS YOU CAN."

This is the Working Slogan of the Kansas Farmers.

If you can't build a lot of road, build all the road you can. This is the policy of the farmers of Washington county, Kan., particularly between the towns of Palmer and Linn. These farmers try to build some road every year and keep it in repair, but they have an annual road building bee, when every one is supposed to turn out and work.

One of those annual workfests took place a few days ago, when A. R. Losh, assistant state highway engineer at the Kansas Agricultural college, accepted an invitation to build one mile of road in any way that suited him. A big drill was given attended by 250 persons. One hundred and fifty men worked all day on this mile, with sixty teams, two traction engines, six graders and dozens of women and girls to encourage the outfit.

Mr. Losh had the mile graded thirty feet wide, including cuts; laid the ditches straight, gave the banks the proper slope so that they would not cave in and cause blockades, reduced two very steep hills to a reasonable grade and pulled all the brush and young trees that interfered with the smooth working of the road. The leaders in this enterprise were W. E. Wilson of Washington, S. H. Hamilton of Clifton, H. W. Sterus and Henry Meterford of Linn and J. A. Clark and Henry Palmer of Palmer.

Mr. Losh accepted an invitation recently to go to a town in southeastern Kansas, where the motor club members said they were in favor of good roads. After he had worked one day he discovered the motor club had placed a limit of \$1250 a mile for model road building. The work stopped that evening.

FOR BETTER HIGHWAYS.

Growing Interest in Good Roads in the Mississippi Valley.

Country wide interest in the improvement and maintenance of public highways is nowhere more pronounced than in the middle west. There are under consideration by legislative bodies and motoring organizations in the Mississippi valley several projects for the betterment of road conditions.

One of the most formidable of these undertakings is that by which it is hoped to link Chicago and Milwaukee. A gift of \$1,000 toward a \$6,000 fund to be devoted to the building and maintenance of roads in Kenosha county, Wis., was the first step toward this project. The gift was made by Charles T. Jeffery in behalf of the Thomas R. Jeffery company, of which he is president. With the completion of the proposed Chicago-Milwaukee highway will be established the first leg in a route that will take the motorists from the hills and lakes of Wis. across over the prairies of Illinois to the Mississippi river at St. Louis.

"The gift was made by this company," said Jeffery, "because we are interested in the building of good roads in Kenosha county and because we appreciate the demand for improvement that is being made by those who have occasion to use our roads. We are hopeful that the movement will be a general one, for we are in hearty sympathy with those who advocate the cause of improved highways."

SCHOOL NOTES

The new students in the High School are Florence Thomas and Duval Bedell, both in the freshman class. There are now 41 in the High School, every seat being filled. Since last Tuesday 17 pupils have entered school and 9 have left, leaving a net gain of 8. This makes the total number in school 253.

Mr. Shouse received a reply from Prineville concerning a football contest. The football team had a meeting but the date for the first game has not been definitely decided on. The boys hope, however, to have a match in Bend before long. The B. H. S. players this year will likely be lined up as follows: Right end, John Bates; right tackle, Ivan McGillivray; right guard, Harry Spining; center, Willie Linster; left guard, Duval Bedell; left tackle, Ray Deardmond; left end, Clyde McGillivray; quarterback, Harry Johnson; right halfback, Claude Kelley (captain); left halfback, Norval Springer; fullback, Claude Vandeventer; subs, Kenneth Minor, Arthur Vandeventer, Earl McClure.

NEW LIBRARY BOOKS.

The library has placed the following new books on the "pay shelf": "The West Wind," Brady; "The Red Cross Girl," Davis; "Their Yesterdays," Wright; "The Hollow of Her Hand," McCutcheon; "Mrs. Eli and Policy Ann," Olmstead; "The White Shield," Reed; "Moths of the Lumberloft," Porter; "The Sign at Six," White; "The Armchair at the Inn,"

At the Lara home last Friday evening, Mrs. F. F. Smith entertained the Bridge Club.

The Presbyterian Ladies Guild will meet this afternoon with Mrs. E. P. Brosterhouse.

William F. Arnold and family, who sold their ranch here recently, have located at Adin, Cal.

Mr. and Mrs. George Lowell left Sunday for Walla Walla, Wash., on a short business trip.

East Lake was stocked with fish last week, the local forestry people

Fix up your home for the party.

Dear Amy:-

I want you and Bob to come to our party next Friday night. I'm always glad to give a party, because I'm proud of my handsomely furnished home. Life isn't worth living if you live it all by yourself. I enjoy entertaining our friends, and they always have such a good time when they come to our home. I'll bet you and A. Amy, have sold more furniture than any ten women in town, because when people come into our homes they can't help wanting their own also to be beautiful.

Be good,
Lou.

P.S.-In making my home beautiful, and happy, I owe it all to

E. M. Thompson
Where Your Dollar Does its Duty.
