

It requires but very little thinking, after one has seen the natural resources surrounding Bend, to see how and why Bend will become one of the most prominent manufacturing cities in the Northwest; neither does it require much thinking, after one has seen and studied the map of Bend, to see how and why

RIVERSIDE ADDITION

must and will become the "factory district" of Bend. Already it is the most practicable and desirable, owing to its advantages which are necessary to factories of any kind.

Some of these advantages lie in the fact that Riverside is cut in two by the Railroad, making a great number of lots running along the Railroad right of way; while any of the others can be reached easily and cheaply by short spurs from the main line, thus enabling one to load or unload directly from his own platform into the car. Then a great number of lots lie right on the bank of the Deschutes River, which advantage is too obvious to recount; but the greatest advantage of all lies in the fact that to any of these lots we can deliver the cheapest power in Bend, for they average but three ordinary city blocks, or 1800 feet from Bend's largest power plant now building, the dam alone to cost \$150,000, which will be ready to deliver power this winter; and the farthest lot from power is only three city blocks, 1800 feet from the Union Depot.

Comparative Figures for End of the First Month—Seniors Debate Single Tax—Grade Pupils Being Taught Sewing—Coach for Football Team

(Reported for The Bulletin.)

A comparative report made by Prof. Shouse shows the number of pupils in the Bend school on October 4, the end of the first month, was 238, as against 184 at the same time last year. He also furnished the following figures of interest to school patrons:

	Oct. 4, 1912	Oct. 6, 1911
Total registration	274	189
Number Withdrawn	36	5
Number remaining	238	184
Total days attendance	4441	3104
Percentage of attendance	96.7	97.5
Average Tardiness per day	7	4 2-3
Visits by parents	19	7
Visits by sch brd	0	6
Pupils neither absent nor late	138	102

The teachers' institute will be held at Prineville next week and there will be no school. The Prineville fair will also be held next week. Mr. Shouse has received season tickets to the fair for all school children who want them. The fair association is giving free tickets to all pupils in the county.

Last Friday afternoon four members of the senior class gave an impromptu debate on the single tax. Ivan McGillvray and Carl Hunter spoke against it and John Bates and Ray Deyarmond argued for it.

Mr. Shouse has received a letter from the Oregon Equal Taxation League offering two three-day trips to Portland for the best composition on the "Evils of the Single Tax." The contest is open to any pupil of the grade or high schools of Oregon, outside of Portland. One trip is

offered to a boy and the other to a girl.

Some of the grades have been doing sewing in addition to their regular school work.

Elmer Ward has been engaged to coach the football team. No game has been definitely arranged, but the boys will probably play the Crook County High at Prineville October 26.

Miss Tressie Huntington, sister of the eighth grade teacher, has been elected to take the position to which Miss Kathryn Ryan was chosen. Miss Ryan could not come to Bend on account of the illness of her mother. Miss Wiest has been teaching temporarily until this week, when Miss Nona Richardson was secured to fill in.

For the convenience of school patrons, Manager Keyes has arranged to have the Bend Co's mill whistle blown punctually at noon. School clocks will be set daily according to this time and all school patrons are requested to set their clocks daily by this whistle. Tardiness at school is on the increase and appears to be due in part, at least, to irregularities of clock time.

SPECIAL MUSICAL PROGRAM

Best Talent of Town Will be at Star Theatre Thursday Night.

A musical program which will be one of the best—if not the best—

ever given at a motion picture theatre in Bend will be that at the Star Theatre tomorrow evening, under the auspices of the Fraternal Brotherhood lodge. There will be three numbers, O. M. Gupta and Joe McKay will play a mandolin duet; Miss Arrie Black will sing, and Miss Iva West will play a violin solo. Miss Eva Graves will play the accompaniments.

There will be three motion pictures: "Whirlwind Courtship on Brandon's Ranch," a Pathe Western comedy; "The Puppet's Hour," Lubin, and "An Outcast Among Outcasts," Biograph.

RECEPTION TO NEW MINISTER

Methodist Congregation and Friends Welcome Rev. Newham.

A reception attended by some 50 people was held at the Methodist church Monday evening, to welcome the new pastor of this church, Rev. Ernest Newham, to Bend. Dr. Gorby, the Presbyterian minister, made a speech of welcome, Mr. Newham responding. The program also included several songs by Miss Arrie Black. Refreshments of punch, wafers and cookies were served.

Mr. Newham arrived last Wednesday evening from Idaho, and Sunday preached his first sermon here. He made a very favorable impression on his congregation, and the Methodists are well pleased with their new pastor.

WATER USERS MEET

Officers for Next Year Elected Saturday Afternoon.

A regular meeting of the Central Oregon Irrigation Co. Water Users Association was held at the Commercial Club room Saturday afternoon, with a good attendance of local members. Several out-of-town men were present, including Messrs. Vosburg and D. C. Hall of Terrebonne.

Aside from election of officers, there was no action taken of importance. Secretary Cole E. Smith stated after the meeting. The following were elected: P. J. Young, president; E. W. Richardson, vice president; Cole E. Smith, secretary; C. W. Hoech, treasurer.

R. M. Elder was elected a member of the board of directors for three years. The hold-over members are J. Allen Thompson of Redmond (chairman) and E. A. Griffin.

ENGAGEMENT IS ANNOUNCED.

Last Wednesday evening the Priscillas gathered at Mrs. Lara's home to celebrate the announcement of the marriage of Miss Iva West and Elmer Vernon Ward, which will take place the latter part of November. After games there was music and merry-making in general. Miss West was requested to stand under a huge Japanese umbrella where she was showered with many pretty as well as useful gifts.

VACATIONS FOR FARMERS.

(O. A. C. News Letter.) Farmers should so arrange their work as to take an outing each year. They will be benefitted by getting out once a year from the routine of the work on the farm which will not suffer if it be properly planned. Relative to this subject an eastern paper says:

"Most farmers are believers in the eight-hour system—eight hours before noon and eight hours after! It may be a good system when one is his own boss, but its rather hard on all concerned. Therefore, every farmer should have a sort of pitchfork arrangement which will throw everyone, himself and his wife included, off the farm at some convenient time to take a compulsory vacation. Never fear that the work will suffer. It will not if it is properly planned. Never fear that anyone who thus has an outing suffers. On the contrary, everyone, and the work, too, will be benefitted."—McMinville News-Reporter.

Since there is no time of the year when the farmer can more easily leave his home duties than early in December, the authorities at the Oregon Agricultural College have this year changed the date of the annual one-week farmers' course to Dec. 9 to 14, instead of immediately preceding or following the winter short course, which this year comes Jan. 9, Feb. 7. The agricultural instruction at the college, insofar as is possible, will be held down to a single week of the most practical and helpful lectures and demonstrations, some 30 or 40 a day, covering the breeding and raising and care of all sorts of farm animals, the growing and harvesting of grains, forage crops and fruits, the planning and erection of farm buildings, and the solution of a vast number of farm problems.

CARD OF THANKS.

We wish to extend our thanks to all those who aided us in serving the chicken dinner last Thursday evening.

SUMMONS.

In the Circuit Court of the State of Oregon, for the County of Crook, The Bend Company, a corporation, Plaintiff, vs. G. C. Cooper and N. A. Cooper, co-partners, doing business under the firm name and style of The Terrebonne Lumber Co., Defendants.

To G. C. Cooper and N. A. Cooper, above named Defendants:

In the name of the State of Oregon you are hereby required to appear and answer the complaint filed

against you in the above entitled suit within six weeks from the date of the first publication of this summons, and if you fail to appear and answer for want thereof the Plaintiff will apply to the Court for the relief prayed for in the Complaint, to-wit: for judgment against you and each of you for the sum of \$719.29 with interest thereon at the rate of 10 per cent per annum from April 17, 1912, until paid, and for the costs and disbursements of this action.

This summons is served upon you by publication by authority of an order of the Honorable H. C. Ellis, Judge of the County Court of the State of Oregon for the County of Crook. Said order is dated the 24th day of September, 1912, and is duly recorded and entered in said Court and action.

Date of first publication September 25, 1912.
VERNON A. FORBES,
29-35 Attorney for Plaintiff.

Before You Let the Contract

for that new building, consider these facts about brick.

In building with all other material no allowance is made for doors, windows and other openings.

With brick you can make an allowance of 10 to 25 per cent.

With lumber 15 to 25 per cent is added for sizing, laps, etc. With brick it is unnecessary.

With all other material 5 to 10 per cent added for waste, such as cutting, fitting, knots, shakes, etc. With brick there is absolutely no waste.

When a building is finished, built with any other material, there is always a lot of waste to haul away.

With brick, if you have any left we will take them off your hands at the full price you paid for them.

There is a hundred other reasons why you should build with brick.
