OREGON TRUNK  
REPORT FILED

\$16,523,115.69 SPENT IN  
FIVE YEARS

This Year 35.55 Miles of Line Has  
Been Constructed, Making a Total  
of 186.64 Miles Now  
Being Operated.

The report of the Oregon Trunk,  
filed with the State Railroad Com-  
mission, shows that a total of \$16-  
523,115.69 has been expended for  
building and equipment between  
July 1, 1907, and June 30, 1912. The  
report does not show the operating  
revenues and expenses. The road  
was operated by the construction de-  
partment and these items are in-  
cluded in the total given for road  
and equipment.

Earning and operating expenses  
during construction are placed at  
\$78,248.80, showing a deficit of \$61-  
829.69.

The report shows that 35.55 miles  
of line were constructed during the  
year. The road has a total of  
186.64 miles of line operated, in-  
cluding all tracks in the state of  
Oregon, with a total of 186.46 miles  
for the entire line, including 73 miles  
in Washington.

There were 66 injured and seven  
killed on the line during the year.

## MEET HERE, ARE MARRIED

First Ceremony in New Methodist  
Church Performed Monday Night.

The first marriage ceremony in the  
new Methodist church was performed  
Monday evening at 9:45 o'clock,  
when Rev. R. C. Newham "tied the  
knot" for James L. Hicks and Mrs.  
Ida Barker. Mr. Hicks came in Mon-  
day in his auto from Burns, where  
he is in business, and Mrs. Barker  
arrived on the train that night. They  
left yesterday for the Harney county  
city, where they will reside.

## TAKEN ILL AT CHURCH

Mrs. J. J. Klein has acute Attack of  
Cardiac Asthma.

Suffering from an attack of acute  
cardiac asthma, Mrs. J. J. Klein was  
taken critically ill at the Methodist  
church Sunday evening just after  
services began. Accompanied by her  
daughter, Miss Grace Klein, she  
started to go out, collapsing as she  
reached the steps. For some  
minutes it appeared as if she would  
die, scarcely breathing. Dr. F. H.  
Thompson was hurriedly summoned

and Mrs. Klein was revived after  
hard work and taken to her home in  
an auto. She remained in a critical  
condition all night.

## ROADS AND RELIGION.

Better Highways Will Increase the  
Church Attendance.

At the national good roads congress  
Bishop Fallows said:

"Good roads are closely allied to re-  
ligion. Good roads in the country dis-  
tricts would not only increase the  
church attendance, but would improve  
the general moral tone of the com-  
munity. It is a work that is worthy of  
the assistance of all the churches in  
the country."

That is good gospel. A man's ideas  
and purposes are always bettered by  
fair surroundings. Order, neatness,  
usefulness, constitute a sort of high  
plane of thinking. Given the charac-  
ter of the material conditions of a  
community and you can almost tell  
how it will vote or in what numbers  
it will go to church. A dirty gutter is  
an obscene story. A deep mudhole in  
a country road is a nest of profanity.  
A miserable, old, broken down hogpen  
near by is a scandal in the neighbor-  
hood. A man's thoughts are largely  
what his surroundings make them. If  
they are ragged, filthy and disordered,  
so is his thinking.

So in making good roads, parks, side-  
walks and gutters the tone of public  
sentiment is elevated, and it can then  
be counted upon to support the true  
progress of a community. A bad out-  
look pulls a man down like a bad com-  
panionship.—Ohio State Journal.

## Women to Help Beautify Roads.

The Iowa Federation of Women's  
Clubs has joined in the good roads  
movement in that state.

While the men are agitating the ad-  
visability of making drag roads or es-  
tablishing cross state highways the  
women will make a plea for the abo-  
lishment of landscape-disfiguring sign-  
boards and that trees be planted along  
the cross state routes that the roads  
might be made shady and more beau-  
tiful.

## The Profitable Cow.

It is impossible to get away from the  
fact that the dairy cow is the most  
economical producer of human food of  
all of our live stock. This is the reason  
the dairy cow finds her permanent  
habitat and exists in her highest de-  
gree of perfection on high priced land.  
The dairy cow—just as sure as the  
world moves—forces herself to the re-  
cue of the man who owns expensive  
land and who is compelled to get out  
of it a living and something besides.

The above statement is published  
in accordance with an act passed by  
Congress on August 24, 1912. Daily  
papers are required to state, in ad-  
dition, the average number of copies  
of each issue sold or distributed,  
through the mails or otherwise, to  
paid subscribers during the six  
months preceding the date of the  
statement. The following are ex-  
tracts from the new law:

"It shall be the duty of the editor,  
publisher, business manager, or  
owner of every newspaper, magazine,  
periodical, or other publication to file  
with the postmaster general and the  
postmaster at the office at which  
said publication is entered, not later

ager, and owners, and, in addition,  
the stockholders, if the publication  
be owned by a corporation; and also  
the names of known bondholders,  
mortgagees, or other security hold-  
ers; and also, in the case of daily  
newspapers, there shall be included  
in such statement the average of the  
number of copies of each issue of  
such publication sold or distributed  
to paid subscribers during the pre-  
ceding six months: Provided, That  
the provisions of this paragraph shall  
not apply to religious, fraternal, tem-  
perance, and scientific, or other simi-  
lar publications: Provided further,  
That it shall not be necessary to in-  
clude in such statement the names of  
persons owning less than one per cen-  
tum of the total amount of stock,  
bonds, mortgages, or other securities.  
A copy of such sworn statement shall  
be published in the second issue of  
such newspaper, magazine, or other  
publication printed next after the  
filing of such statement. Any such  
publication shall be denied the privi-  
leges of the mail if it shall fail to  
comply with the provisions of this  
paragraph within ten days after  
notice by registered letter of such  
failure.

Free Fruit Land at  
PaisleyDON'T BE AFRAID OF U. S. GOVERNMENT CAREY  
ACT IRRIGATION PROJECTS IN OREGON.---

The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley Project in Lake County, it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

THE LAND IS LEVEL, FREE FROM ROCK, AND IS A RICH VOL-  
CANIC ASH SOIL. The climate is perfect for fruit, which now grows to  
perfection at Paisley.

## Apples, Peaches, Plums, Pears, Prunes.

Construction work upon the dam and reservoir has now been in  
progress for three months, with Thomas Hawthorn, State Inspector, on  
the ground. He was formerly with the U. S. Government Reclamation  
Service on the Umatilla Project.

Send for 32 page illustrated book. Go to Paisley by automobile  
stage from Bend and see the land. Our agent at Paisley, Hugh K. Gil-  
more, will show you the land. It is free to those who pay the cost of  
putting water on it.

Northwest Townsite Co. are among the largest taxpayers in Oregon,  
owning townsite subdivisions at Prineville, Madras, Redmond, Bend,  
Burns, Vale and also the 840-acre Corn ranch at Paisley, including a 50-  
barrel-a-day capacity flour mill, and general store.
