**SEATTLE CLUB
ENDORSES BEND**

**TOWN HONORED AT
LUNCHEON**

Influential Ad Organization Puts
"O. K." on This Community at
Unique Halloween Affair Hand-
led by Bend Park Company.

Bend, Oregon, is a new town,
but it has a boosters' club that
knows its business. Tuesday's
session of the Seattle Ad Club,
at which the Emblem Club, of
Bend, was the guest of honor,
was a revelation in advanced
methods of publicity. As was
once said of Seattle, Bend is a
"summer" and a "comer."
Editorial in Seattle Times, Oct.
31.

Last Tuesday, at Seattle, Bend was
singularly honored and advertised.
The Seattle Ad Club, one of the
largest and most influential publicity
and business organizations in the
West, was the sponsor of a regular
Ad Club luncheon, at which the
Emblem Club of Bend was the official
host of the day, represented by the
Bend Park Company, to whom be-
longed the credit for the arrangement
and the financing of what was char-
acterized as the most unique and
entertaining event of the kind yet
seen in Seattle, a city noted for such
"stunts."

There were 265 Seattleites at the
long tables in a special room of the
Rathskeller. More than 200 were Ad
Club men. Some thirty ladies were
present, setting a new precedent for
the Seattle club's luncheons, which
hitherto have been exclusively stag
affairs. There were, in addition to
Ad Clubbers, the members of the
Bend Park Company's force, and a
number of invited guests, men inter-
ested, in one way and another, in
Bend.

The luncheon was, first, last, and
all the time, a Bend boosting affair.
During the hour and a half of its
duration this town received more
unique and substantial publicity than
has ever before been accorded any
community in the Northwest. Every
other week the Seattle Ad Club has
a luncheon. Each is turned over to
some firm, among its members, to
be conducted by the hosts of the day,
who are privileged to pull off any
special features they wish. Last
Tuesday was the first time that a
real estate firm ever has been given
the conduct of the luncheon, and the
first time that the Seattle organiza-
tion ever has turned its official at-
tention to an enterprise outside of

the state of Washington, or has put
its "O. K." upon a small town, and
especially one in another state.
In a lengthy report of the festivi-
ties, the Seattle Post-Intelligencer
said, in part:
In the gloaming of artificial
twilight, accentuated by heroic sil-
houettes of witches astride broom-
sticks on the walls, jack-o'-lanterns
of papier mache on the tables and
paper caps of white, black and
yellow on the heads of the hosts
and guests, the Emblem Club, of
Bend, Ore., yesterday entertained
the Seattle Ad Club at a Hallow-
een party and luncheon at the
Rathskeller, and sang songs and
made speeches, in which the fame
of Bend was linked with the des-
tines of Seattle for a lively hour
and a half.

Bend Runs the Program.
Acting President J. Fred Braid
relinquished the chair to Frank B.
Poor, general manager of the Bend
Park Company, who marshalled
the speakers and directed the
musical program.

Mr. Poor spoke enthusiastically of
the cordial relations that exist be-
tween Bend and Seattle, reminding
his hearers that they who had seen
Seattle grow could understand the
wonderful development that lies be-
fore Bend, and setting forth, in a
few forceful sentences the resources
that make Bend the "one best bet"
among all the smaller cities of the
Northwest.

Then Mayor George Cotterill of
Seattle told of Seattle's progress,
past and future, predicted great
things for Bend, and offered the
heartiest hand of good fellowship and
cooperation from the metropolis of
Puget Sound to that of the Deschutes.

The Seattle mayor was followed by
Bend's mayor, G. P. Putnam. He
gave a brief description of Bend's re-
sources, particularly dwelling upon
the progressiveness of the men who
are working for Bend and for the
development of Central Oregon. He
especially thanked Seattle for the
great interest it is showing in Bend,
and the Ad Club for its hospitality
at the luncheon.

W. D. Cheney, president of the
Bend Park Company, and originator
of the day's entertainment, had a few
words to say, chiefly of the Ad Club's
interest in the town for which he
was working. Introduced by him,
there then followed forty-five min-
utes of vocal fun making—songs,
yells and special "stunts"—that kept
the big gathering in an uproar of
enthusiastic applause. The songs,
humorously and seriously narrating
the delights of Bend and of Seattle,
the yells, and especially the final
performance of the Bazo Band, already
known in Bend, made the biggest
kind of a hit.

It was the most unique affair ever
attempted in Seattle. Also, it was
the best advertising effort ever seen
here," was the way one prominent
Ad Clubbist expressed the general
opinion. A direct result of the good
time is that Seattle is talking Bend
today even more generally than ever
before—and everyone in Seattle
seems to know a lot about Bend.

**Free Fruit Land at
Paisley**

**DON'T BE AFRAID OF U. S. GOVERNMENT CAREY
ACT IRRIGATION PROJECTS IN OREGON.**

The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley Project in Lake County, it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

THE LAND IS LEVEL, FREE FROM ROCK, AND IS A RICH VOLCANIC ASH SOIL. The climate is perfect for fruit, which now grows to perfection at Paisley.

Apples, Peaches, Plums, Pears, Prunes.

Construction work upon the dam and reservoir has now been in progress for three months, with Thomas Hawthorn, State Inspector, on the ground. He was formerly with the U. S. Government Reclamation Service on the Umatilla Project.

Send for 32 page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmore, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Co. are among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale and also the 840-acre Corn ranch at Paisley, including a 50-barrel-a-day capacity flour mill, and general store.

Our bank references are:
First National Bank, Philadelphia, Pa.
Girard National Bank, Philadelphia, Pa.
Commercial Trust Co., Philadelphia, Pa.
Interstate Finance Corporation, Philadelphia, Pa.
Merchants' Trust Co., Camden, N. J.
Security Savings & Trust Co., Portland, Ore.
Address all communications to our Portland office, 601 Yeon Building.
Write now. The average cost of water will be \$46 dollars an acre.
We will give you a square deal.

HOMESTEADER'S HOME ROBBED.

To the Editor of The Bulletin:
The home of C. H. Genung near Pringle Plate was broken into and robbed of everything which could be carried out through the window, which was forced open to gain access by the thieves. They also hauled away about five hundred feet of lumber which Mr. Genung had just hauled in from the mill to build a barn with. There is getting to be too much of this kind of thing and some effort should be made to put a stop to it. Mr. Genung suspects certain individuals as his place was broken into last spring while he was absent on a five-day trip and if the culprit is caught it will go hard with him.

HOMESTEADER.

ELITE STUDIO.
Special—Three free posing days for ladies, November 9th, 10th and 11th. A nicely finished and mounted cabinet photograph free to each lady. Mrs. Todd will assist in posing and draping. Elite Studio.

SIMPLE MIXTURE HELPS

BEND PEOPLE
That simple remedies are best has again been proven. The Patterson Drug Co. reports that many Bend people are receiving QUICK benefit from simple buckthorn bark, glycerine, etc., as mixed in Adler-I-Ka, the German appendicitis remedy. A SINGLE DOSE helps sour stomach, gas on the stomach and constipation INSTANTLY because this simple mixture antiseptizes the digestive organs and draws off the impurities.

San Francisco, California

**Standard of the World
For Over 60 Years**

Because its
made right, by a force of
skilled plow experts whose equal
cannot be found in any other plow fac-
tory in the world. There are many different
makes of plows, each claiming to be the best, yet
the fact remains that three John Deere plows are
in use to one of any other kind. The John Deere Fac-
tory, the largest in the world, turns out every year more
plows than any five other factories combined.

The Pioneer Plow Maker, John Deere, made his first steel plow by
hand from the blade of a saw in 1837. The first slab of steel rolled in
the United States was rolled for the John Deere plows by William
Woods, of Pittsburg, in 1846. And ever since those early days
Deere Plows have shown the way and maintained the lead in this
great national industry. Is it any wonder that the farmers of the
world express their verdict in the familiar phrase,—"If it's a
Deere—it's Right."

We make over 1000 styles of plows, each as good as it
can be made,—the best that brains and perfect equip-
ment can produce. No matter what your needs may
be, we can supply them from our line.

H. J. EGGLESTON
