

FOR THE BEST CLOSE-IN RESIDENCE PROPERTY IN BEND INVESTIGATE

LYTLE

There you will find property ideally located as to closeness to the business district; property to any lot of which city water can be immediately piped; from nearly every lot there may be had a gorgeous view of the Cascade Mountains; and from where you can choose lots to suit your taste as to topography, such as outcroppings of rock ideally adapted for bungalows, or smooth, clear, level lots, free from rock, where gardens and lawns may be had the first year.

If convenient call at our office and be taken out over LYTLE so that you may see for yourself; or if you are out of town, write for further information which we will be pleased to furnish. We can also take actual photographs of the property and send you if you are interested.

ODD FELLOWS HAVE BANQUET

CELEBRATE MOVE TO NEW HALL

Visitors Present From Lodges of County—Interesting Presentation Made by D. L. McKay—Midnight Dinner at Hotel Bend.

Fraternal orders in Bend which have been without a permanent meeting place since the fire of July 3 are now moving into modern and well equipped quarters. In celebration of this, the Odd Fellows on Monday evening had a big meeting. The chief event of this was the banquet served near midnight at the Hotel Bend, at which some 50 plates were laid.

Members of the three-link order were present from all the lodges in the county except those at Madras and Prineville, making the attendance large. Two candidates were initiated during the evening.

An interesting feature of the evening's session was the presentation to Bend Lodge No. 218 by D. L. McKay of his Grand Lodge collar and jewel, and acceptance of the same by the lodge. Mr. McKay received the I. G. O. F. insignia 42 years ago. The following excellent menu was served at the Hotel Bend:

- Oysters on the Half Shell
- Consomme
- Olives
- Aquau Salad
- Fried Chicken, Maryland Style
- Cream Potatoes
- Boiled Tongue La Quao
- Green Peas
- Ice Cream
- Chocolate Cake
- Mascaroons
- Fruit
- Black Coffee

After dinner speeches were made by a number of the visitors and local men. The present corps of elective officers of the lodge are: Ralph Spenser, noble grand; Vernon A. Forbes, vice grand; J. E. Engsbretson, secretary; Charles D. Rowe, treasurer.

A. C. LUCAS HELD UP BY HIGHWAYMAN NEAR HOME

Unknown Assailant Knocks Him Senseless, Leaving no Clue Other Than Supplied by Aldridge.

Efforts are being made to apprehend a hoodlum who attacked A. C. Lucas on Monday night at about 10 o'clock, a short distance from Mr. Lucas' home. A man spoke to Lucas, who turned, and then was struck in the back of the head, rendering him unconscious. When he regained his senses he says he was wandering around aimlessly, east of the railroad. He had some money loose in his pocket, part of which was taken by the highwayman. Some change was found on the ground at the place of the attack, apparently dropped in being removed from his pocket.

Mr. Lucas is able to give no clue to the appearance or identity of his assailant. However, S. O. Aldridge, who has been working at the Wright Hotel, says he has twice encountered a suspicious character while on his rounds distributing papers. Once the man in question stopped him and asked him how much money he had, says Aldridge, and on learning that but a small amount of change was in his pocket, said something about it "not being worth while to hit him." Aldridge has given the authorities a description of the man.

FOOTBALL GAME SATURDAY.

Probably the only football game of the season in Bend will occur Saturday of this week on the athletic field. The contesting teams are those of the County High School and of the Bend High School. The local team is confident that it can play as good football as can the Prineville team. Game is called for 2 o'clock.

ORCHESTRA DANCE SATURDAY.

On Saturday night the Bend Orchestra will give a dedication dance in the new hall in the Sather building. This will mark the official opening of the hall, which is one of the most attractive in Central Oregon. With the excellent new floor and the high class music, the dance promises to be one of the best Bend has yet had.

FIRM OCCUPIES NEW QUARTERS

MANNHEIMERS IN MODERN HOME

Up-to-date Structure is Model and is Occupied on First Birthday of Tenants, Who Bank on Bend.

On Sunday the Mannheimer store moved into its new quarters, in the just-completed Coe-Hudson building, two doors south of their old location on Wall street. At the time of their move the firm is also making another change, in their name, which hereafter will be Mannheimer Brothers, instead of the Mannheimer Mercantile Co., as formerly.

The new building-occupied by the firm is the first of the several local new store quarters, rapidly nearing completion, to be occupied. It is not only as attractive and up-to-date a store room as Central Oregon boasts, but also in every way the new building can hold its own with the best store structures to be found in any city of the state.

The brick building has a frontage of 35 feet and is 70 feet deep. The front is handsomely finished with the finest plate glass show windows, marble facing and a concrete sidewalk in front. Large skylights give ample light and ventilation, while extensive windows in the rear add still further to the lightness of the large room, which is pleasantly finished in a light calcimine tint. The fixtures are metropolitan, and the absence of posts adds still further to the openness of the room.

Clarence and Claude Mannheimer, the proprietors, came here from Chicago just a year ago. They state that last month was the best they have had, and their satisfaction in the way of business is increasing, and their faith in the town, is indicated by the substantial manner in which they are branching out.

Sunday Special New York Ice Cream

HOT DRINKS AT THE FOUNTAIN.

Don't Forget Our HOME MADE CANDIES

Before You Let the Contract

for that new building, consider these facts about brick.

In building with all other material no allowance is made for doors, windows and other openings.

With brick you can make an allowance of 10 to 25 per cent.

With lumber 15 to 25 per cent is added for sizing, laps, etc. With brick it is unnecessary.

With all other material 5 to 10 per cent added for waste, such as cutting, fitting, knots, shakes, etc. With brick there is absolutely no waste.

When a building is finished, built with any other material, there is always a lot of waste to haul away.

With brick, if you have any left we will take them off your hands at the full price you paid for them.

There is a hundred other reasons why you should build with brick.
