

# THE BEND BULLETIN.

VOL. X.

BEND, OREGON, WEDNESDAY, NOVEMBER 20, 1912.

NO. 57.

## FREE PORTLAND WEEK IS OFFER

### RAILROAD AND HOTEL BILLS PAID

Some Girl or Woman Will Win Unique New Year's Gift, While Many Can Have Free Round Trip Railroad Tickets There.

What promises to be the most unique and popular contest ever attempted in this section of Oregon has been started by The Bulletin. The girl or woman who gets the largest number of new yearly subscriptions to The Bulletin between now and January 1 will receive as a New Year's present a free trip to Portland, where she may stay a week, with all her hotel expenses paid by The Bulletin. And in order that the interest in the contest may be even more general every contestant who gets 20 or more new yearly paid-in-advance subscribers will be presented with a free round trip ticket to Portland.

The winner of the grand prize will stay at the Hotel Howard, one of Portland's best and most modern hotels, which is delightfully situated and has proved particularly popular with Bend people. The management of the hotel has agreed to give the lucky girl or woman the best front room, with bath, the hotel has, and will make special effort to make the "free week" delightful in every way. The hotel has an excellent dining room and the bills there, as for the room, will be paid by The Bulletin.

The contest is open to any girl or woman in Crook county. There are no conditions or "strings"—simply the one who gets the most new subscribers gets the prize, and everyone who secures 20 or more new yearly subscribers gets the free round trip ticket.

All new subscriptions will be dated from January 1, 1913, so that subscribers who help the contestants will receive The Bulletin for an extra month or more, at the regular annual rate of \$1.50. Subscribers may live anywhere. A two-year new subscription will be counted in the contest as two subscriptions. It is expected that in addition to getting their friends hereabouts to subscribe many of the contestants will be able to secure subscriptions from folks back East, and from people who are interested in Central Oregon, as well as getting their friends here to send the paper to people elsewhere, thereby all helping to advertise Bend and the country.

The trips of the winners may be taken at any time in January. Everyone who is interested is advised to call at The Bulletin office at once and "get busy." It is believed that half a dozen women and girls who are willing to get out and hustle a little can get the free round trip tickets, while someone is certain of the big prize. New subscribers may have their subscriptions credited to any

contestant they wish. Applicants will be furnished with receipt books here, sample copies, etc. On Wednesday, January 1, the names of the winners will be published. The contest closes at noon on January 1.

## "PATRONIZE HOME MAIDS IN OREGON" MAY BE SLOGAN

### Bachelor Exodus in Search of Brides Elsewhere, Contrary to Adage, Said to Have Aroused Criticism.

Last week another Bend bachelor hid himself eastward and, report has it, will return ere long no longer a bachelor. Also, it is rumored, two more localities hitherto enrolled in the ranks of the singly blessed are soon to take unto themselves better halves. And during the last few months a handful of other Bend men have done likewise, so universal is becoming the epidemic.

The point is not that Dan Cupid is flourishing so well in this unequalled climate as that so many of the Benders are going elsewhere for their brides, totally and ignobly ignoring that prime trade adage, without which no community can be built up—"patronize home industries."

And therefore it is that a report has leaked out from the inner secret circles of Bend's exclusive bachelor-girls' club to the effect that recently that organization officially passed resolutions sternly and scorchingly condemning the mere men for their conduct in this grave matter. However that may be, with the "Made in Oregon" movement at its height, there seems reason to believe that shortly there will be added a new slogan, combining this and the one mentioned above, namely, "Patronize Home Maids in Oregon."

## DEATH OF JOSHUA BURROWES

### Funeral Conducted by Masonic Lodge Sunday Afternoon.

Joshua Burrowes died at his ranch home two miles east of Bend Friday evening at 5:30 o'clock.

He was about 65 years old and is survived by his wife. About four years ago he came here from North Dakota.

The funeral occurred Sunday afternoon, the deceased being buried with full Masonic honors, he having been prominent in the local lodge of Masons. Dr. Gorby was the officiating clergyman. Over a year ago Mr. Burrowes contracted gangrene in a toe, which was amputated. Later it was necessary to amputate the entire leg.

## BANCROFT WELL COMMENDED.

G. A. Charnack, formerly chairman of the lecture course committee on the Y. M. C. A. of Vancouver, B. C., has this to say of George Gilbert Bancroft, who is to appear here Nov. 29 under the auspices of the Ladies' Library Club: "All the lectures are eloquent, instructive and entertaining, but Dr. Bancroft's lecture on 'Hoodoos' is especially fine. When engaged in Y. M. C. A. work I have paid \$250 for lectures of the same class. These lectures have been a delight to all who have heard them."

## MEAT MARKET MODERN MODEL

### O'DONNELLS OPEN NEW STORE

Up-to-date Appliances and Attractive Appearance Places Shop in the Front Rank of Oregon Butcher Establishments.

On Saturday O'Donnell Bros. opened their new meat market in their just-completed quarters in the O'Donnell building. The official opening was a real occasion for Bend, not only because it marked the inauguration of what is undoubtedly as finely equipped a modern market as exists in the state, but also because it marked the completion of another fine brick building in Bend. Both building and market would hold their own in Portland or any other metropolitan city—which shows that Bend is "coming some."

The ladies of the Catholic church took a part in the market opening, holding a food sale throughout the day. To add to the attractiveness of the store Mr. O'Donnell had big bunches of carnations which were presented to the first-day customers and visitors of the fair sex.

The store has large plate glass windows, marble topped counters, a display show case chilled with piped brine, in which is displayed choice meat products. One of the features is the system of tracks for meat, upon which it can be run out into the store room to and from the refrigerator rooms upon a miniature railroad that has switches and a track scales with which the meat may be weighed while upon the tracks.

A clever mechanical ham and bacon slicing machine is another device in the shop, while another is the latest thing in scales where an electric light shows when the meat is being weighed.

The big refrigerator room is cooled by the brine system, and the temperature there is kept at 2 degrees.

## CROP REPORT PROMISING

### Agricultural Yields in All Directions Are Phenomenal.

The government crop report for October surpasses all expectations. The corn crop yield, according to present estimates, will be over three billion bushels—the largest crop in our history except in 1910. Spring wheat shows similar improvement and the total wheat crop for the year now promises to reach 720,000,000 bushels, or about 100,000,000 in excess of last year's crop. The crop of oats will break all records. In view of the setback in the spring, the wheat yield has been wonderful. The past month's gain for all these crops will place the business upon a still stronger basis.

## BEND WOMEN FIRST AT POLLS

### SUFFRAGE AMENDMENT APPLIES HERE

City Election on December Third Will Be First in Oregon at Which Women May Vote—Will They Turn Out? is Question.

Women may vote in the local city election on December 3. To Bend women will fall the distinction of first exercising in Oregon the rights of their recently acquired suffrage, for the election here will be the first in the state under the provisions of the new law.

Bend, then, will have a hand in Oregon history on the 3d, and the example set by Bend women will be watched closely by their sisters—suffragists and anti—throughout Oregon, and especially as regards the interest they take in their ballot-casting right and duty.

Official confirmation of the fact that Bend women will have the vote here is contained in the following letter, received by Mayor Patnam from Attorney General A. M. Crawford:

Replying to yours of the 12th instant, asking whether women of your city have the right to vote at your city election which occurs on December 3d, and also asking for the procedure relative to the final granting of suffrage to women of the state, I beg to say that according to the decision of Judge Bean of the Federal Court, about a year ago, an initiative measure takes effect and is in full force and effect from the moment the polls are closed on election day. The proclamation of the Governor is simply the means of presenting the evidence that the measure passed. Therefore, women may just as much right to vote as men in any city, State or county election, and have had such right since the 5th day of November.

The method of procedure for women to vote is exactly the mode of procedure for men to vote.

### May Serve on Jury.

Under the amendment a woman will be able to serve on a jury, and will be eligible for any state, county or city office. Hereafter it will probably be necessary for a woman, as well as her husband, to take out naturalization papers before voting, if she be a naturalized foreigner. The only requirements are those governing male voters, namely, that she has been a resident of the state six months and in the district thirty days.

Regarding the several "ages" of the newly enfranchised woman, the following data is applicable:

At the age of 18 years woman is able, legally, to draw up her will, or marry of her own free choice; at the age of 15 she may marry with her

parent's permission, and after that, if married, she is exempt from any misdemeanor under the juvenile act. Now, with the right to vote, she is not legally of age to mark a ballot until she has passed 21 summers.

## OWL PHARMACY OPENS

New Store is Located in First National Bank Building.

The Owl Pharmacy, which was burned out in the fire of July 3, was reopened yesterday by Ralph Poindexter, the proprietor. The pharmacy is located in the new First National Bank building, with entrance on Bond street. Everything is new, and the store is one of the best pill shops to be found in this part of the state. W. L. Wing will assist Mr. Poindexter in the store.

## PROFESSIONAL MEN MOVE

Bend Dentist Has Exceptionally Fine Modern Office Equipment.

Last week more "moves" have been made by local men, this time especially in the ranks of the professional men. Dr. F. H. Thompson, the physician, has moved into an office in the Sather building. Drs. H. Ferrell and W. W. Faulkner have occupied their joint offices in the O'Donnell building, where Dr. Faulkner has the finest dentist's equipment in Central Oregon, his quarters being fitted with modern appliances. Among these are included an electric engine and lathe and a fountain cuspidor.

Other "moves" are due soon. Dr. Coe will get into his new office in the new First National Bank building soon, into which the forestry offices, Forbes, Lattin and the Bend Park Co. have already moved.

## ENDEAVOR CONVENTION

County Societies to Meet in Prineville Next Month.

PRINEVILLE, Nov. 18.—The Christian Endeavor societies of the county are planning to have a rousing county convention here December 14 and 15. Prineville wishes an opportunity to show her hospitality upon this occasion and urges every society to send as many delegates as possible.

It is expected that State President Baker, District Superintendent Sprague and H. H. Rottman, the newly appointed field secretary of the Northwest United States and Western Canada, will be at the convention.

## LECTURE IS FIRST CLASS.

The Ladies' Library Club has secured Dr. George Gilbert Bancroft for a lecture on Friday evening, Nov. 29, at 8:30 at the Methodist church. The ladies feel very fortunate in being able to offer the people of Bend and vicinity an attraction of such merit. Dr. Bancroft is a high priced man and the ladies are very anxious to at least sell 125 tickets to make expenses. They guarantee the public a lecture as good as can be heard in any city.

## GUN CLUB MEETING.

The organization of a gun club at Bend has been receiving the attention of some of the local sportsmen recently and they appear to be enthusiastic sufficient to warrant the formation of such. A meeting to which all persons interested are invited has been called to be held at the Skuse hardware store tomorrow (Thursday) evening at 8 o'clock.

## PROSPERITY IS SURE--ROGERS

### BELIEVES DEMOCRACY NO DRAWBACK

Big Lumberman Says Defeat of Single Tax Will Be of Local Benefit—Warns Against Excessive Land Values in Oregon.

"Will the country in general, and Central Oregon in particular, prosper during the next few years? Is the outlook promising? Will a Democratic administration affect prosperity?"

These, in effect, are the questions The Bulletin has asked a number of leading men throughout the country, who are interested here in one way or another.

The following is the reply of A. R. Rogers of Minneapolis. Mr. Rogers is the head of the Rogers Lumber Co., which owns scores of lumber yards throughout the United States and Canada, and which controls enormous pine timber holdings near Bend. Few men in the country are better qualified to pass judgment upon the trend of national business and prosperity.

I am very happy to comply with your wishes as expressed in your letter of the 7th and give my views as to what this election may mean to the business men of the country.

In the first place, I do not believe that simply because the country has seen fit to honor Governor Wilson with election to the post of President of the United States, it in any way indicates that we are headed toward hard times just because of a Democratic administration.

I believe that Governor Wilson is one of the big men of the time and that he will appreciate the responsibility of his position and undertake nothing which in his judgment and in the judgment of his advisers will be to the disadvantage of the country as a whole. I believe also that they will handle the tariff question with care so that it will not disturb the business interests, and that their handling of other questions will be sound and sane.

The fact of Governor Wilson's being elected by such an overwhelming vote is evidence that the people have confidence in his administration. The country at the present time is in an exceedingly prosperous condition. Bountiful crops, plenty of work and factories running full force insures for another twelve months a continuation of this prosperity, barring some political upheaval. Should Providence favor us with continued good crops for a period of years, I can see nothing to interfere with continued prosperity under Democratic or Republican administration.

## The Deschutes Banking & Trust Company of Bend, Oregon

### Small Accounts Encouraged.

One need not have a large account with this bank in order to enjoy the privileges it confers. Believing that banking co-operation tends to develop the resources of the small depositor, it is the policy of this bank to give appreciative attention to all who bring their business here regardless of the size of their transactions. ...Your account is invited.

## The First National Bank OF BEND, BEND, OREGON

Dr. U. C. COE, President S. A. SATHER, Vice President  
O. B. HUDSON, Cashier  
Capital fully paid \$25,000  
Stockholders' liability \$25,000  
Surplus \$5,000

Our beautiful new banking home is nearly completed. When we move we shall be better prepared in every way to handle your business, and render you more satisfactory service.

In the meantime come and see us in the old location. We have occupied this building since March 20th, 1909, the day we opened for business. We then had 172 accounts and \$18,000 deposits. During this three years and a half we have increased the number of accounts to nearly 1100, and our deposits to nearly \$250,000.

It has been our privilege to assist in nearly every movement inaugurated for the betterment and upbuilding of Bend and tributary territory.

We hope in the future to be able to do still more for the town and country from which we derive our business. Real service to a community gains lasting prestige.
