WHY I Buy at Home

"Because this is the place where I make money and this is the place to spend it. "Because my interests are here. "Because I believe in transacting business with friends. "Because the community that is good enough for me to live in is good enough to buy in. "Because I want to see the goods. "Because I want to get what I pay for. "Because every dollar I spend at home stays at home and works for the development of the city. "Because I sell what I produce here at home. "Because the man I buy from pays his part of the city and county taxes. "Because the man I buy from helps support my school, my church, my lodge and my home.
