

# AGRICULTURAL GAIN IS TOPIC

## FRUIT, NOT GRAIN, IS TOPIC

"Agricultural Conference" at Portland Ignored Central Oregon, Says D. E. Hunter—Speakers Want Agricultural Bill to Benefit.

Portland is busy laying plans for the agricultural development of the state," said D. E. Hunter, who returned from that city Sunday night, in speaking of the "agricultural conference" at the Commercial Club, which he attended. The interest in the metropolis is taking in state-wide development was commended by him but Mr. Hunter expressed surprise that cheap lands and grain-raising received practically no attention.

"There was about five hours of talk," continued Mr. Hunter, "and most of it mighty good, too. Only they confined themselves to fruit, string beans, prunes and the other products that grow in the Willamette valley. With the exception of T. B. Wilcox, who urged that more attention be paid to wheat and less to those things which, he declared, already overdone, one would never have guessed that Oregon extended east of the Cascade mountain."

The purpose of the meeting was to devise ways and means of taking advantage of the recently enacted agricultural extension bill, which provides that the benefits of the agricultural college may be taken to the farms, instead of the farmers being obliged to go to the college. Mr. Hunter characterized the remarks of C. L. Smith, agricultural expert of the O.-W. R. N. Co., as the most valuable of the session.

Sawhill Sends Telegram. The following telegram was received from J. E. Sawhill, secretary of the Central Oregon Development League, from Bend:

"I regret exceedingly my inability to attend the extension conference today. I am to explain the provisions of the bill to about 200 farmers in Laidlaw tonight. Farmers of Central Oregon are a unit in demanding the benefits of the bill to be made available upon their own initiative. They are circulating petitions requesting the County Court to appropriate necessary funds and the Agricultural College to furnish men."

### CHURCH NOTICES

#### Methodist Episcopal.

#### BIG SURPRISE TO MANY IN BEND

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, the German appendicitis remedy. The Patterson Drug Co. states that this simple remedy antiseptizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. ### FREMONT

FREMONT, March 17.—Mr. and Mrs. A. S. Hawk have gone to Portland for two or three weeks.

A surprise party was given at the home of Mr. and Mrs. McCallum in honor of Mr. and Mrs. Callahan and Mr. and Mrs. Oak Beeler last week.

Fremont looked like a city last Sunday when so many homesteaders were camped here.

People are coming fast from the East, but there is nothing left in the way of homesteads around Fremont or Fort Rock, and they are going farther east.

A. J. Foster, county assessor, was here several days recently.

J. B. Fox is the dentist of Fremont nowadays since he extracted for E. F. Pearce a tooth which has been the cause of Mr. Pearce's troubles for some time.

Mrs. Alice Beeler took her son Oak and family out to Bend last Monday and returned home Thursday.

List your farm and city property with me. I will make an honest effort to sell it. C. V. SILVIS—Adv.

### Only Half an Hour from Town

MODERN business men and farmers have ceased to measure distances by miles. Minutes serve instead. "We are just half an hour from town," says a farmer who lives seven miles out and owns an International car. "I went to town today, starting half an hour after my neighbor went by my gate with his team, and I passed him just where the main street paving begins. We visit every friend within thirty miles, hear lectures, see entertainments, have a better time in every way since I bought an

### International Commercial Car

An Ohio business man says "When I am using my International Commercial Car the expense is about the same as with a team, but when it is not in use it is not eating, and, therefore, costs nothing. After a year's experience, I find the repair bills to be no more than the bills for shoeing, harness repairs, wagon repairs, painting, etc., and there is the added advantage of getting around three times as fast."

When you own an International Commercial Car you make the trips you used to neglect because you did not want to take the horses from their work. It can be used in all seasons when the road is passable to horses. The wheels are high enough to give ample road clearance. Solid tires give good traction and eliminate many tire troubles. The engine is simple and powerful. It will pay you in many ways to know all about the International Commercial Car. A letter brings full particulars with many interesting facts and figures.

International Harvester Company of America  
Portland Ore.
